

The background consists of several concentric, rounded square frames. The outermost frame is a vibrant green, followed by a slightly lighter green, then a pale yellow-green, and finally a very light cream color in the center. A large, irregular white blob is positioned in the lower-left quadrant of the central cream area. A white rectangular box is centered in the upper half of the image, containing the title and date.

# 100 random blobs

April the 13th, 2016 — Vasilis van Gemert

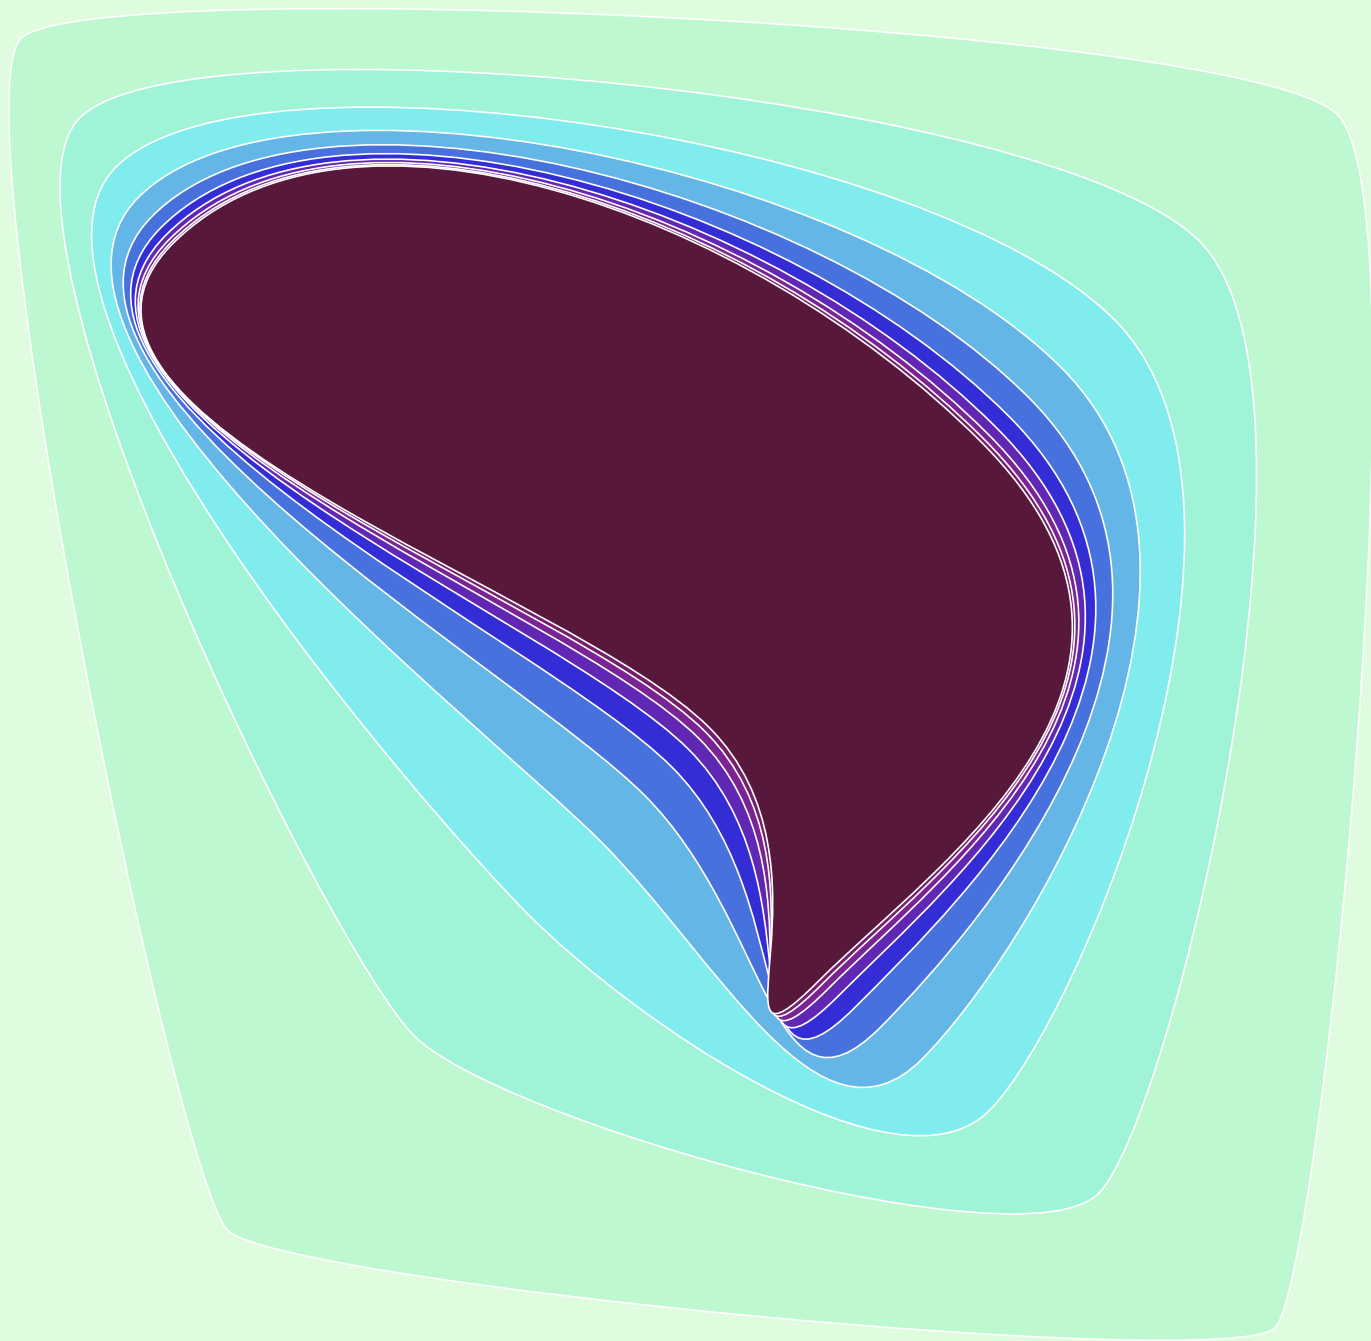

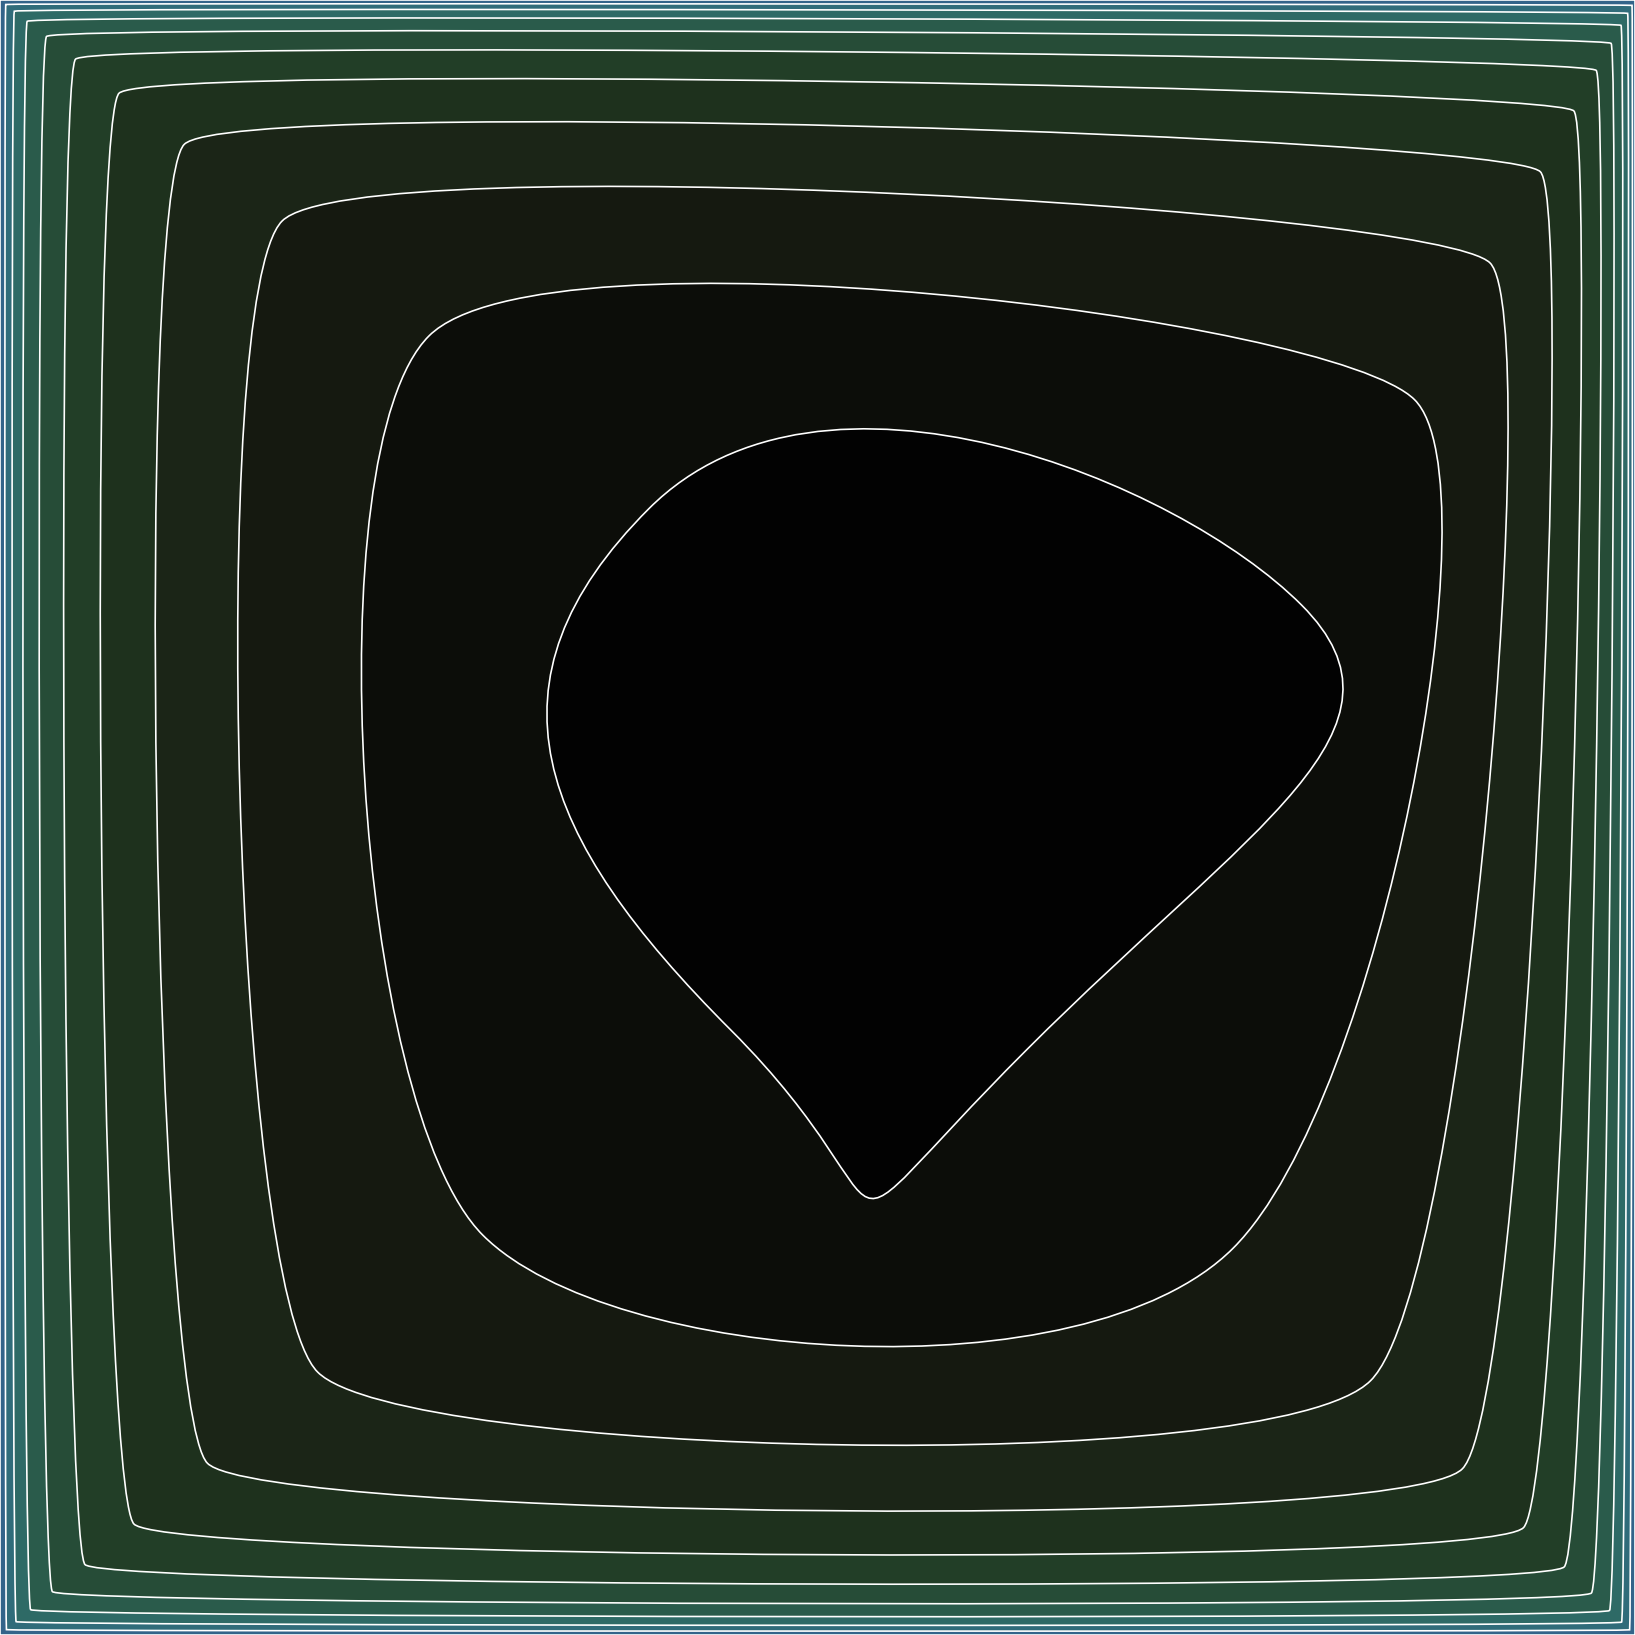

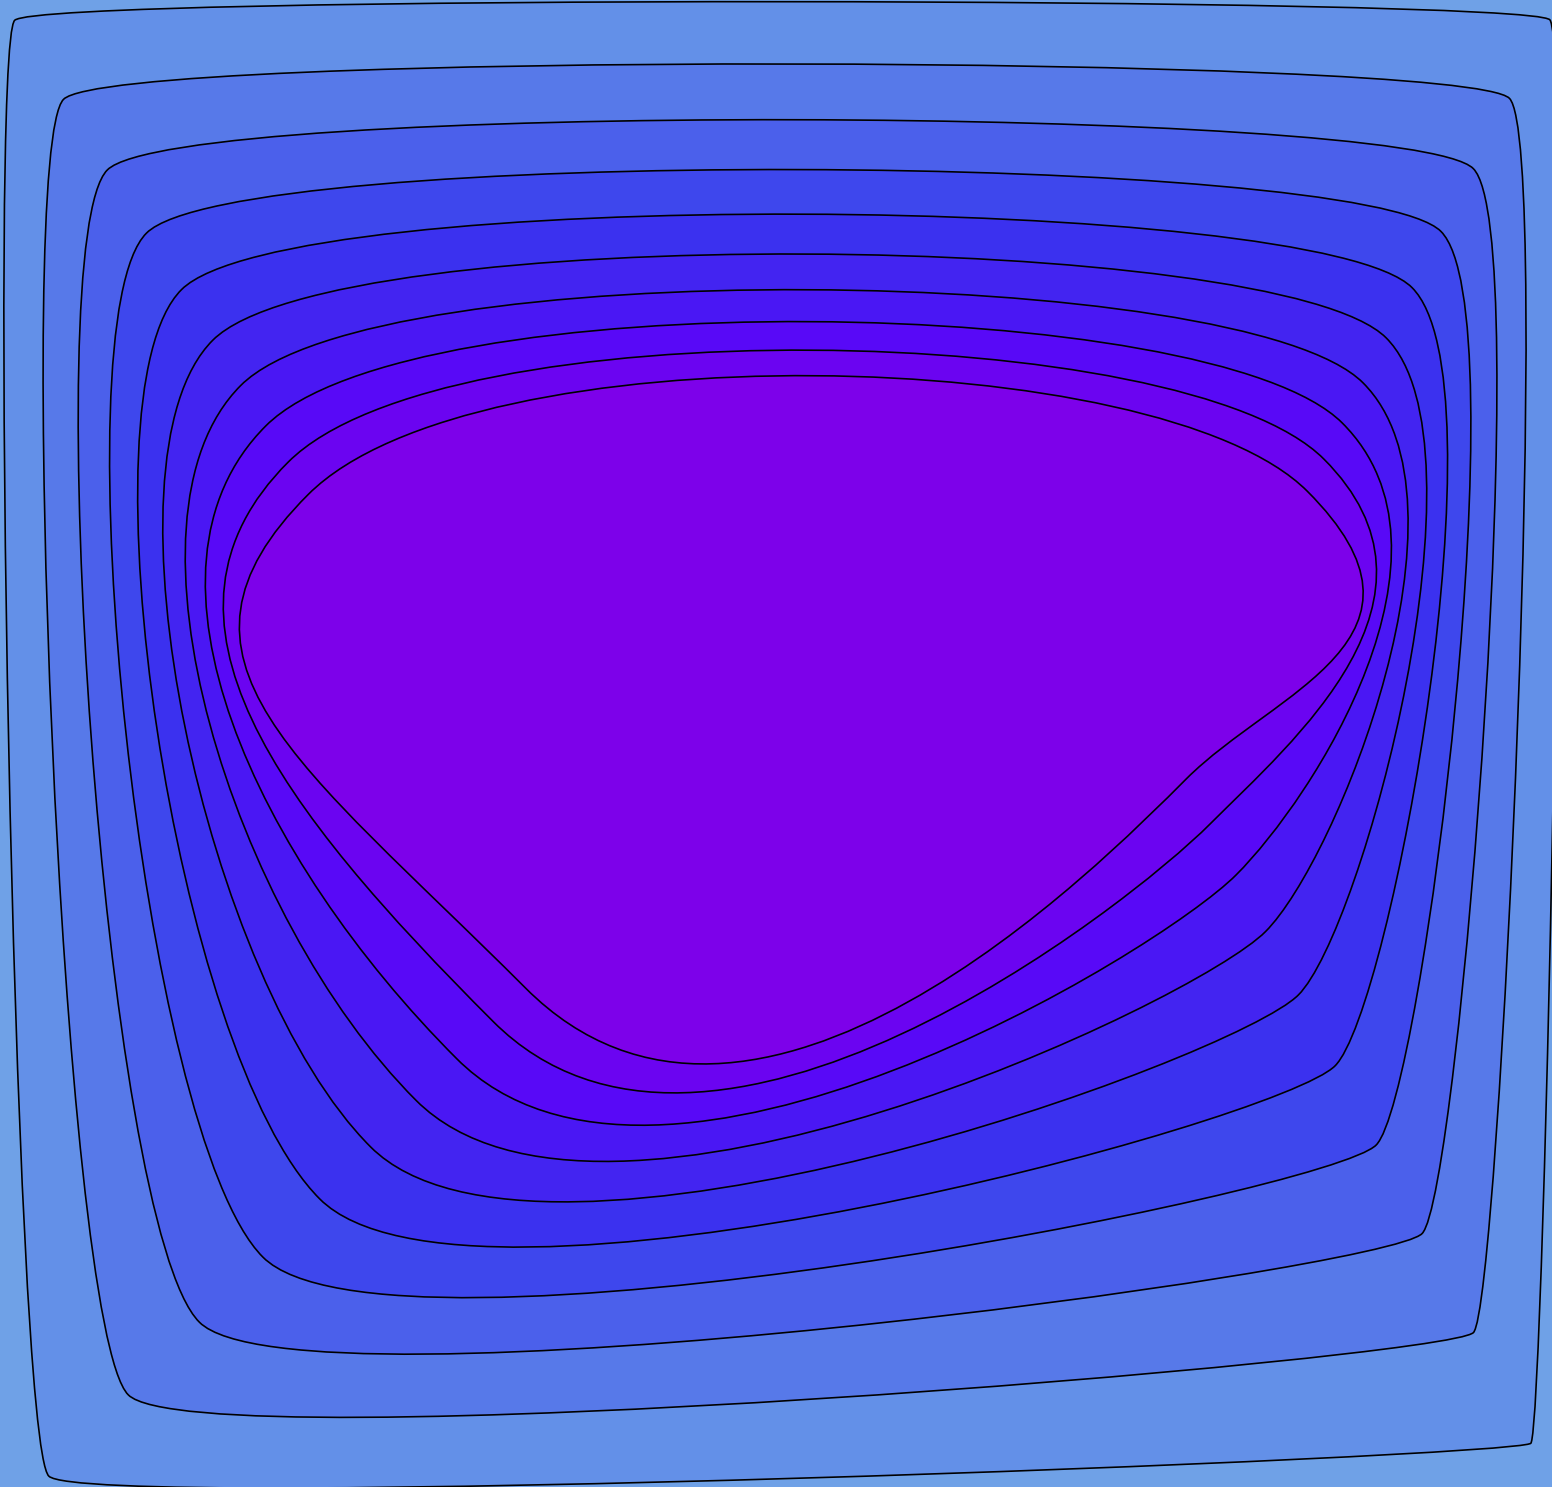

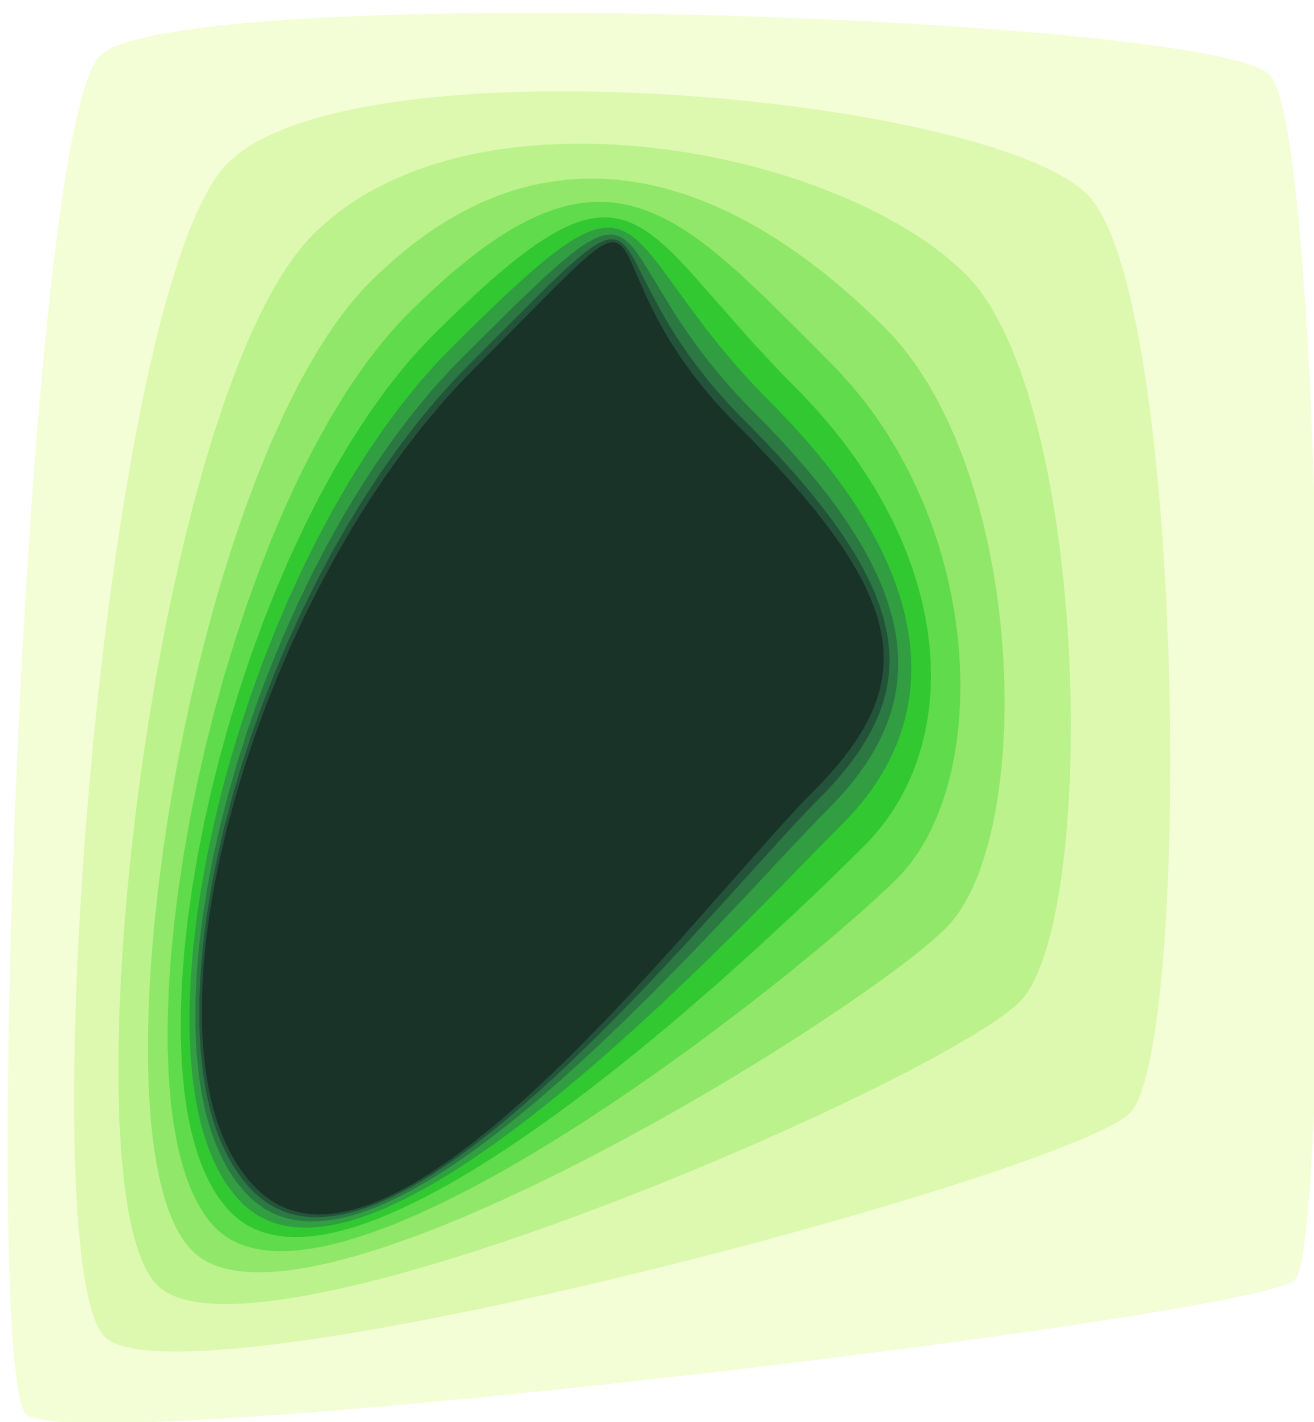

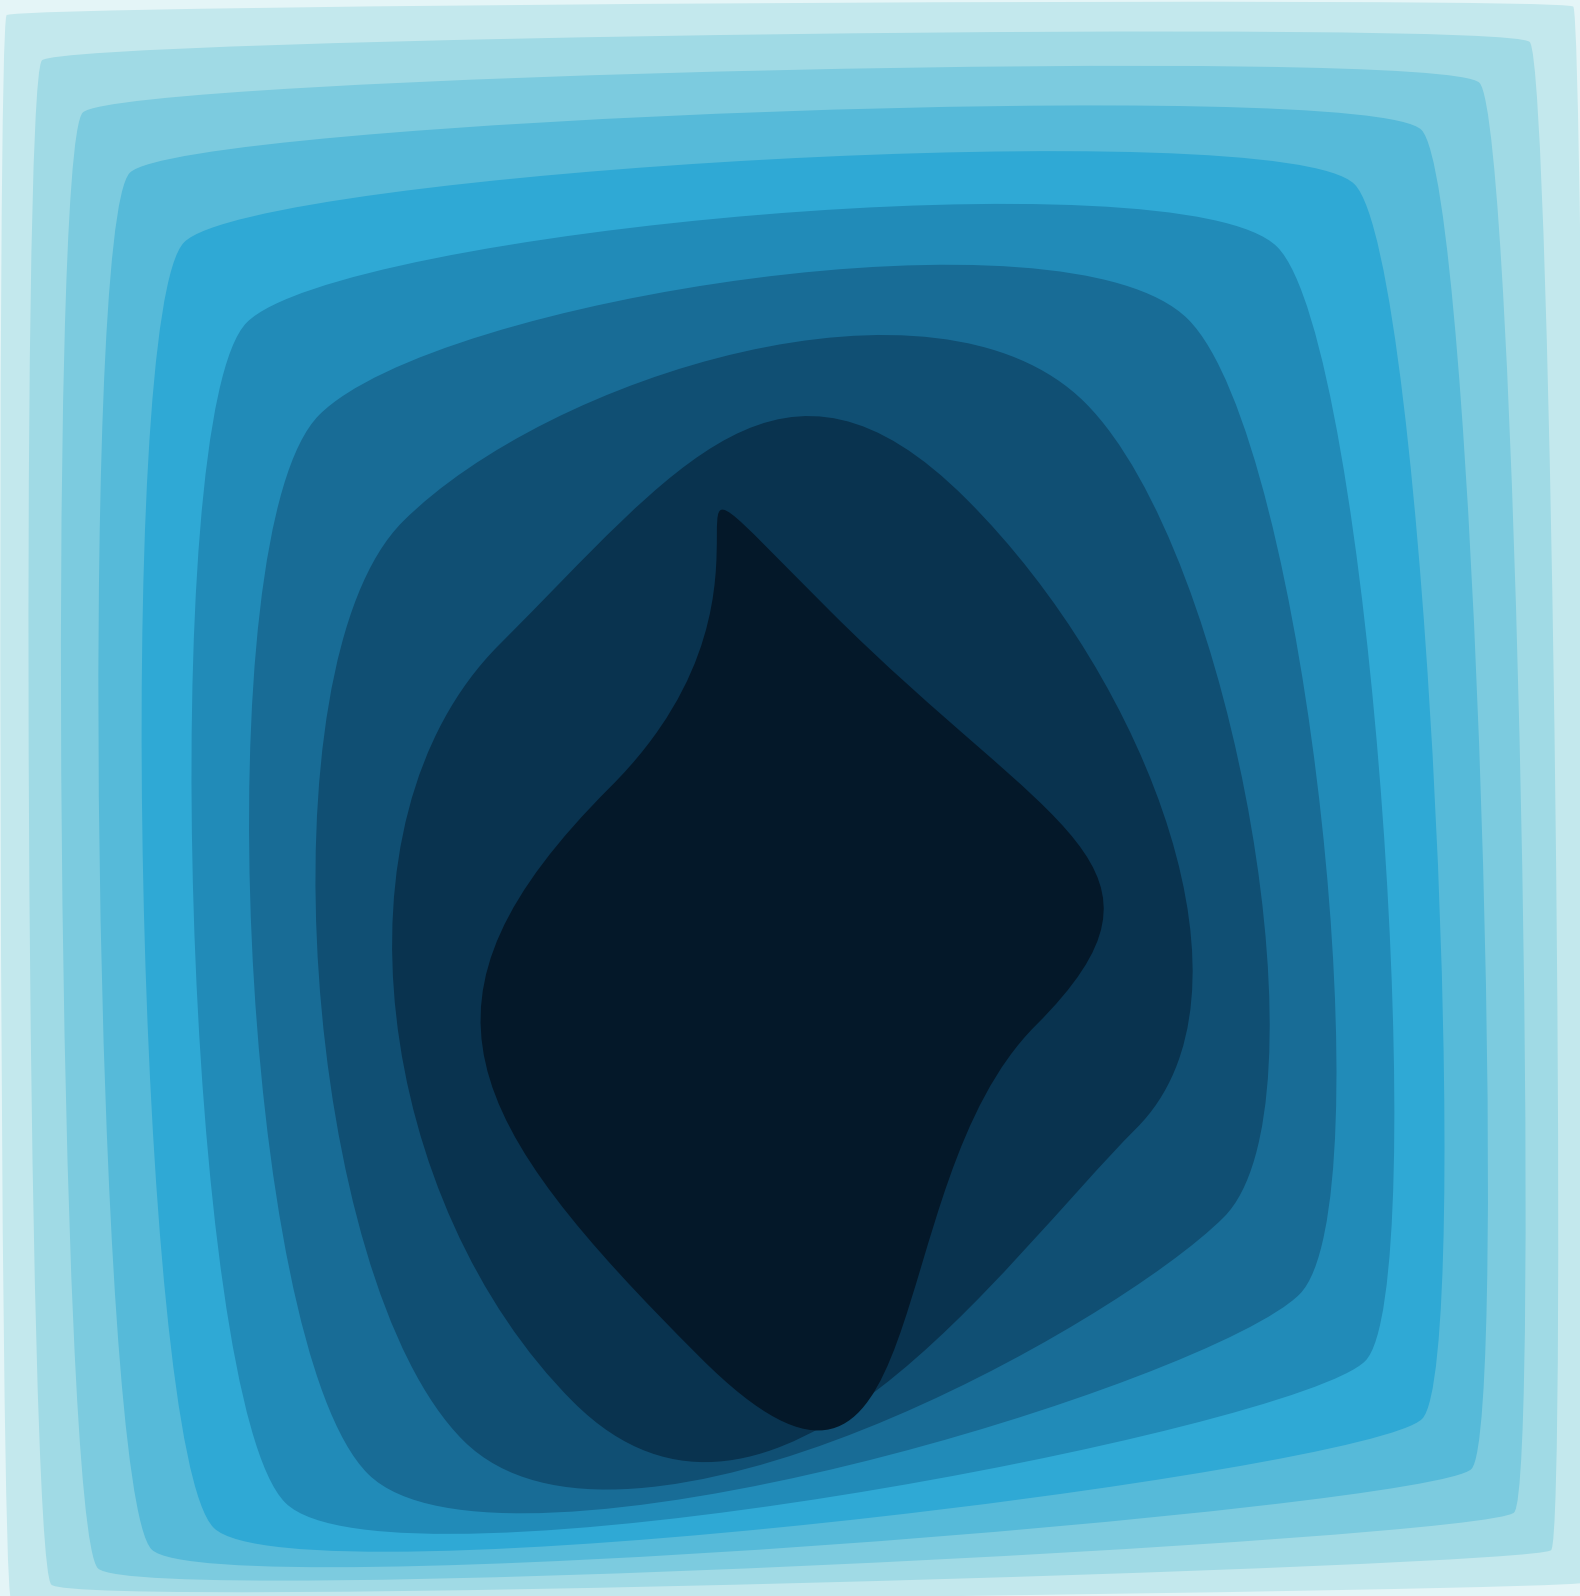

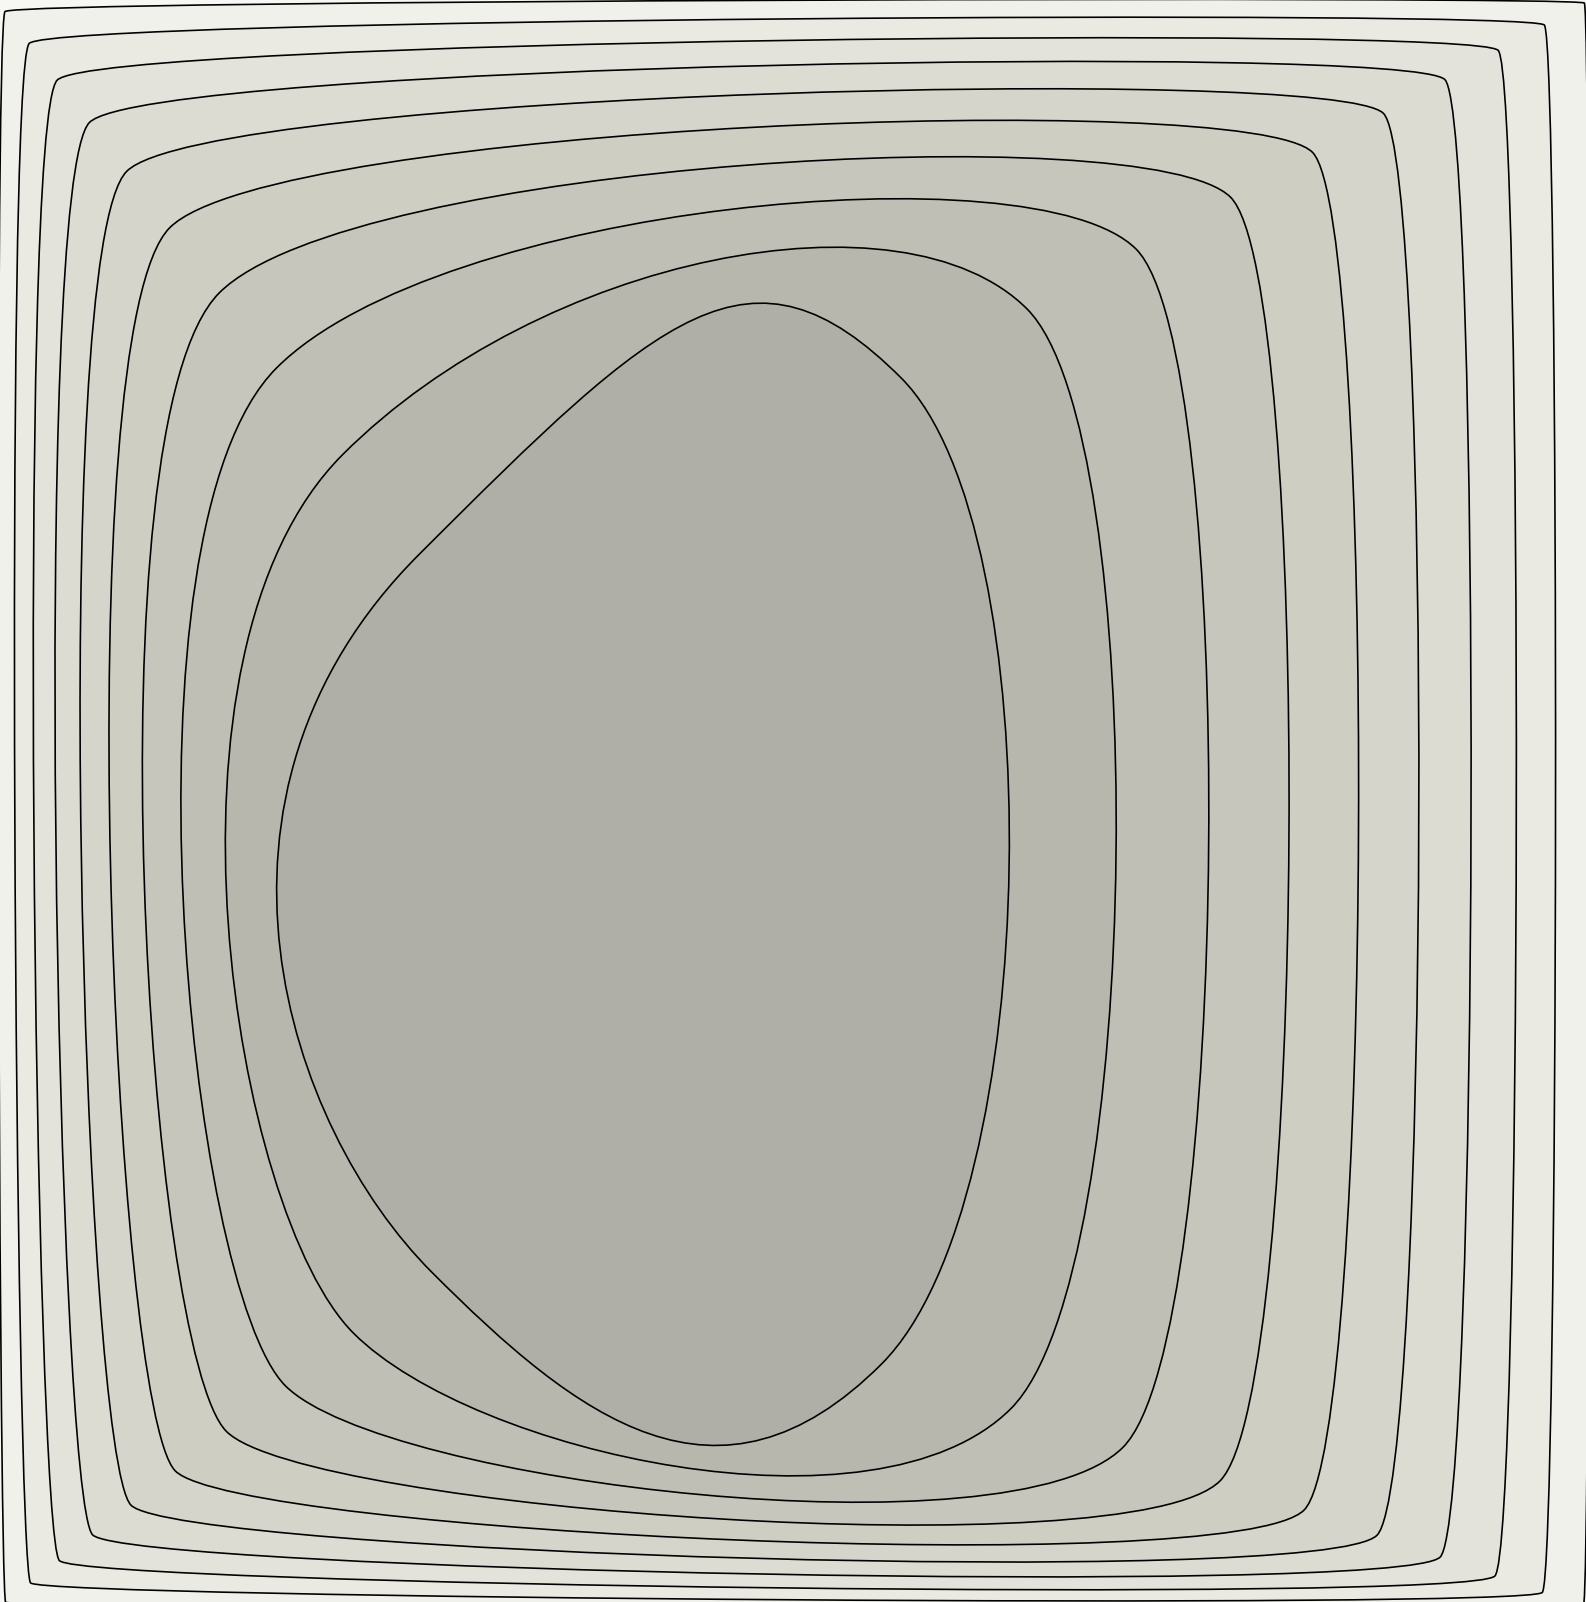

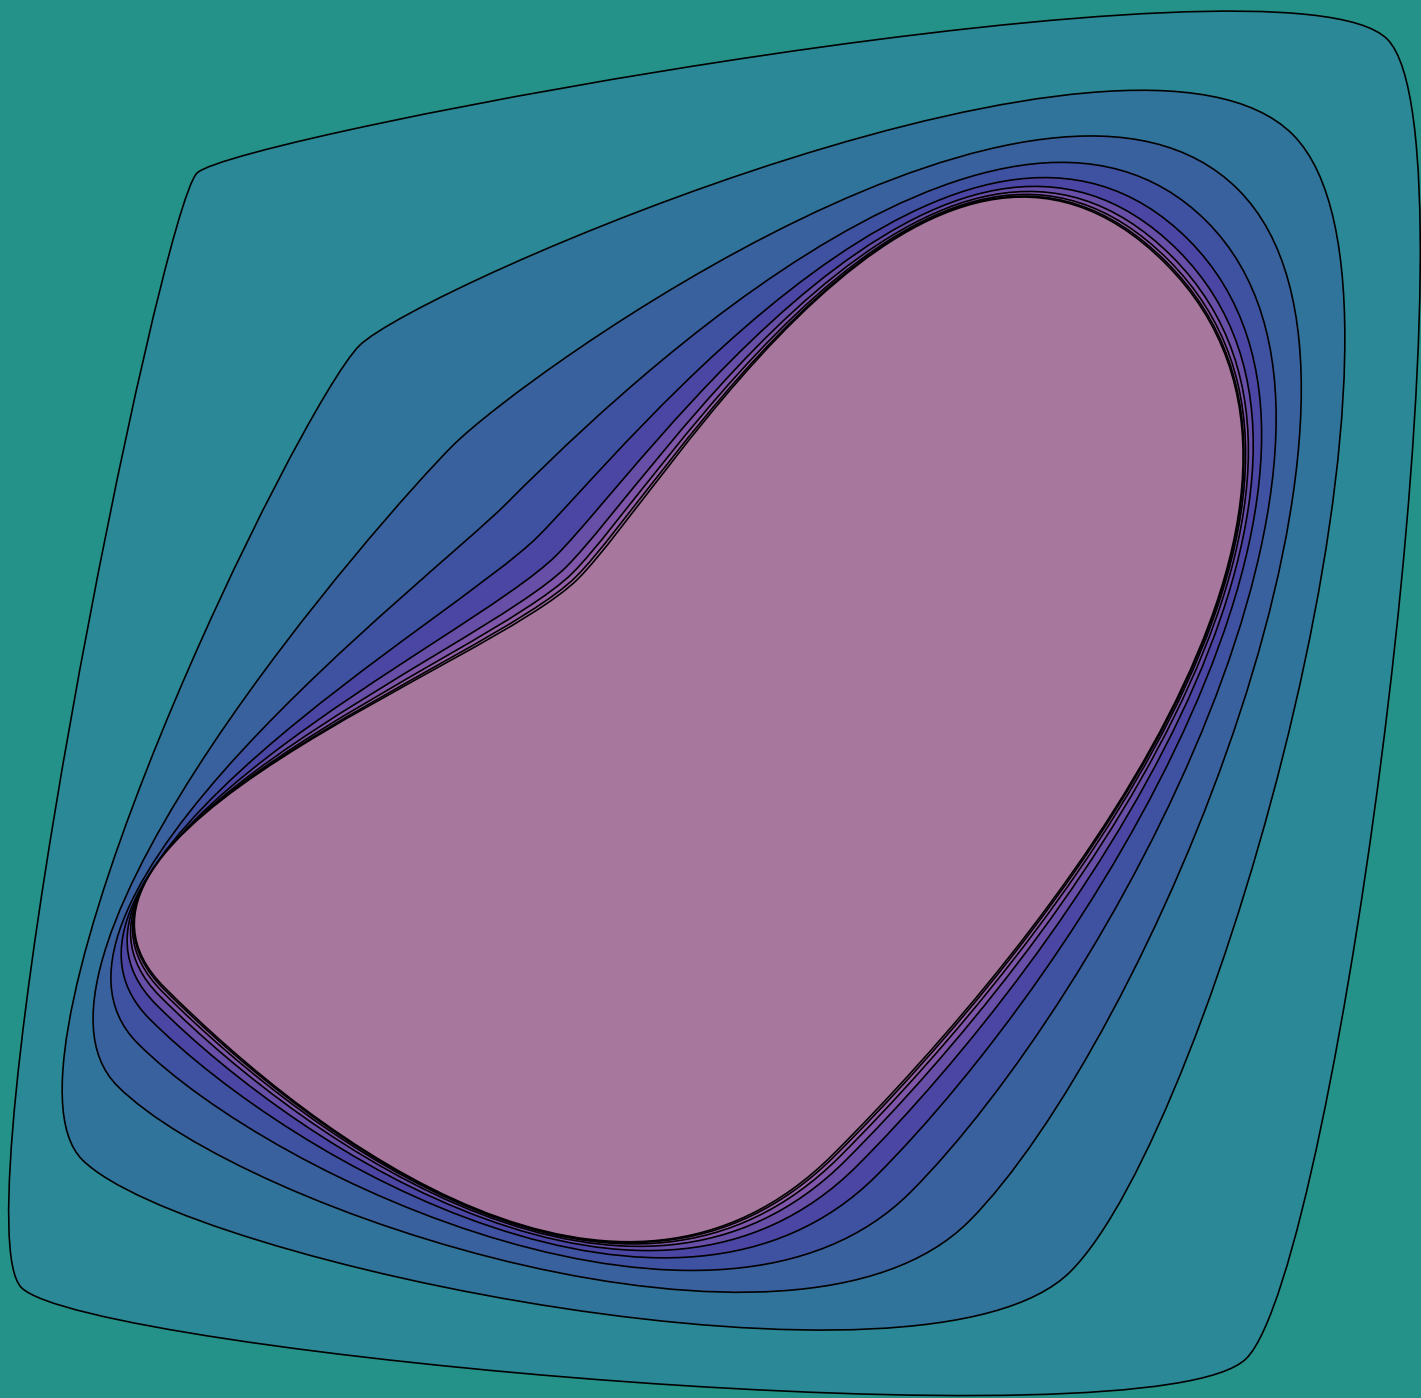

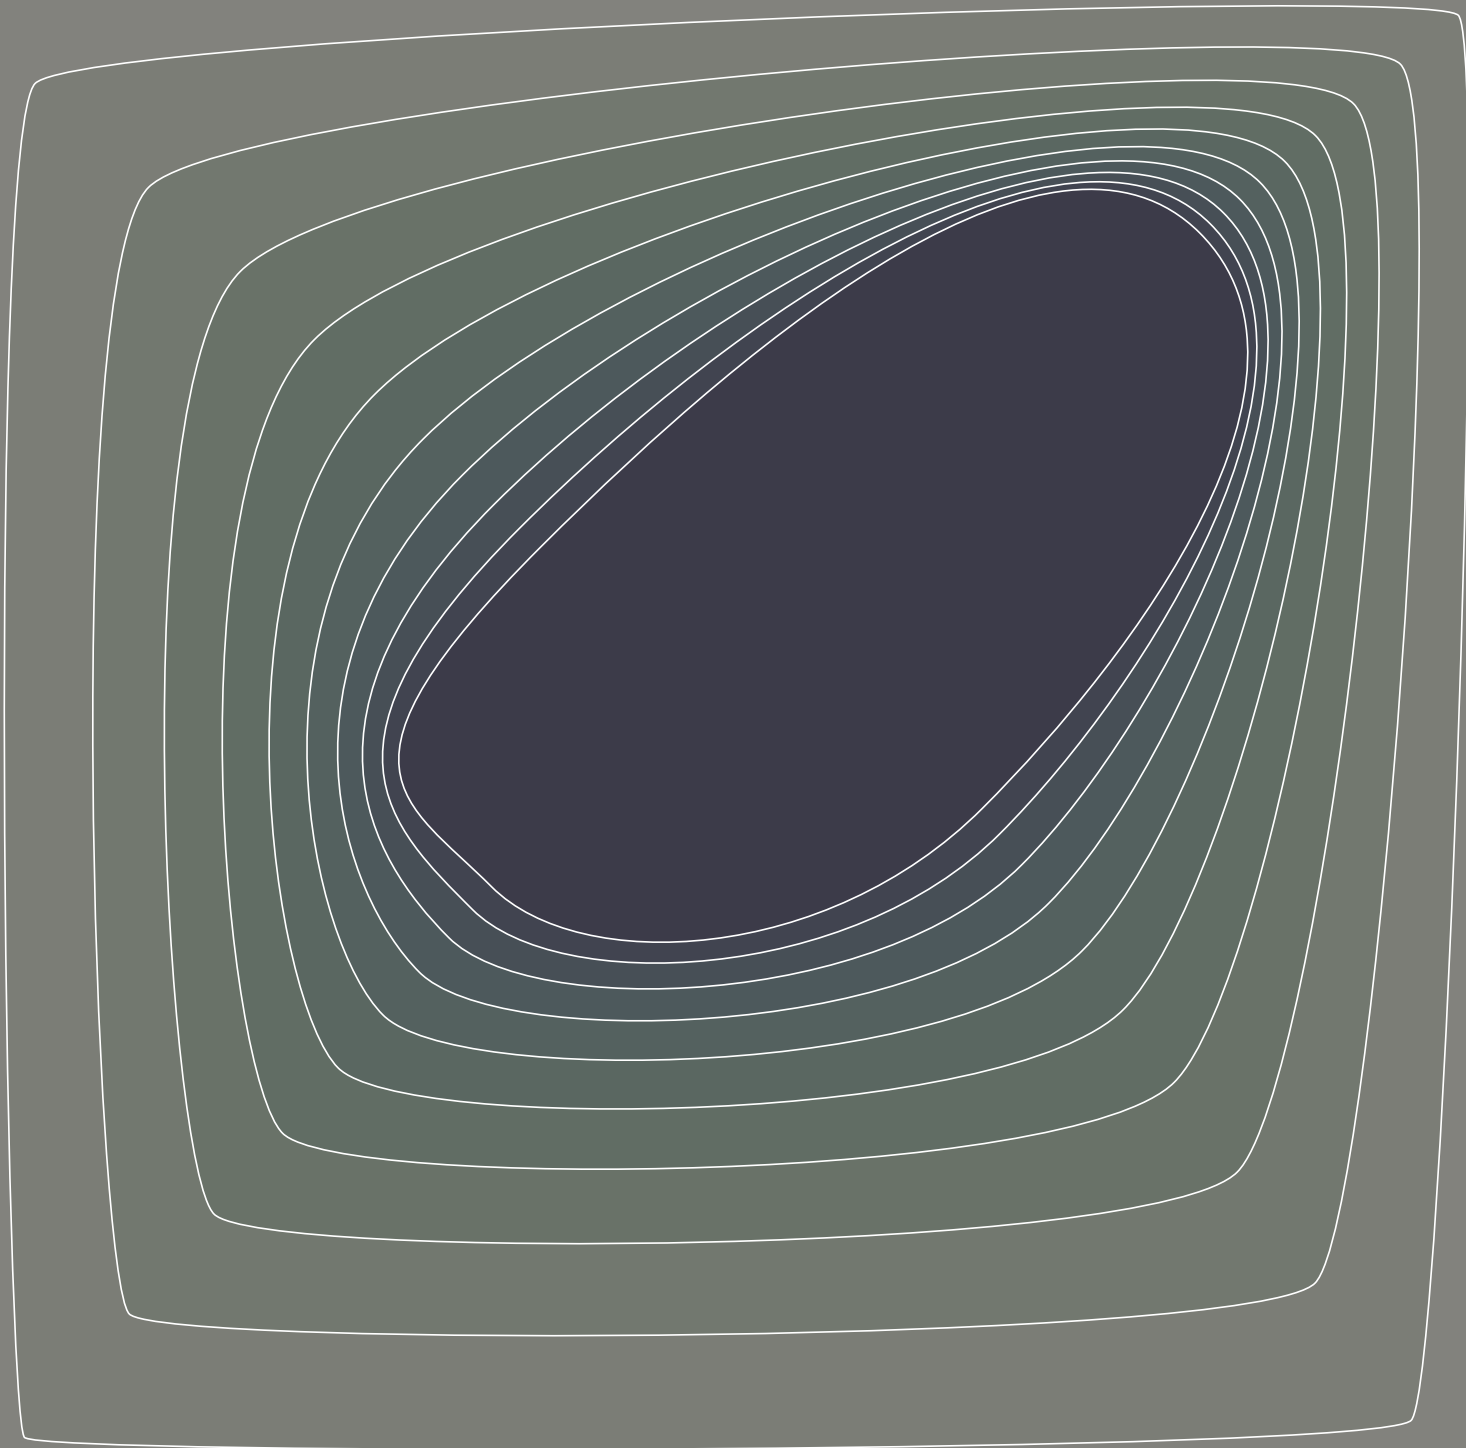

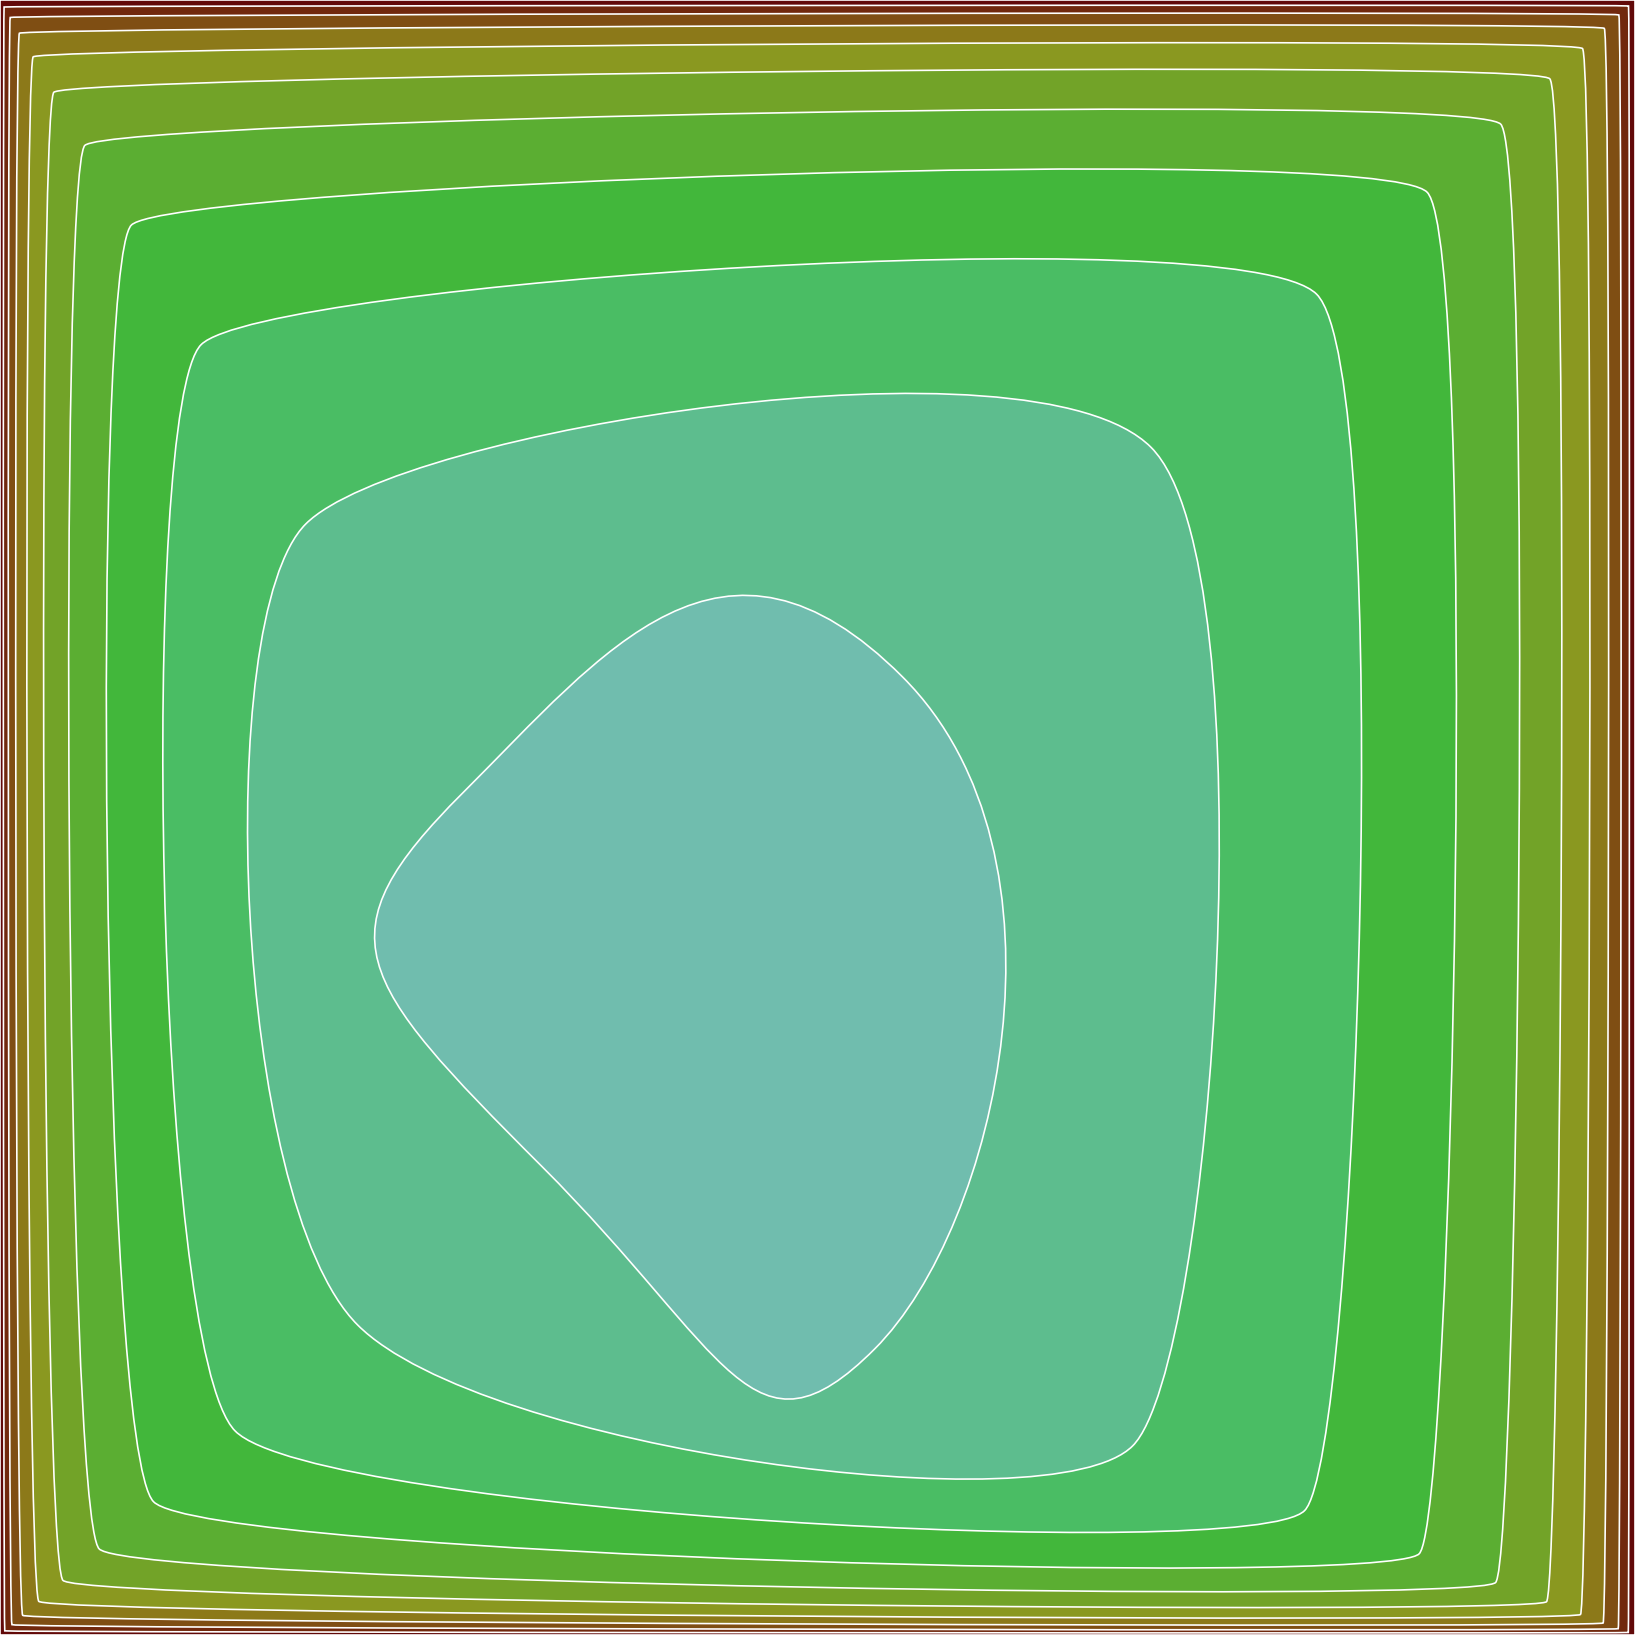

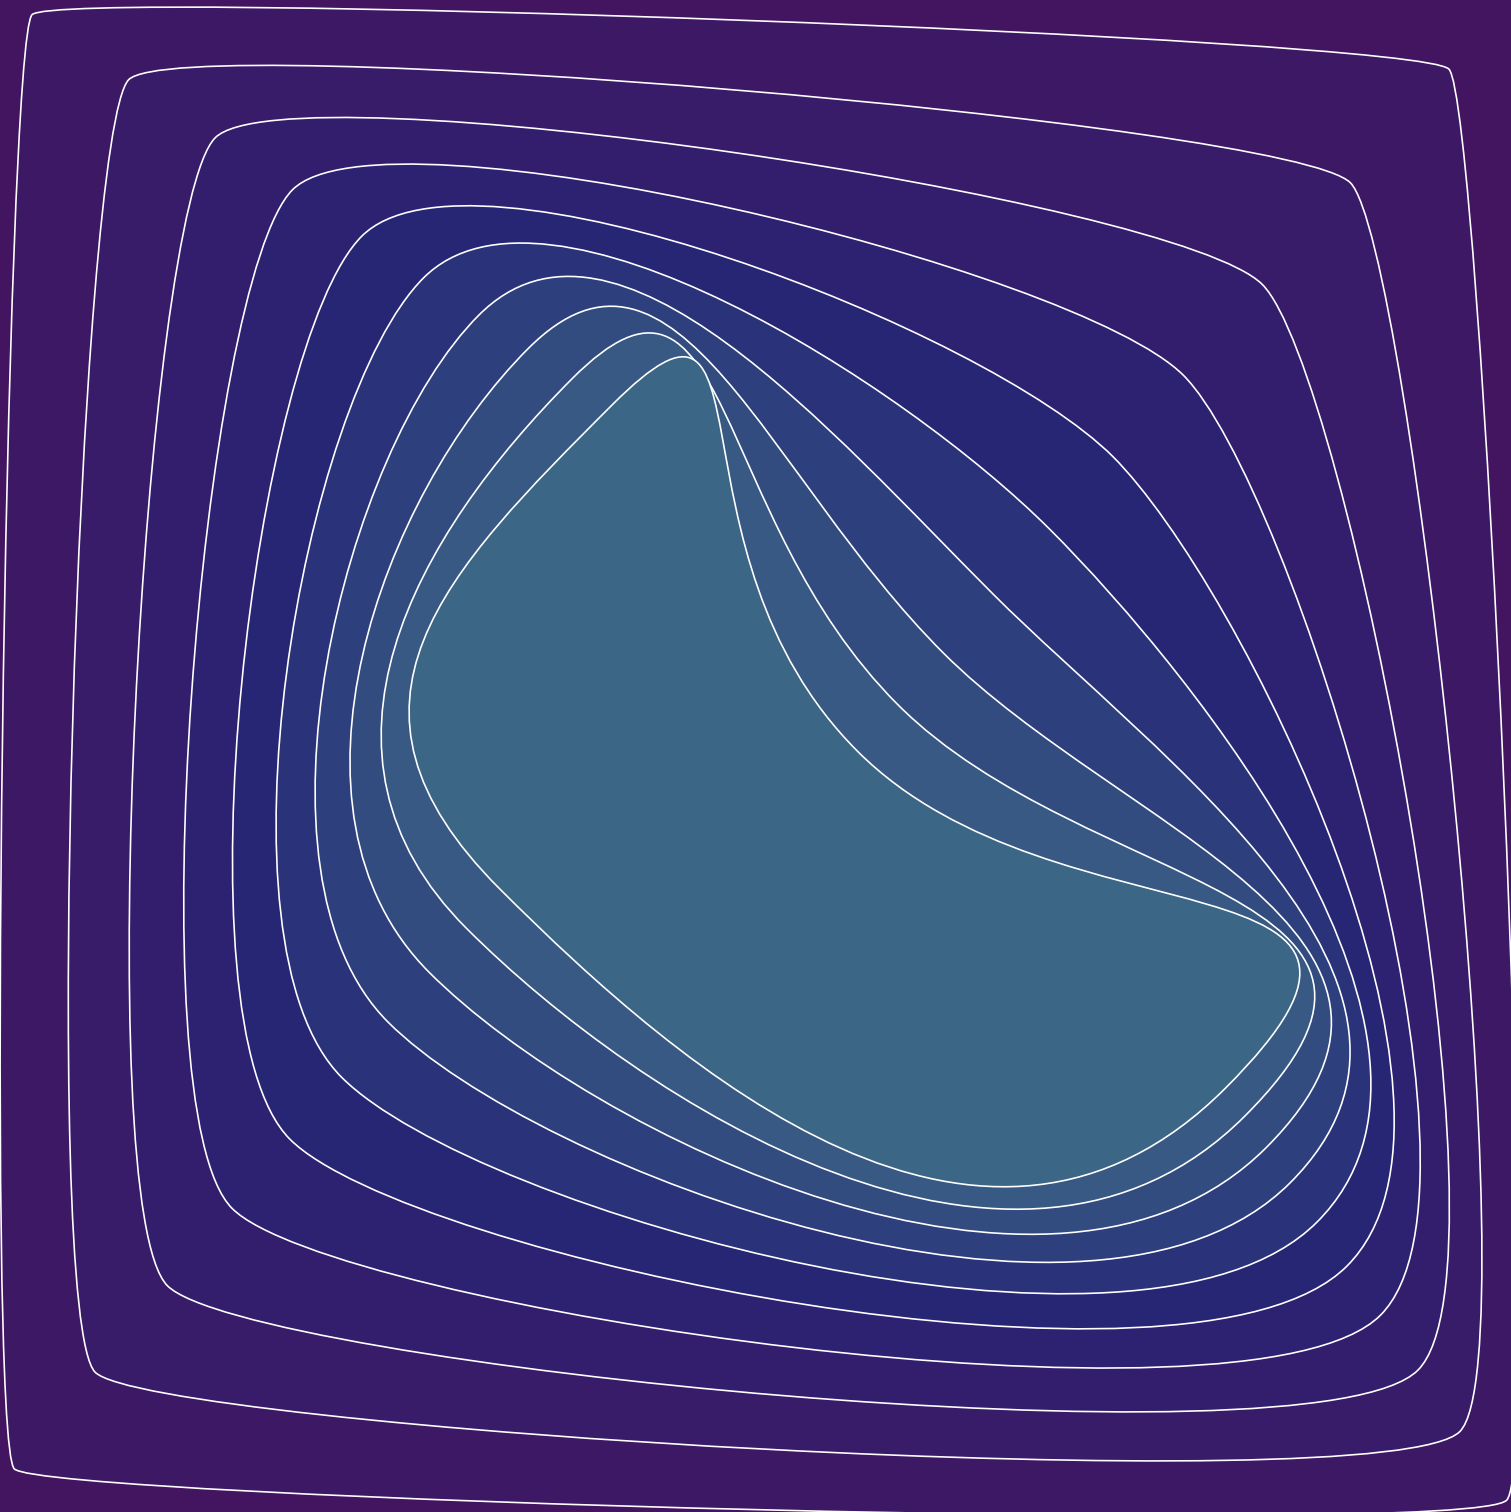

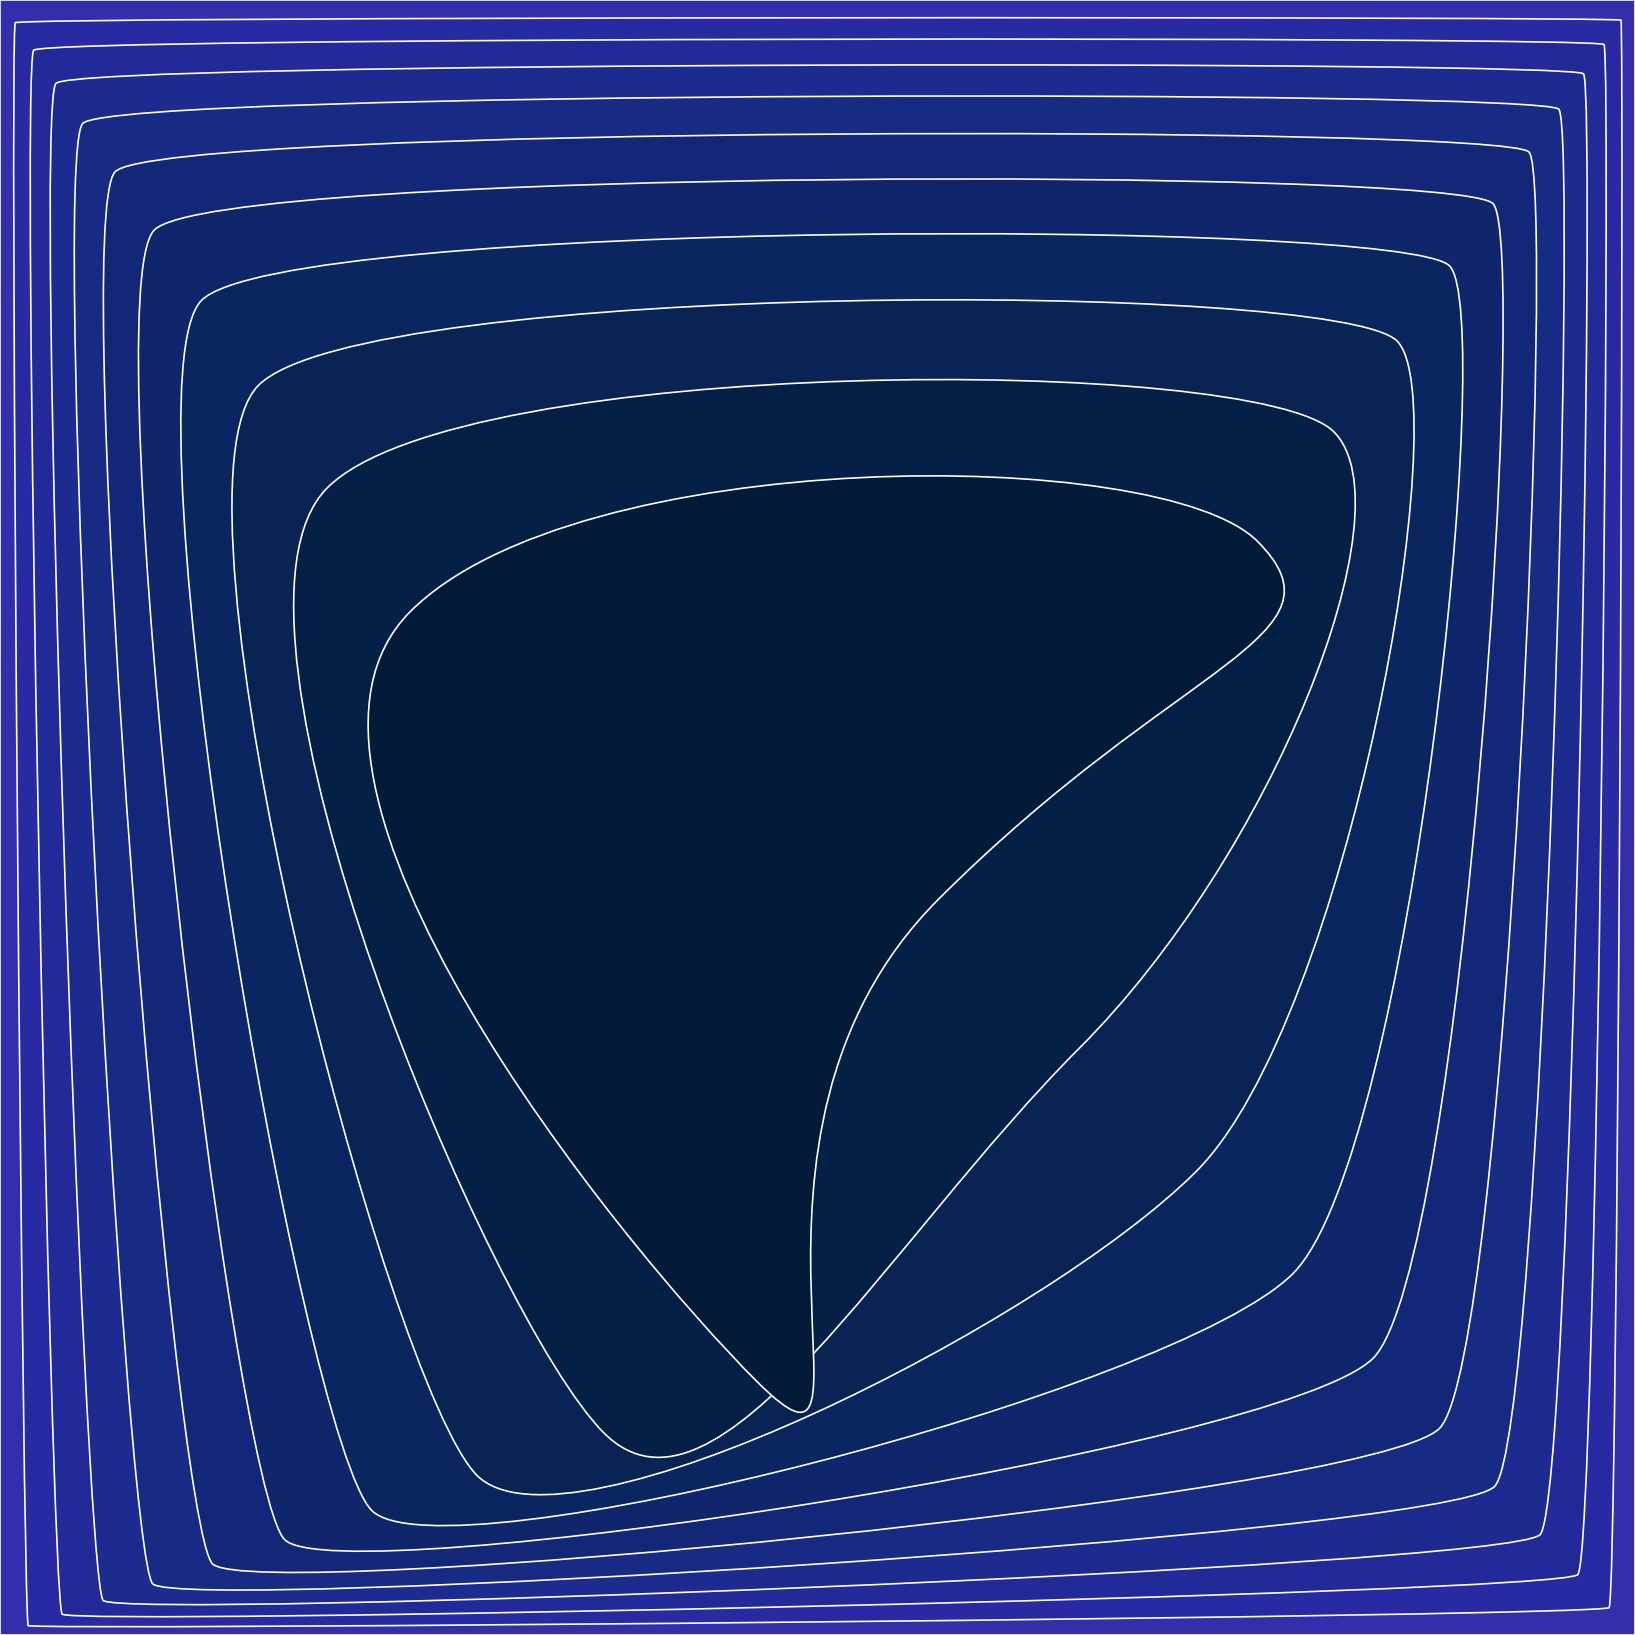

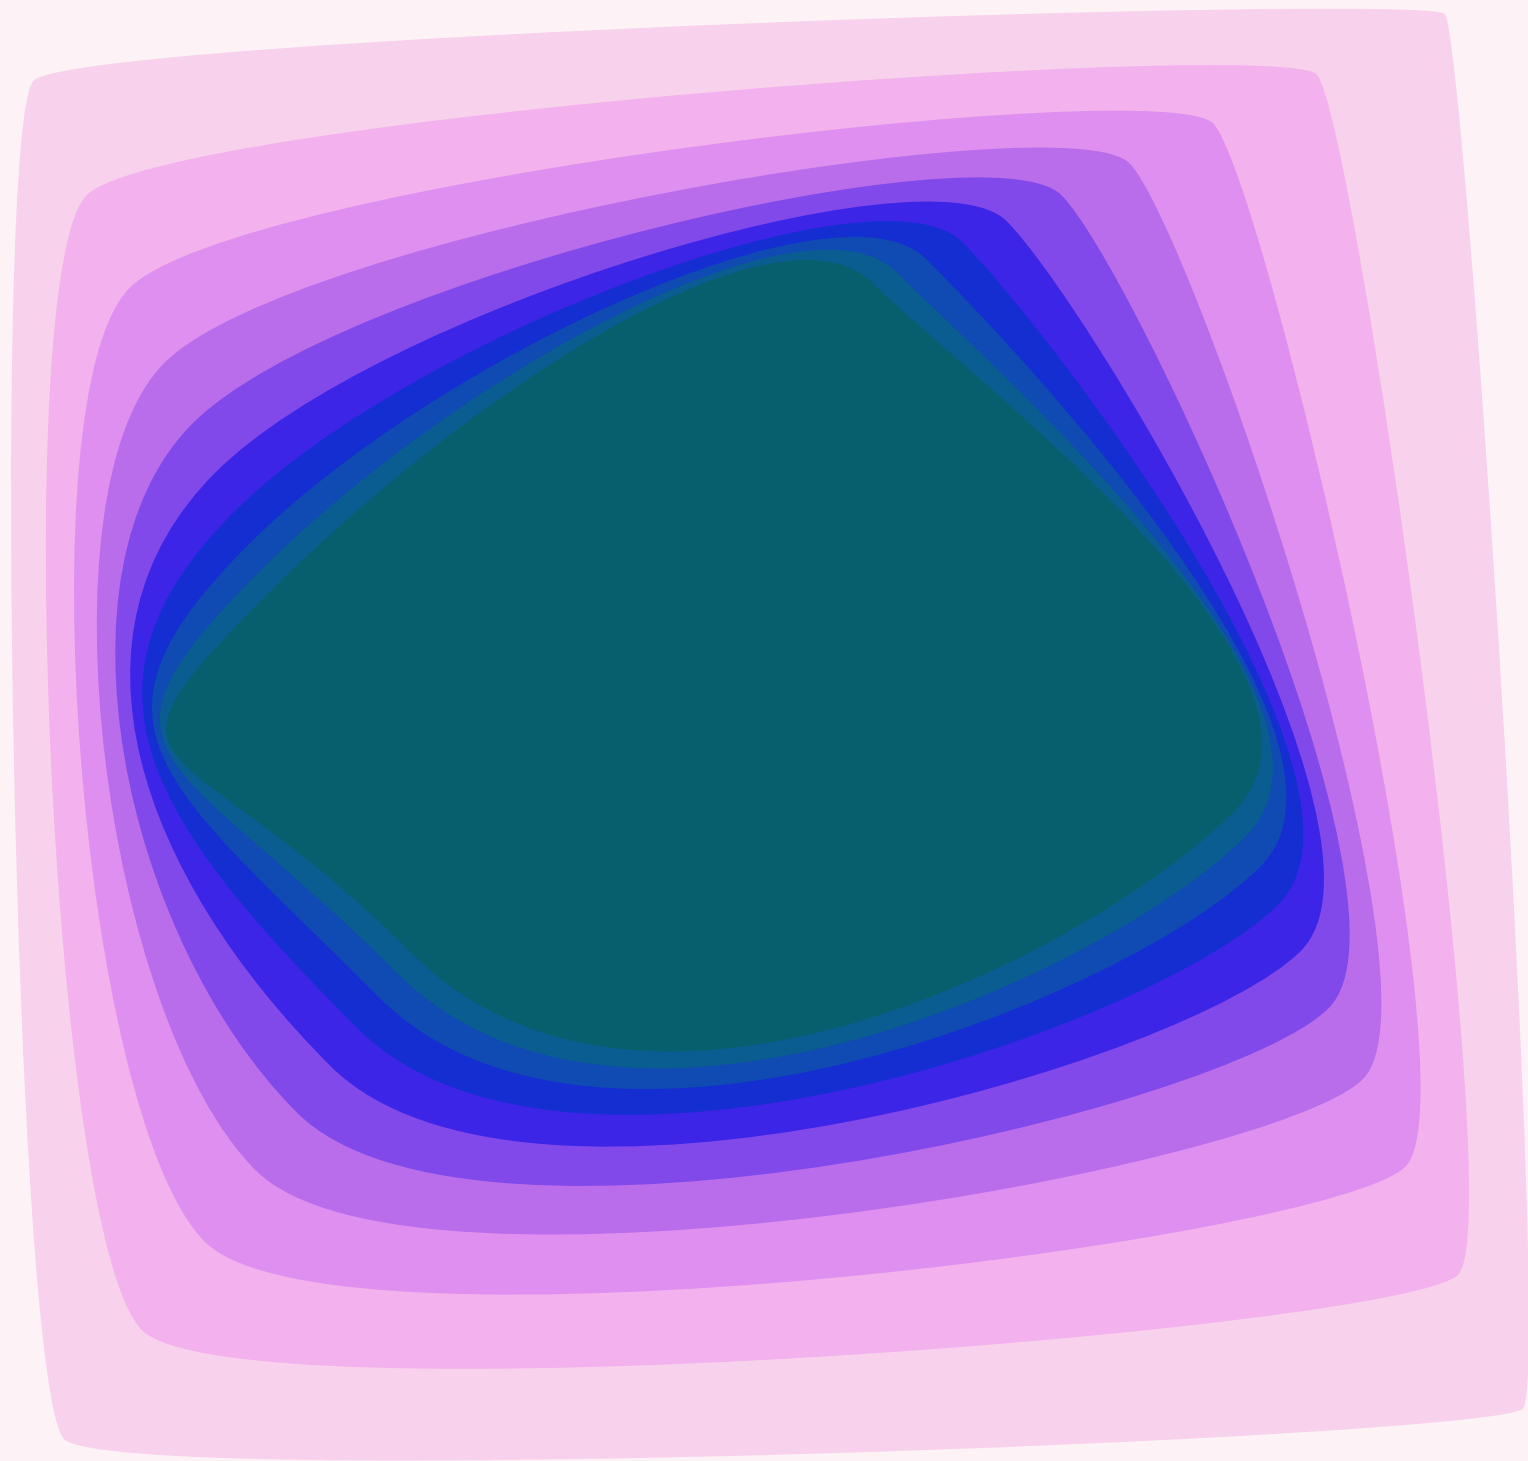

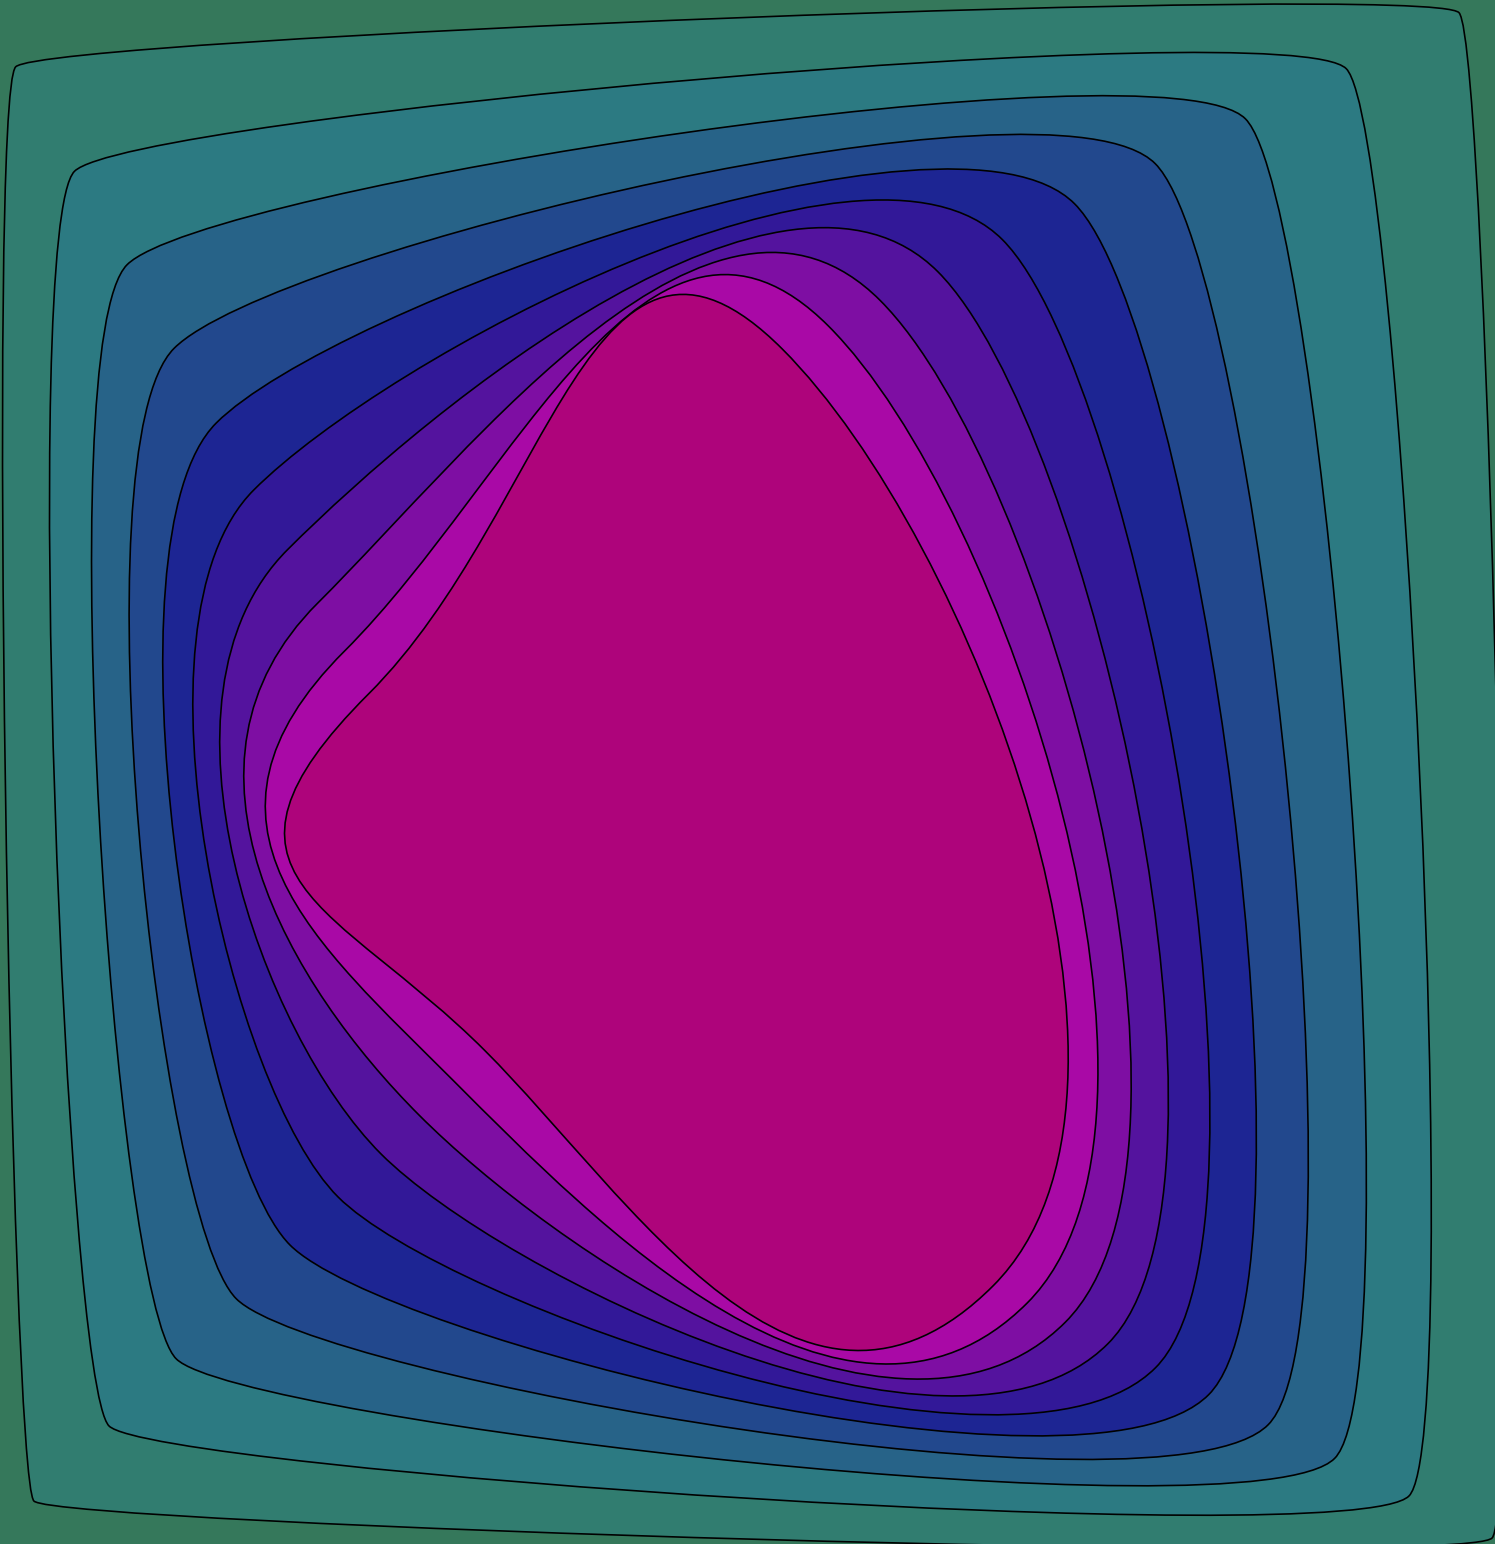

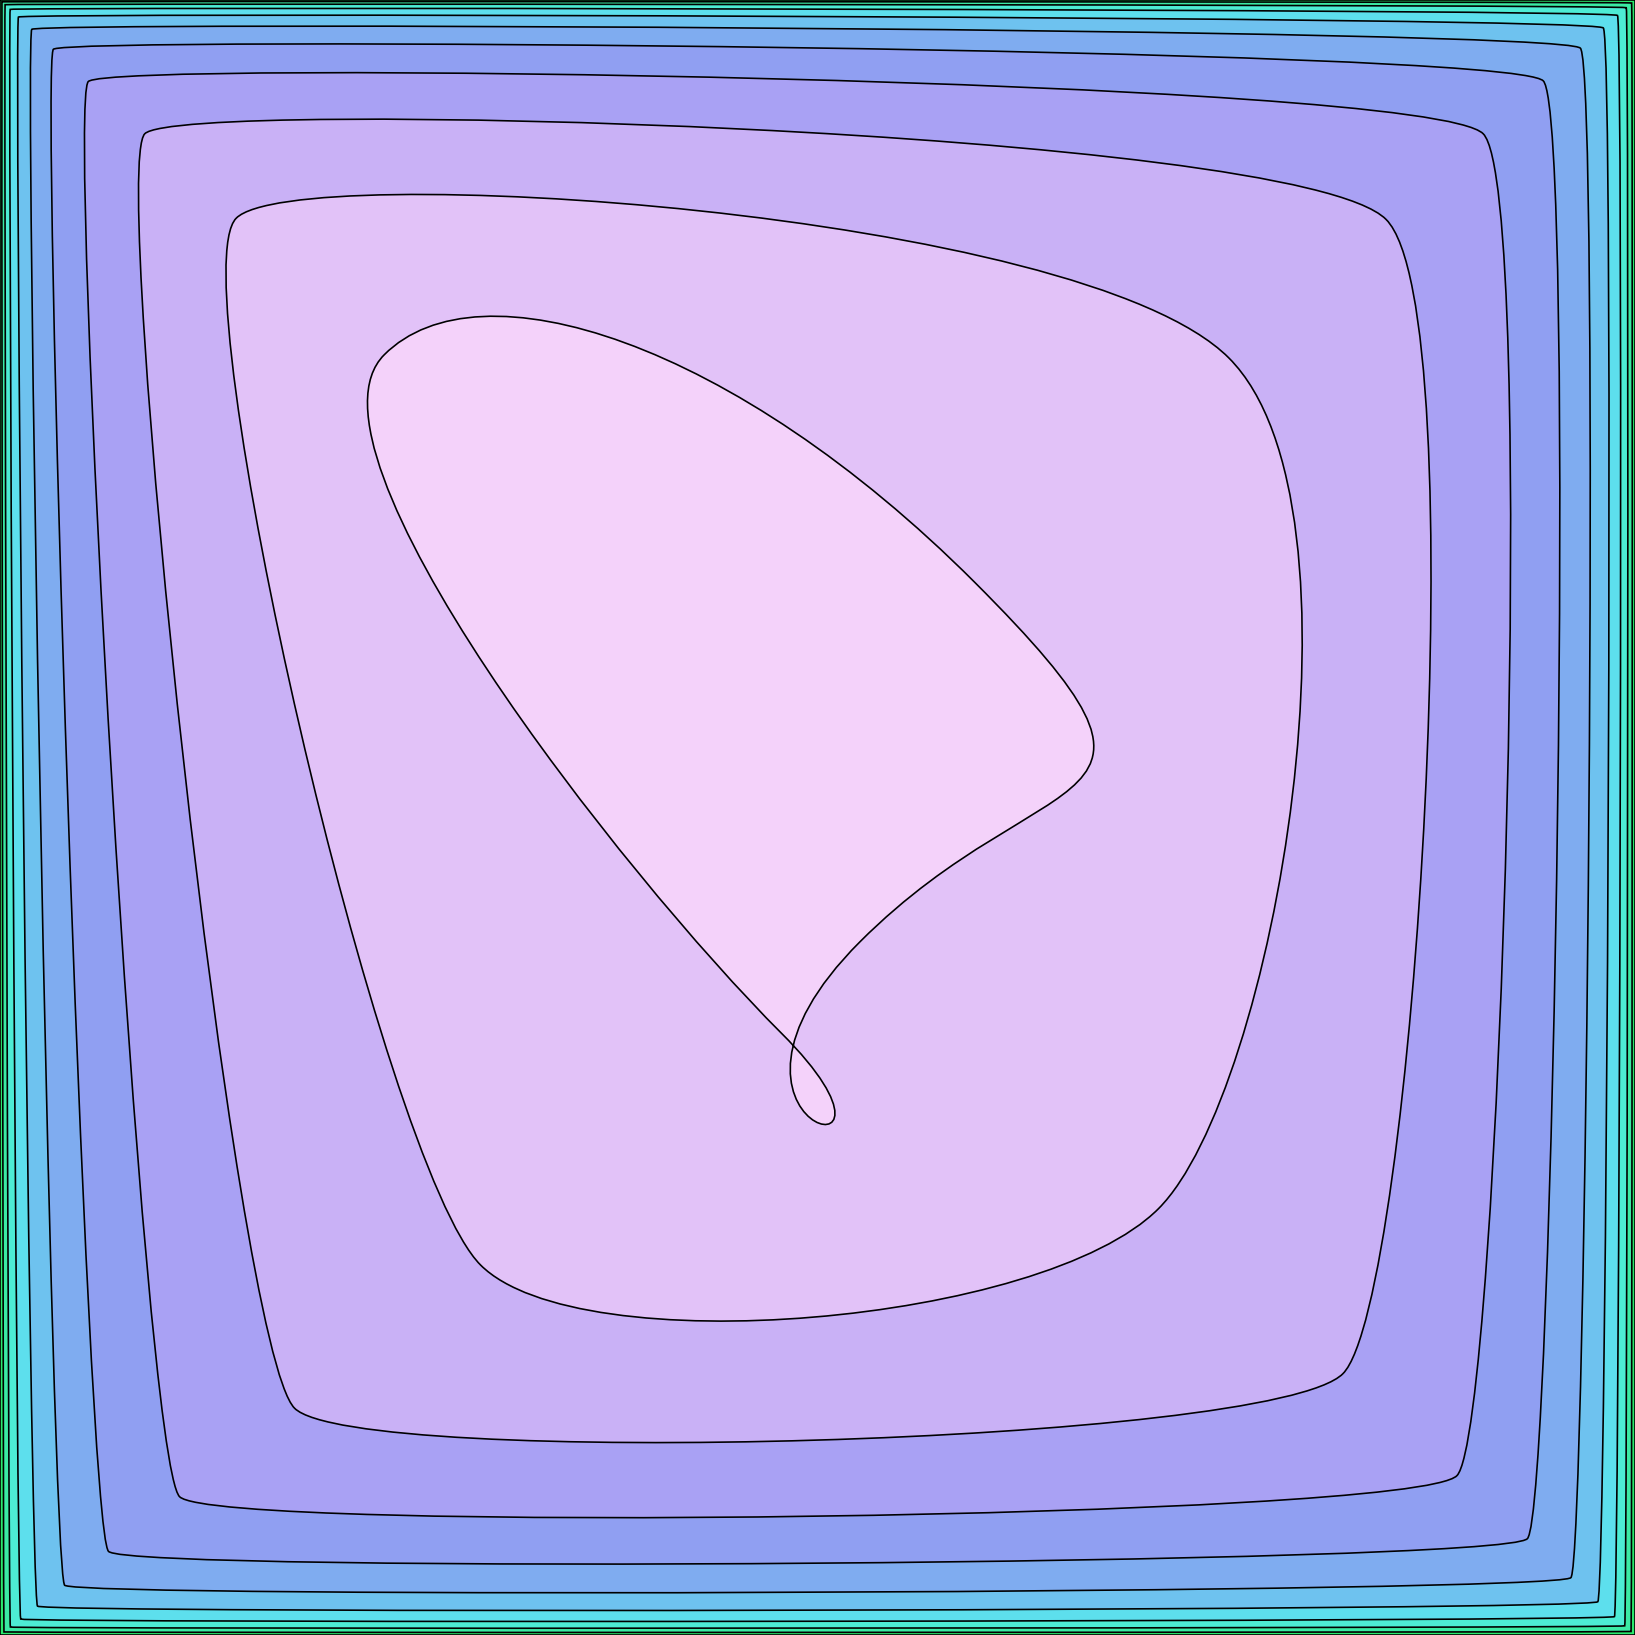

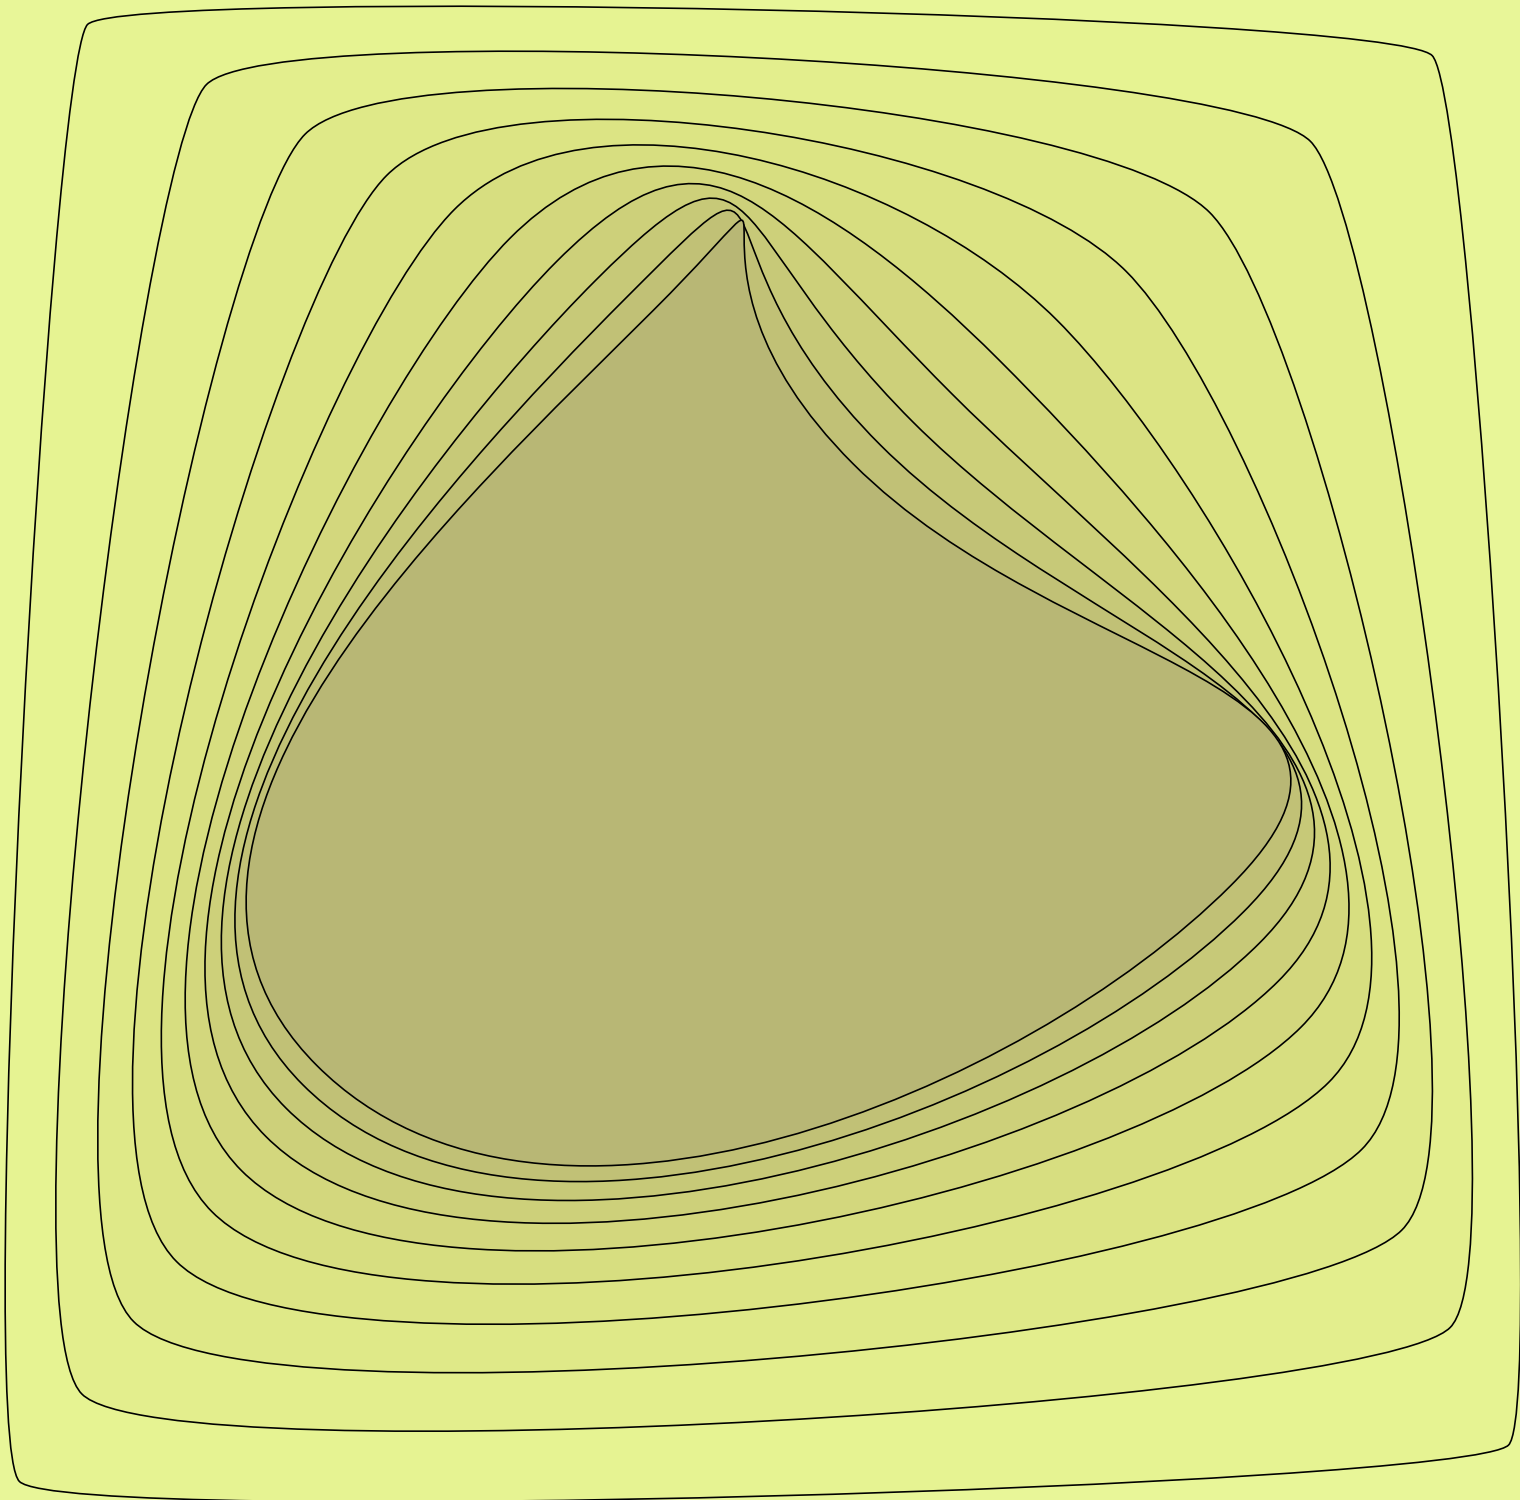

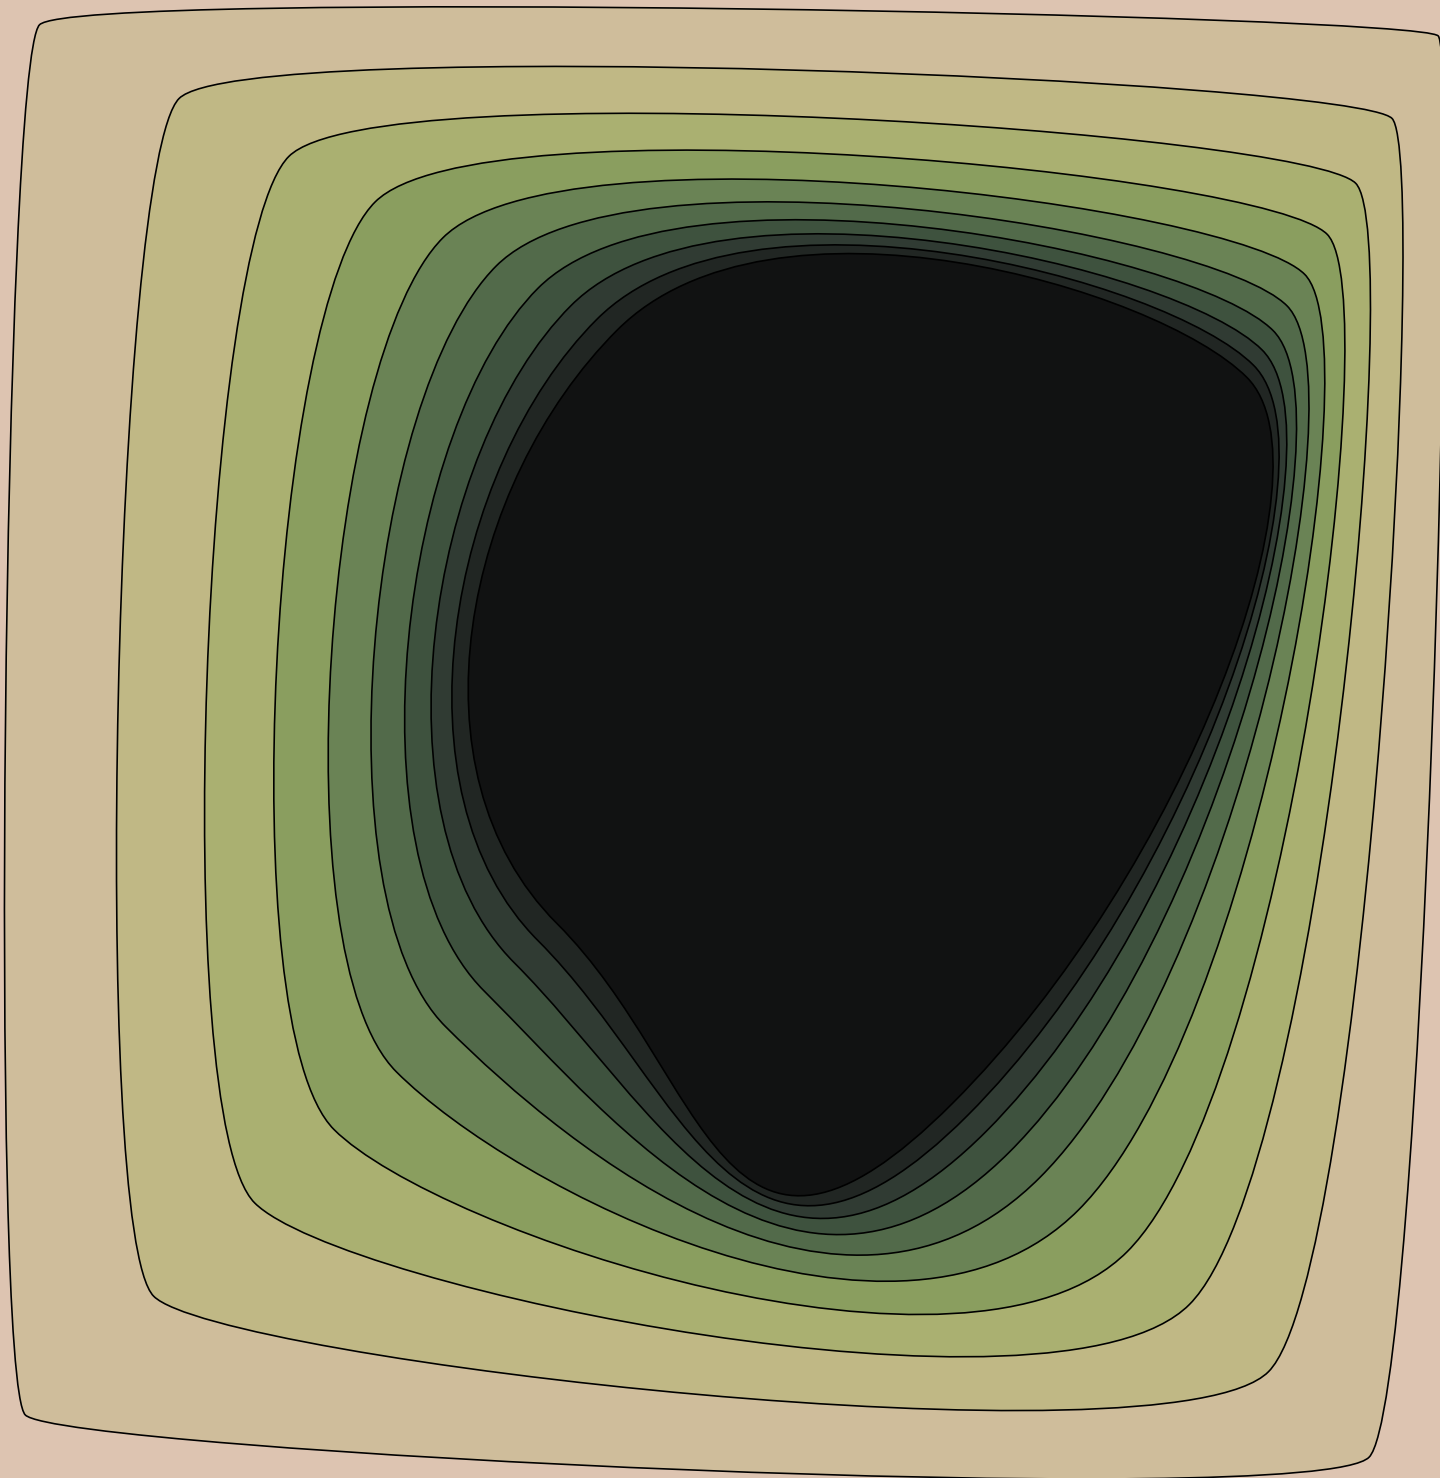

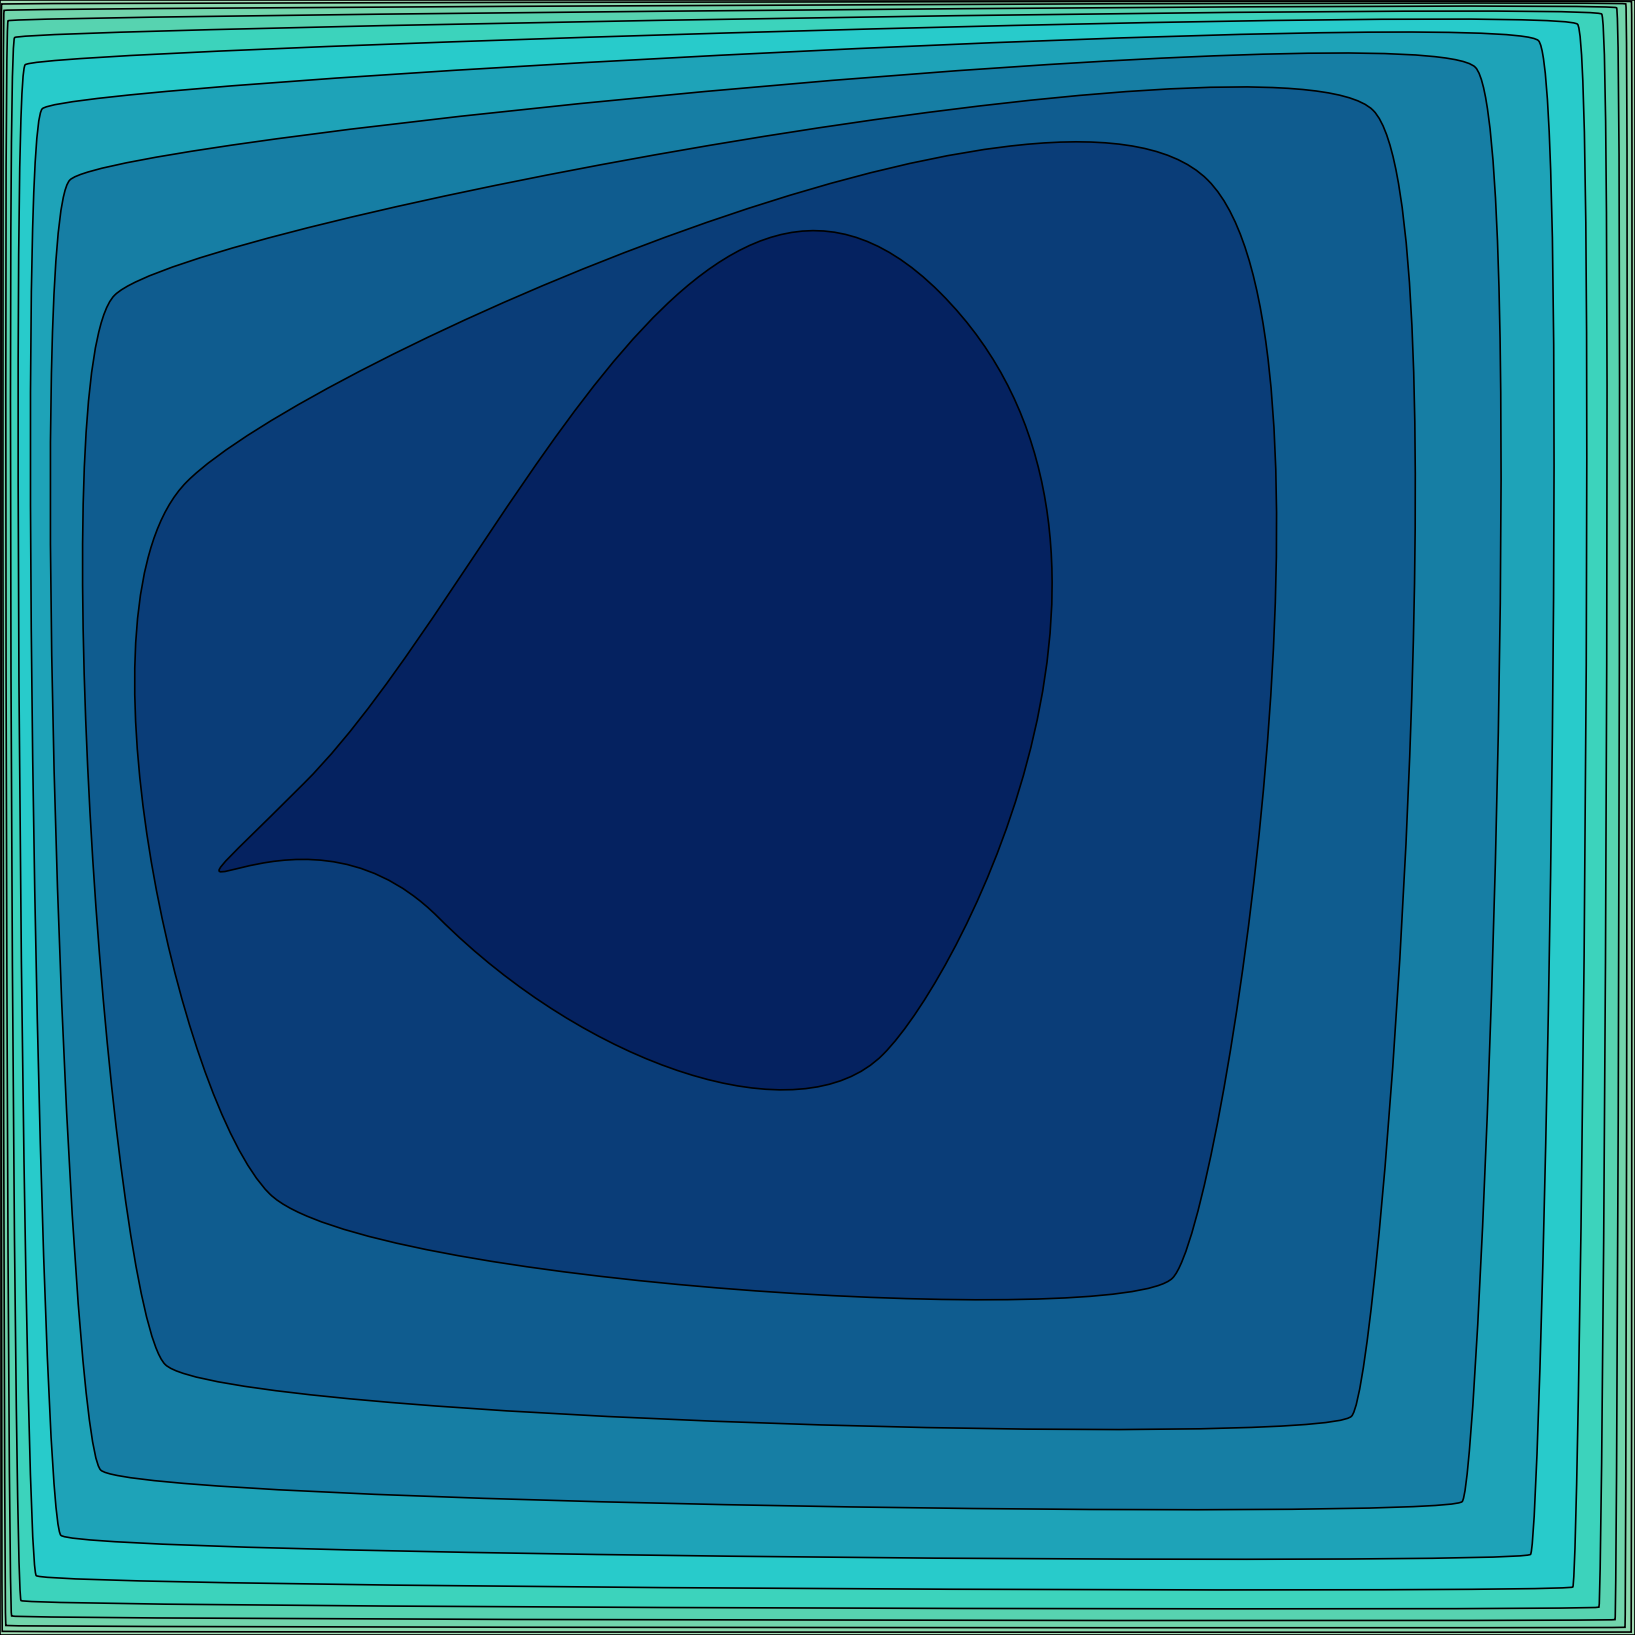

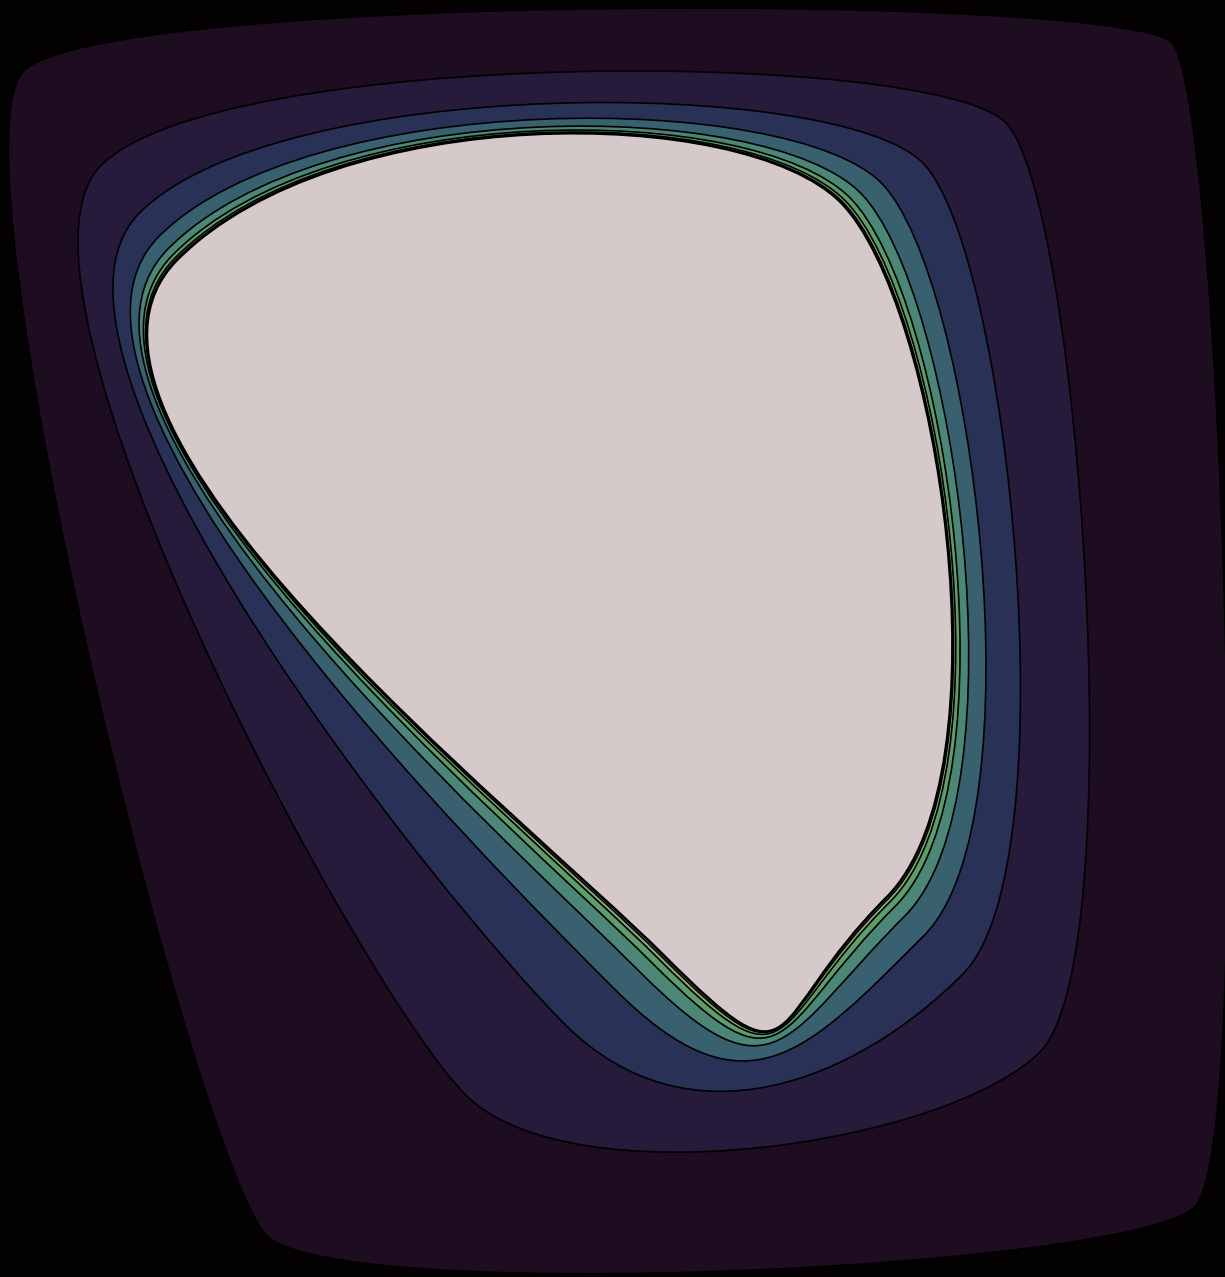

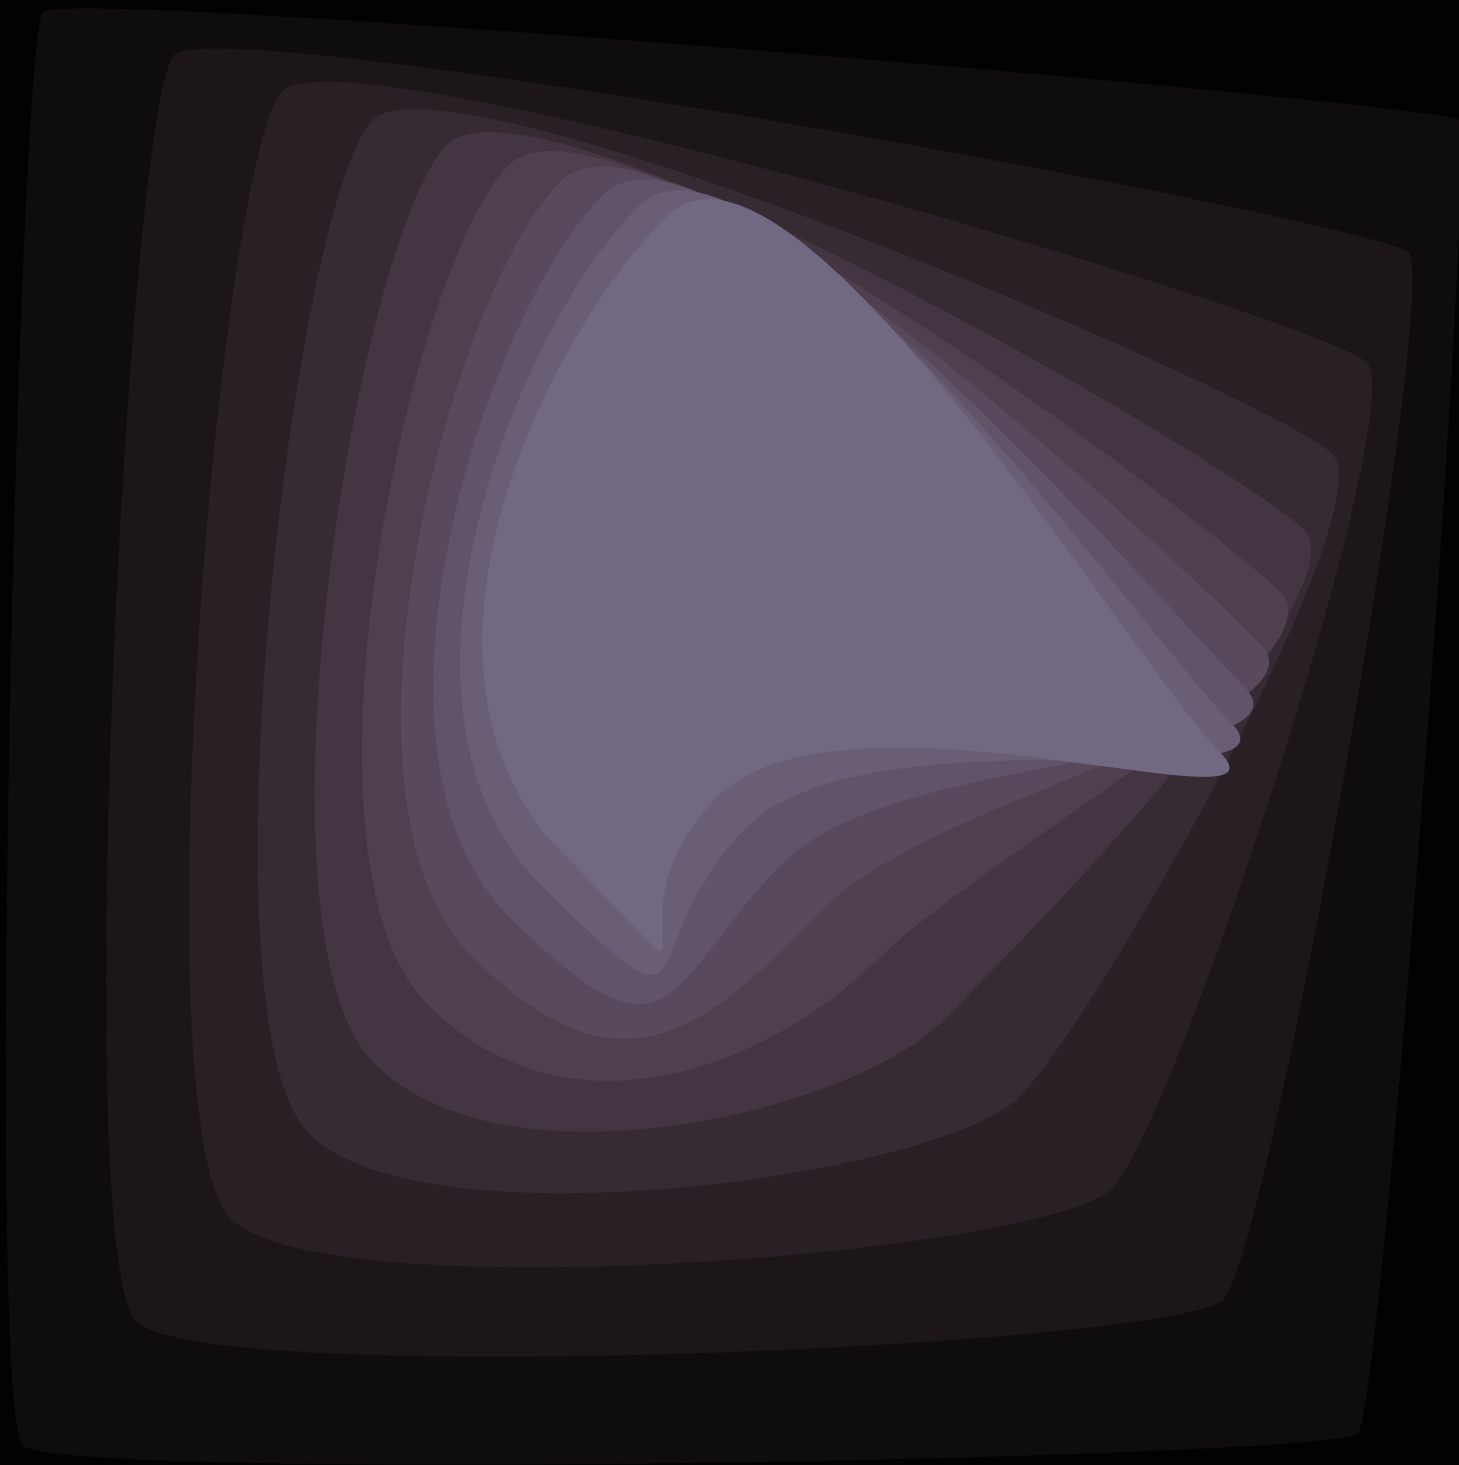

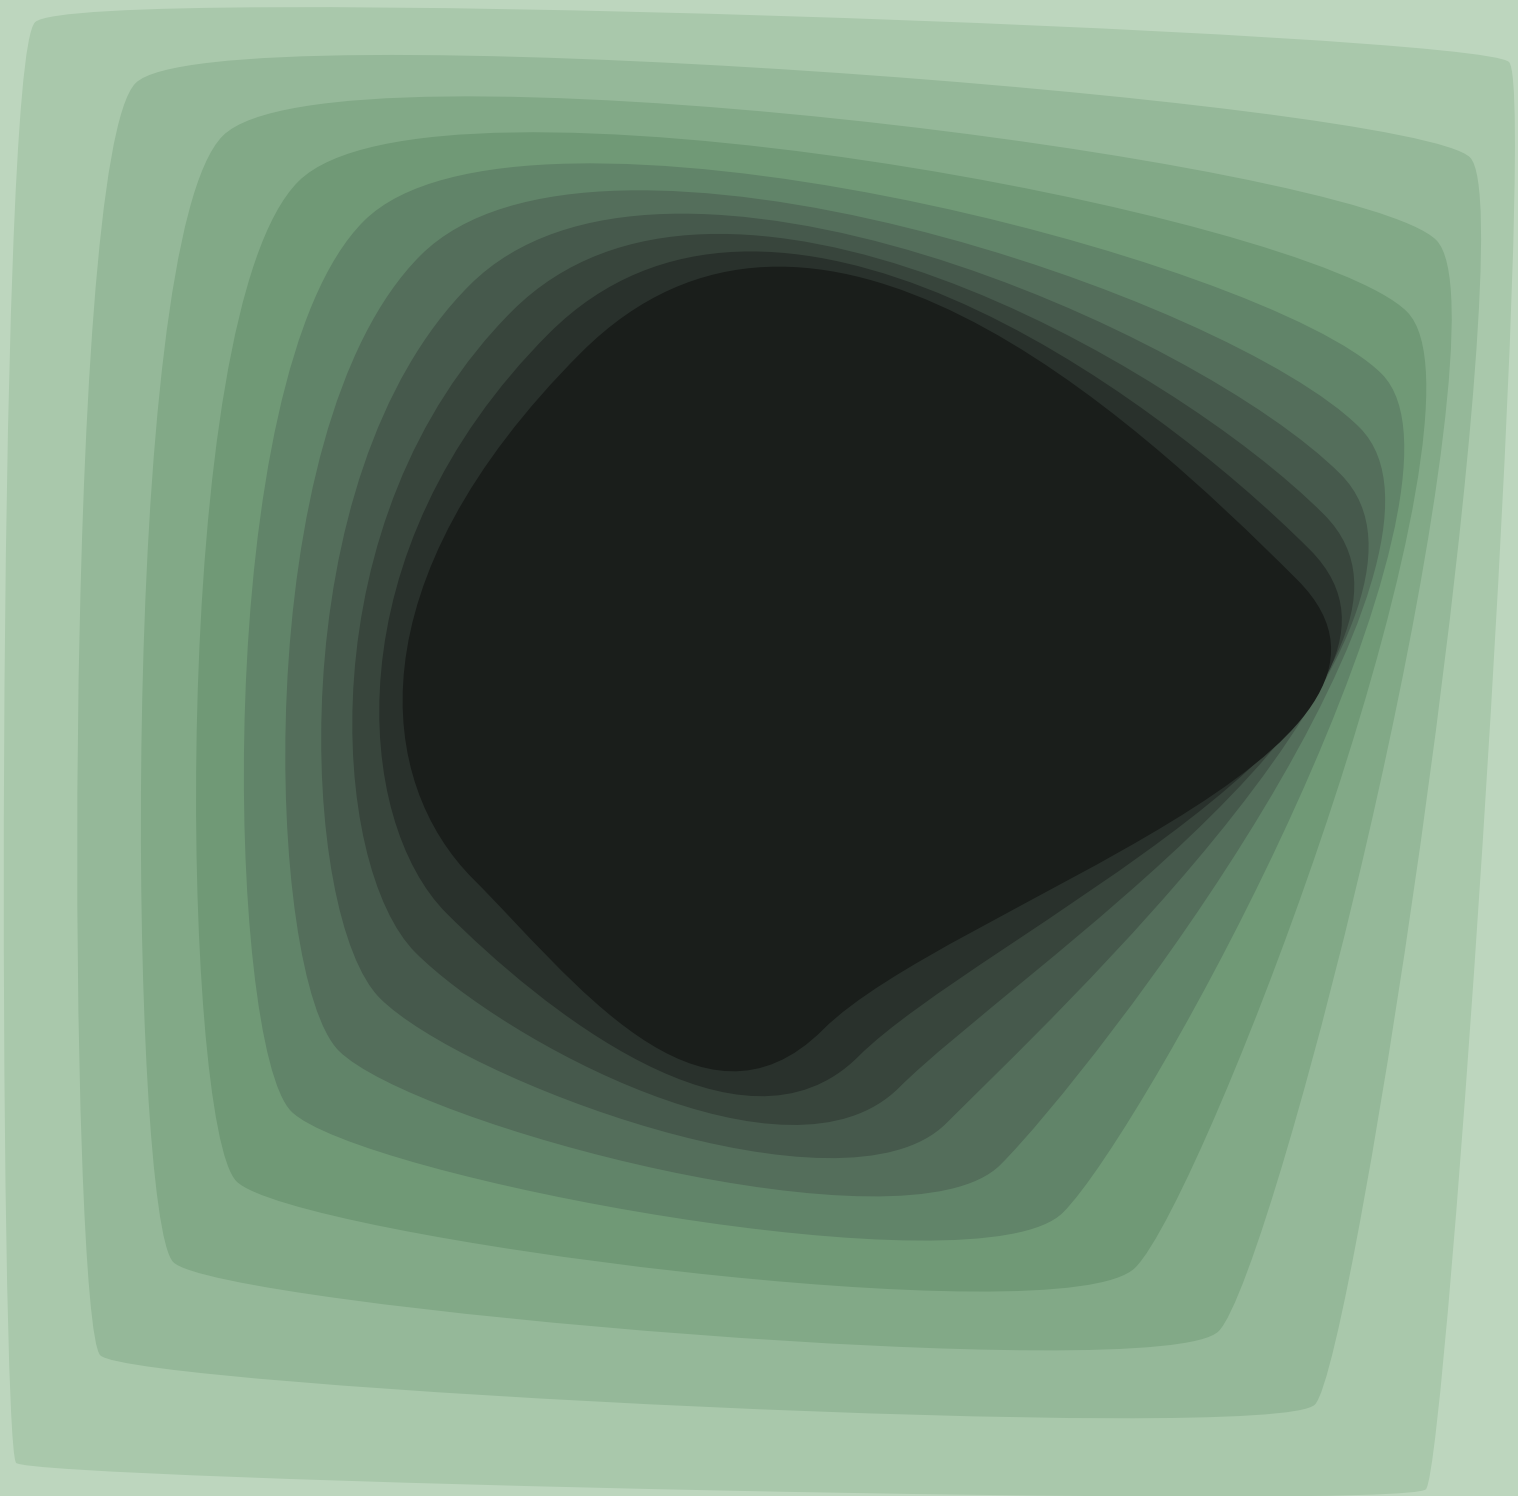

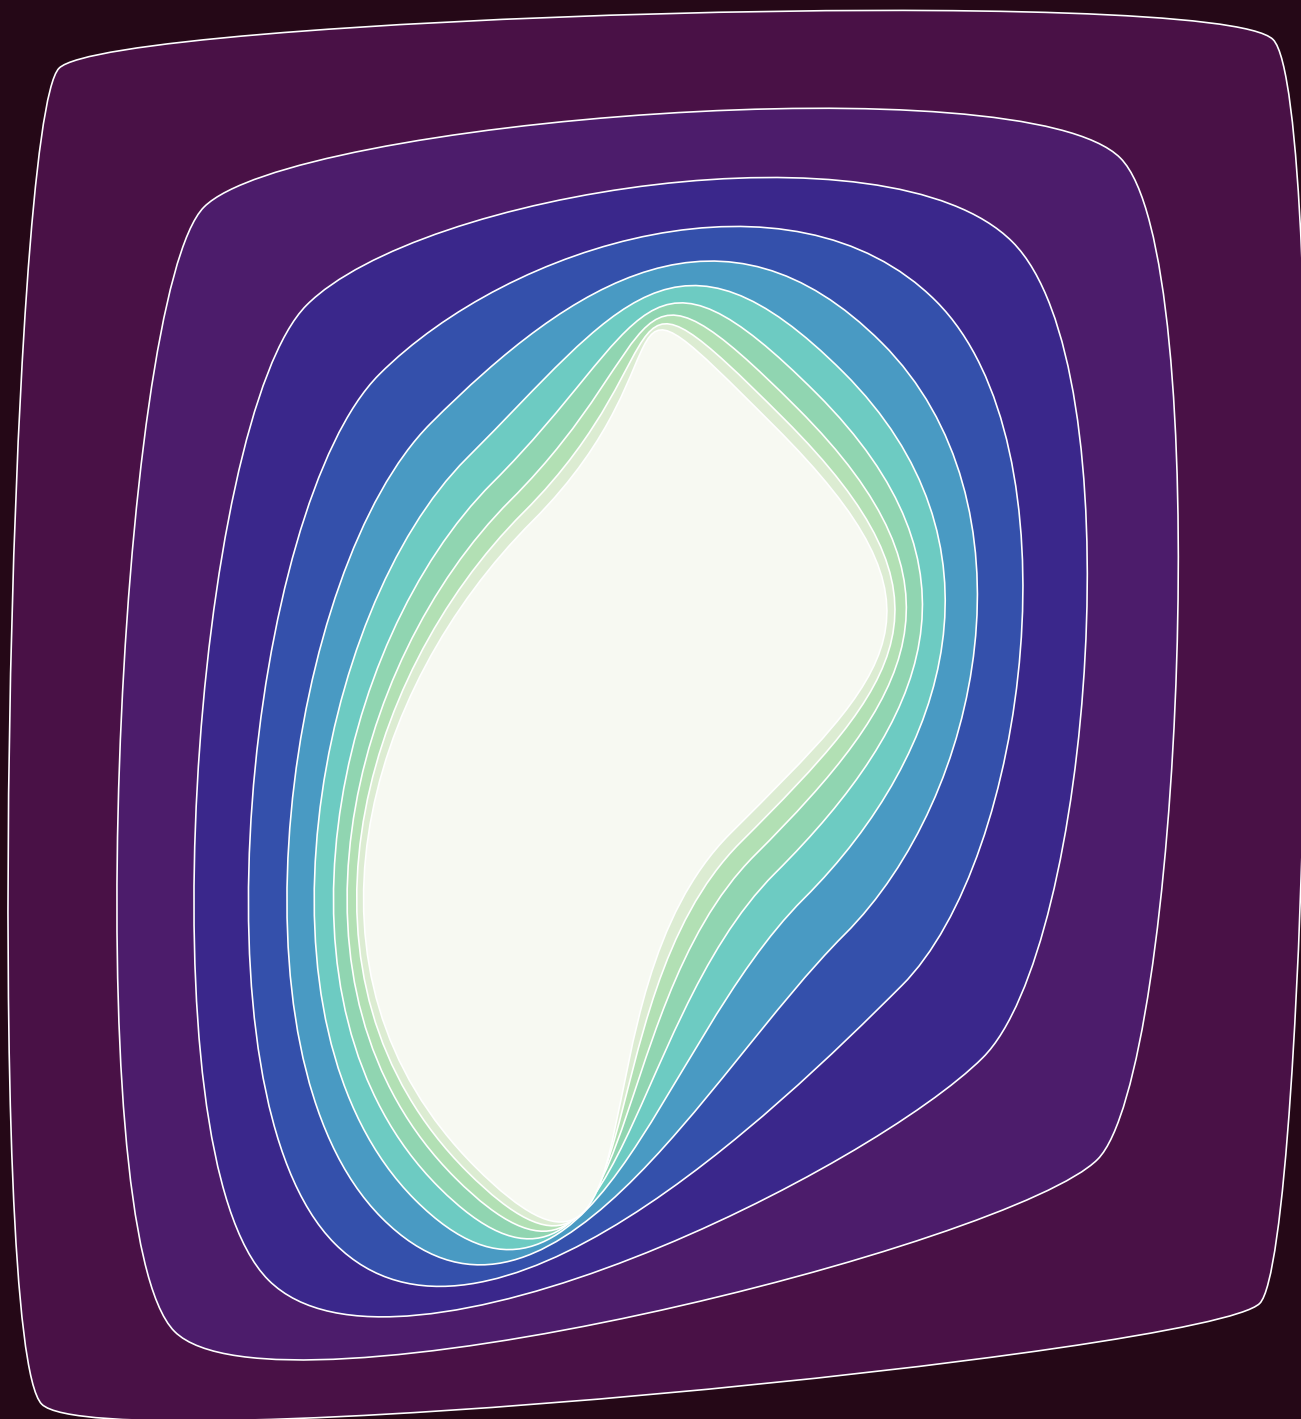

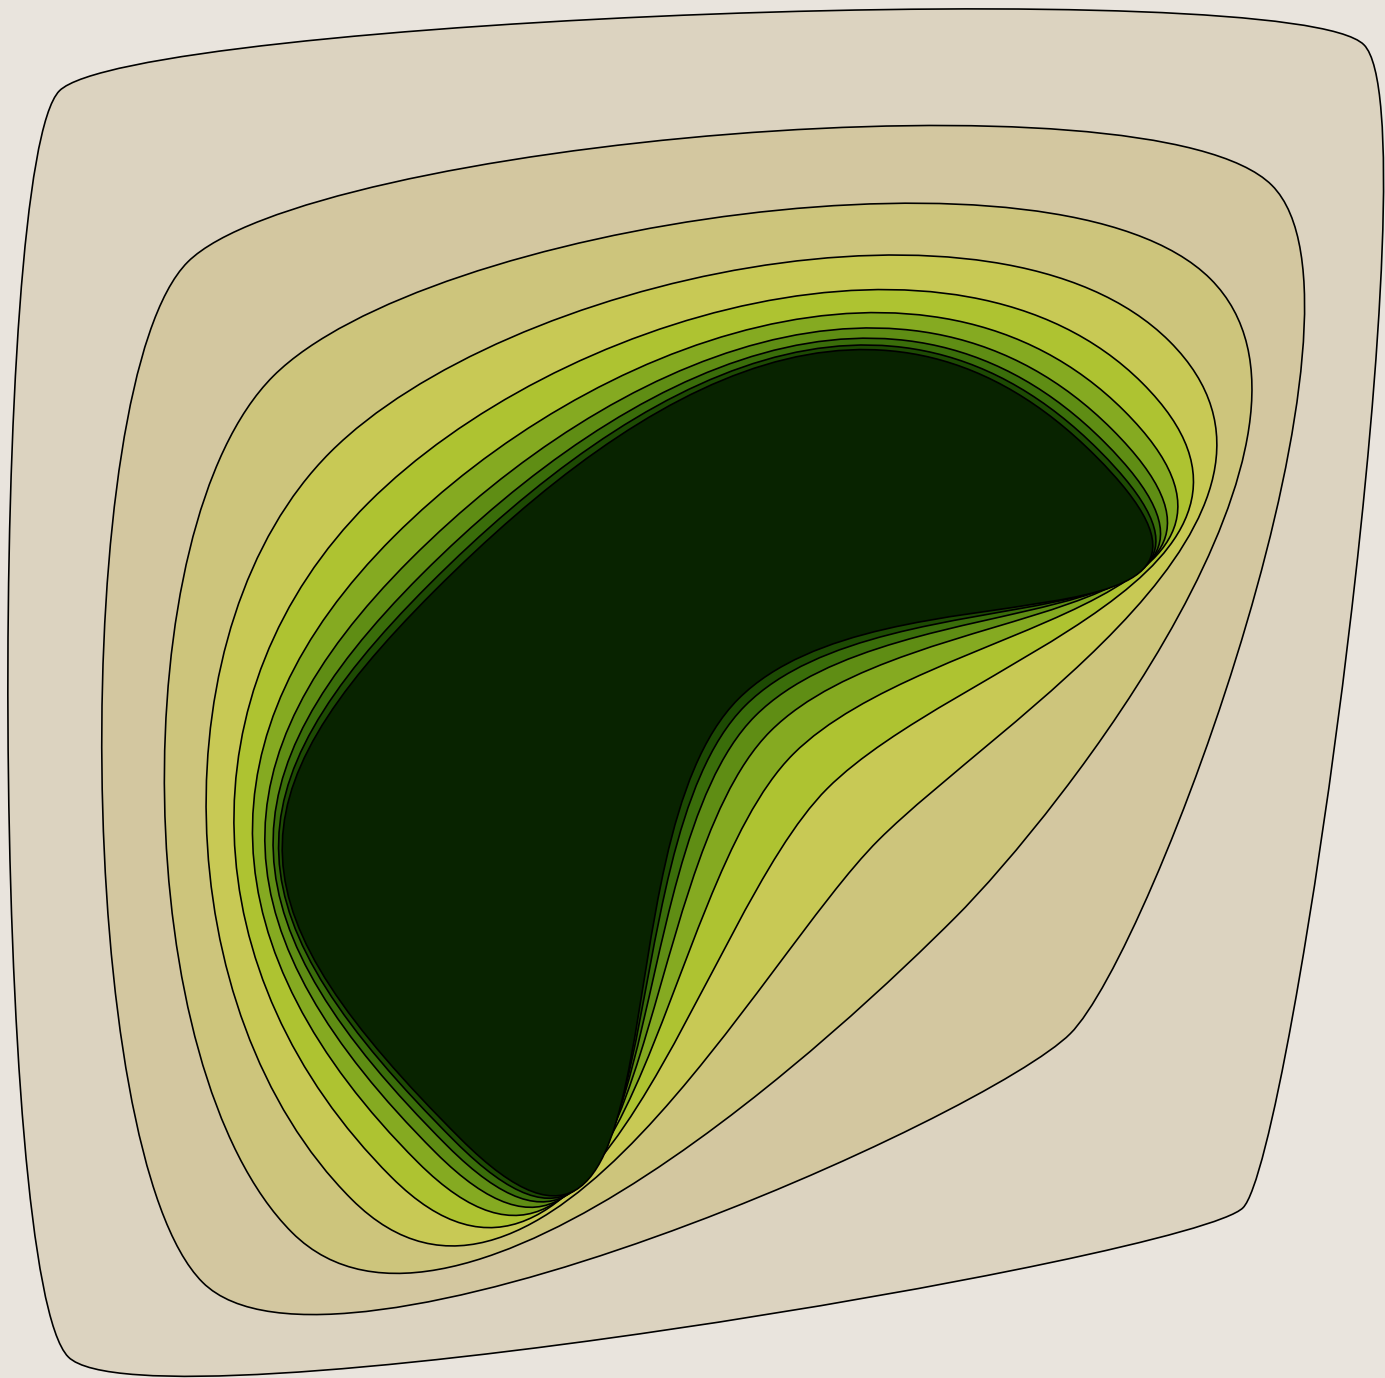

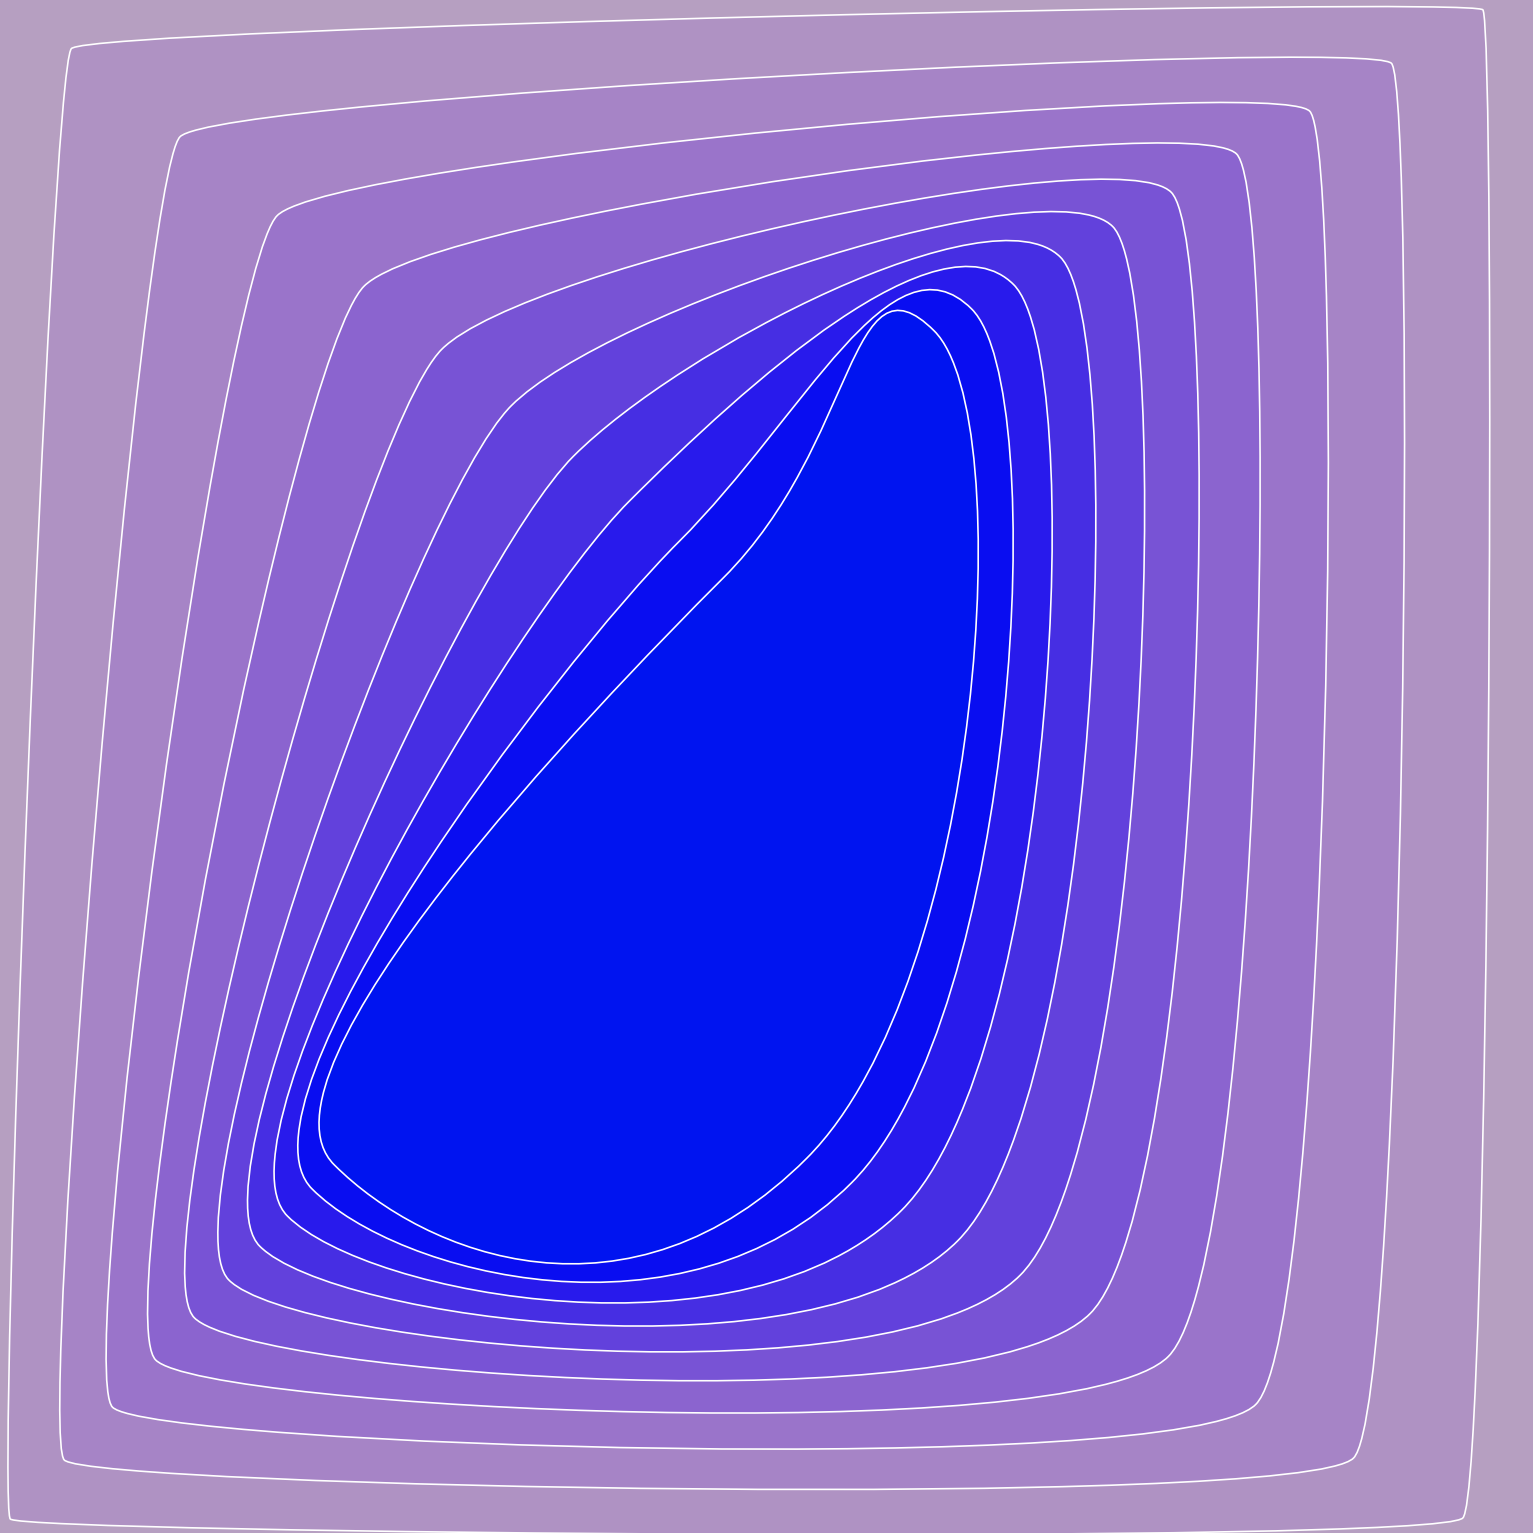

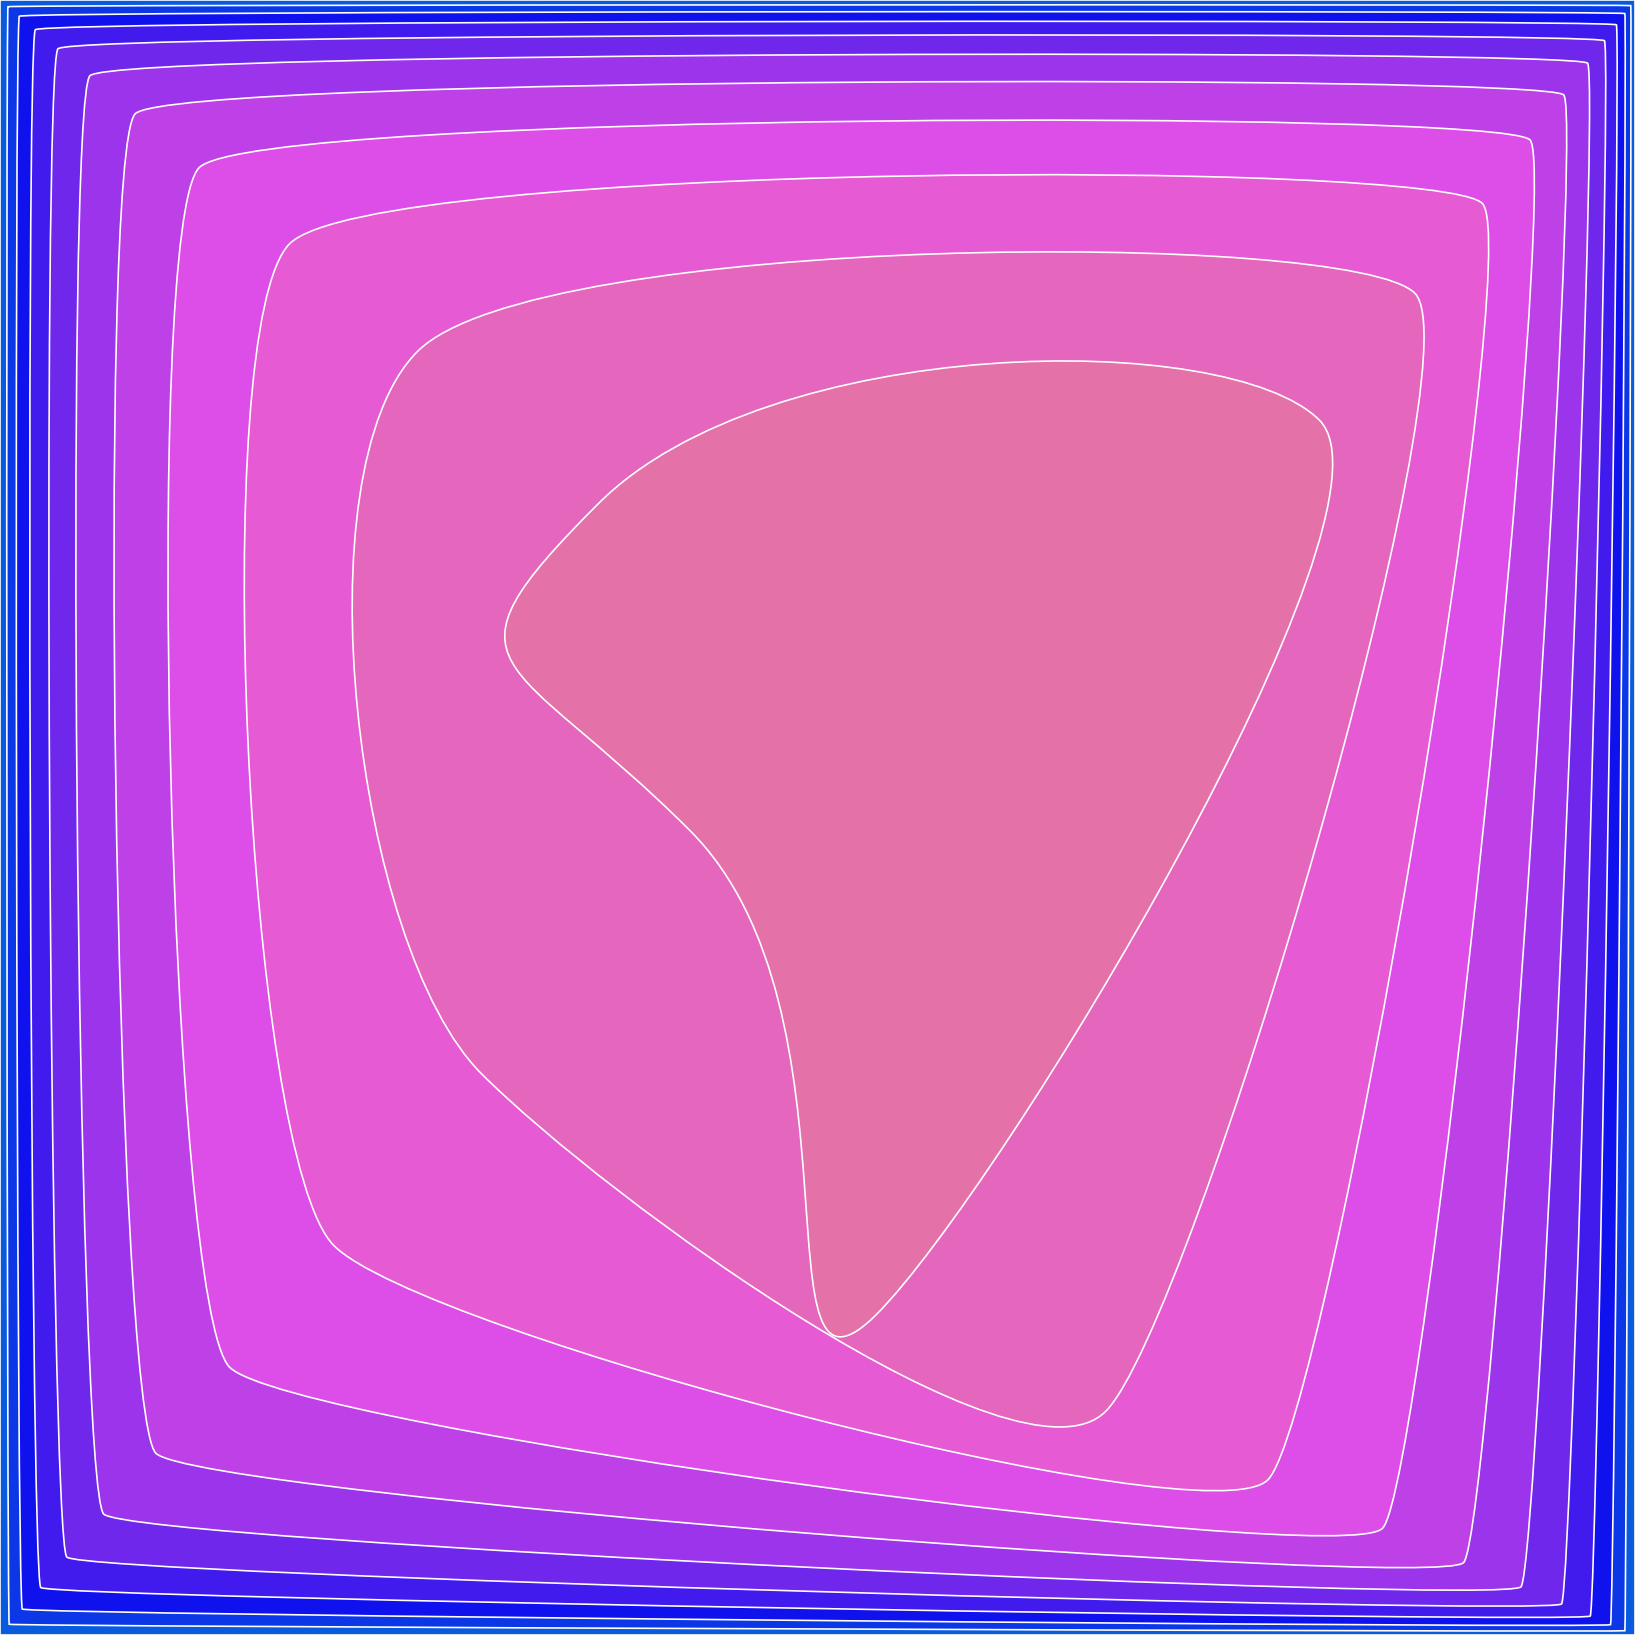

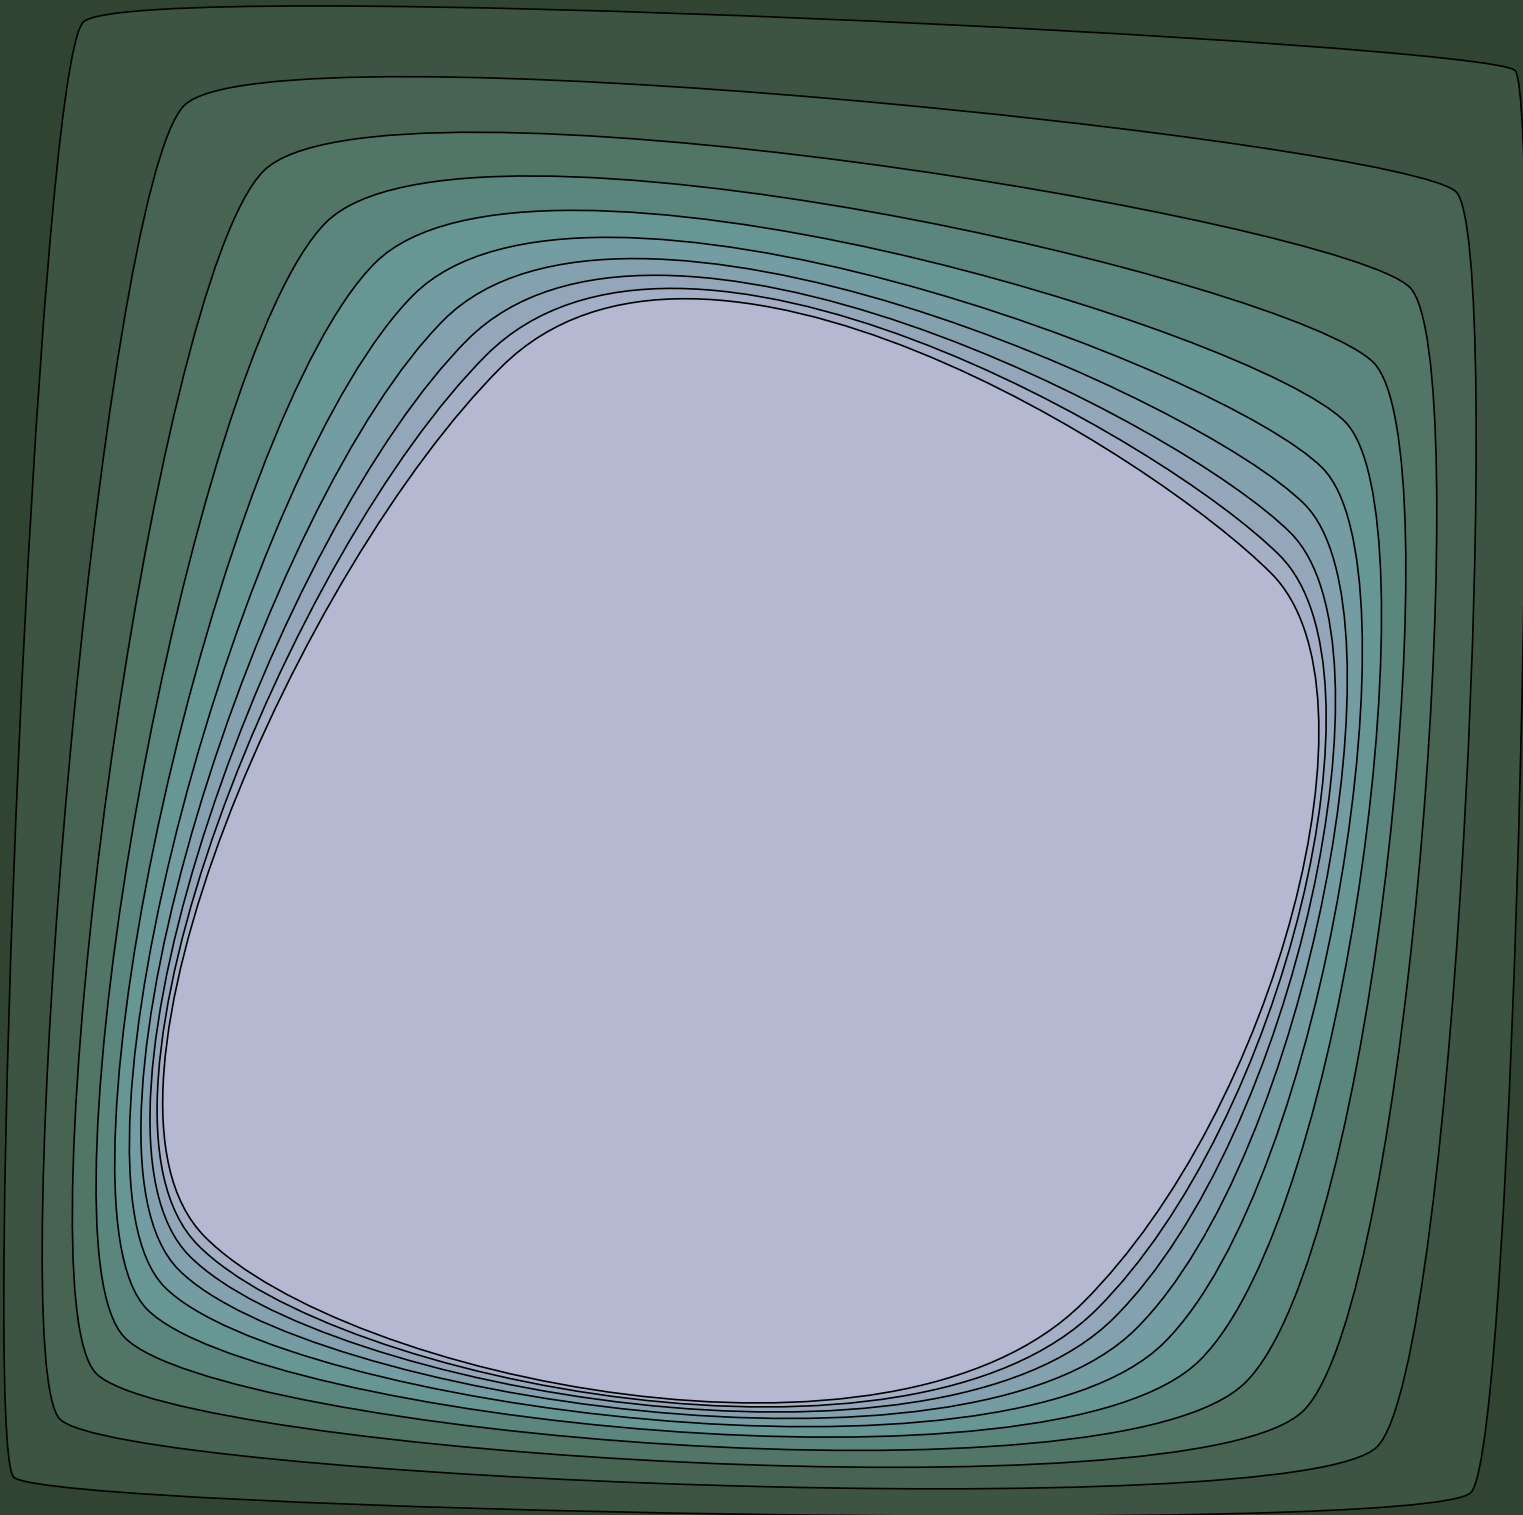

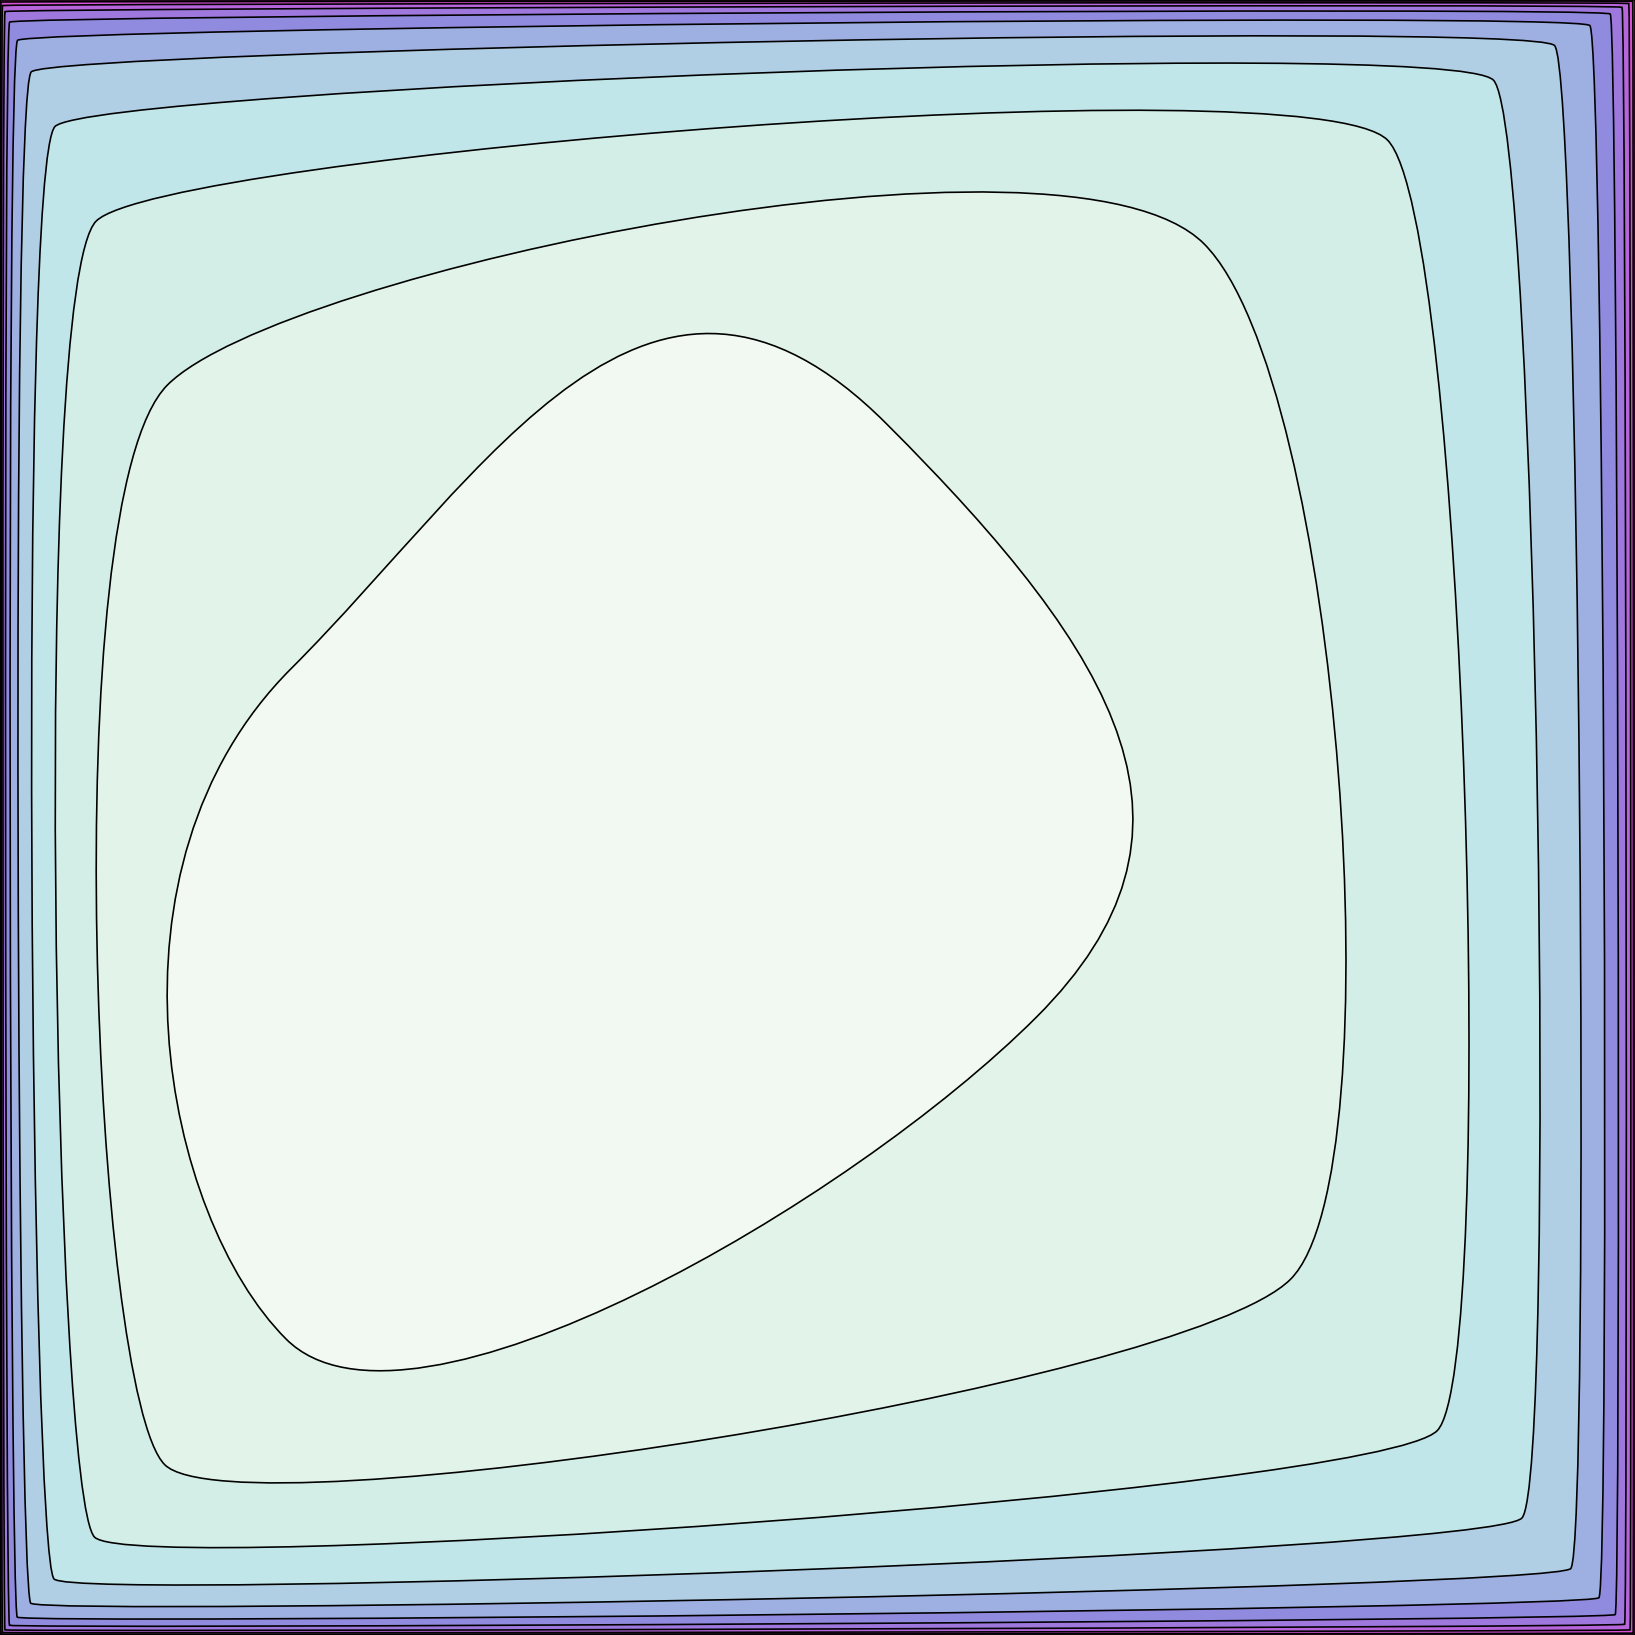

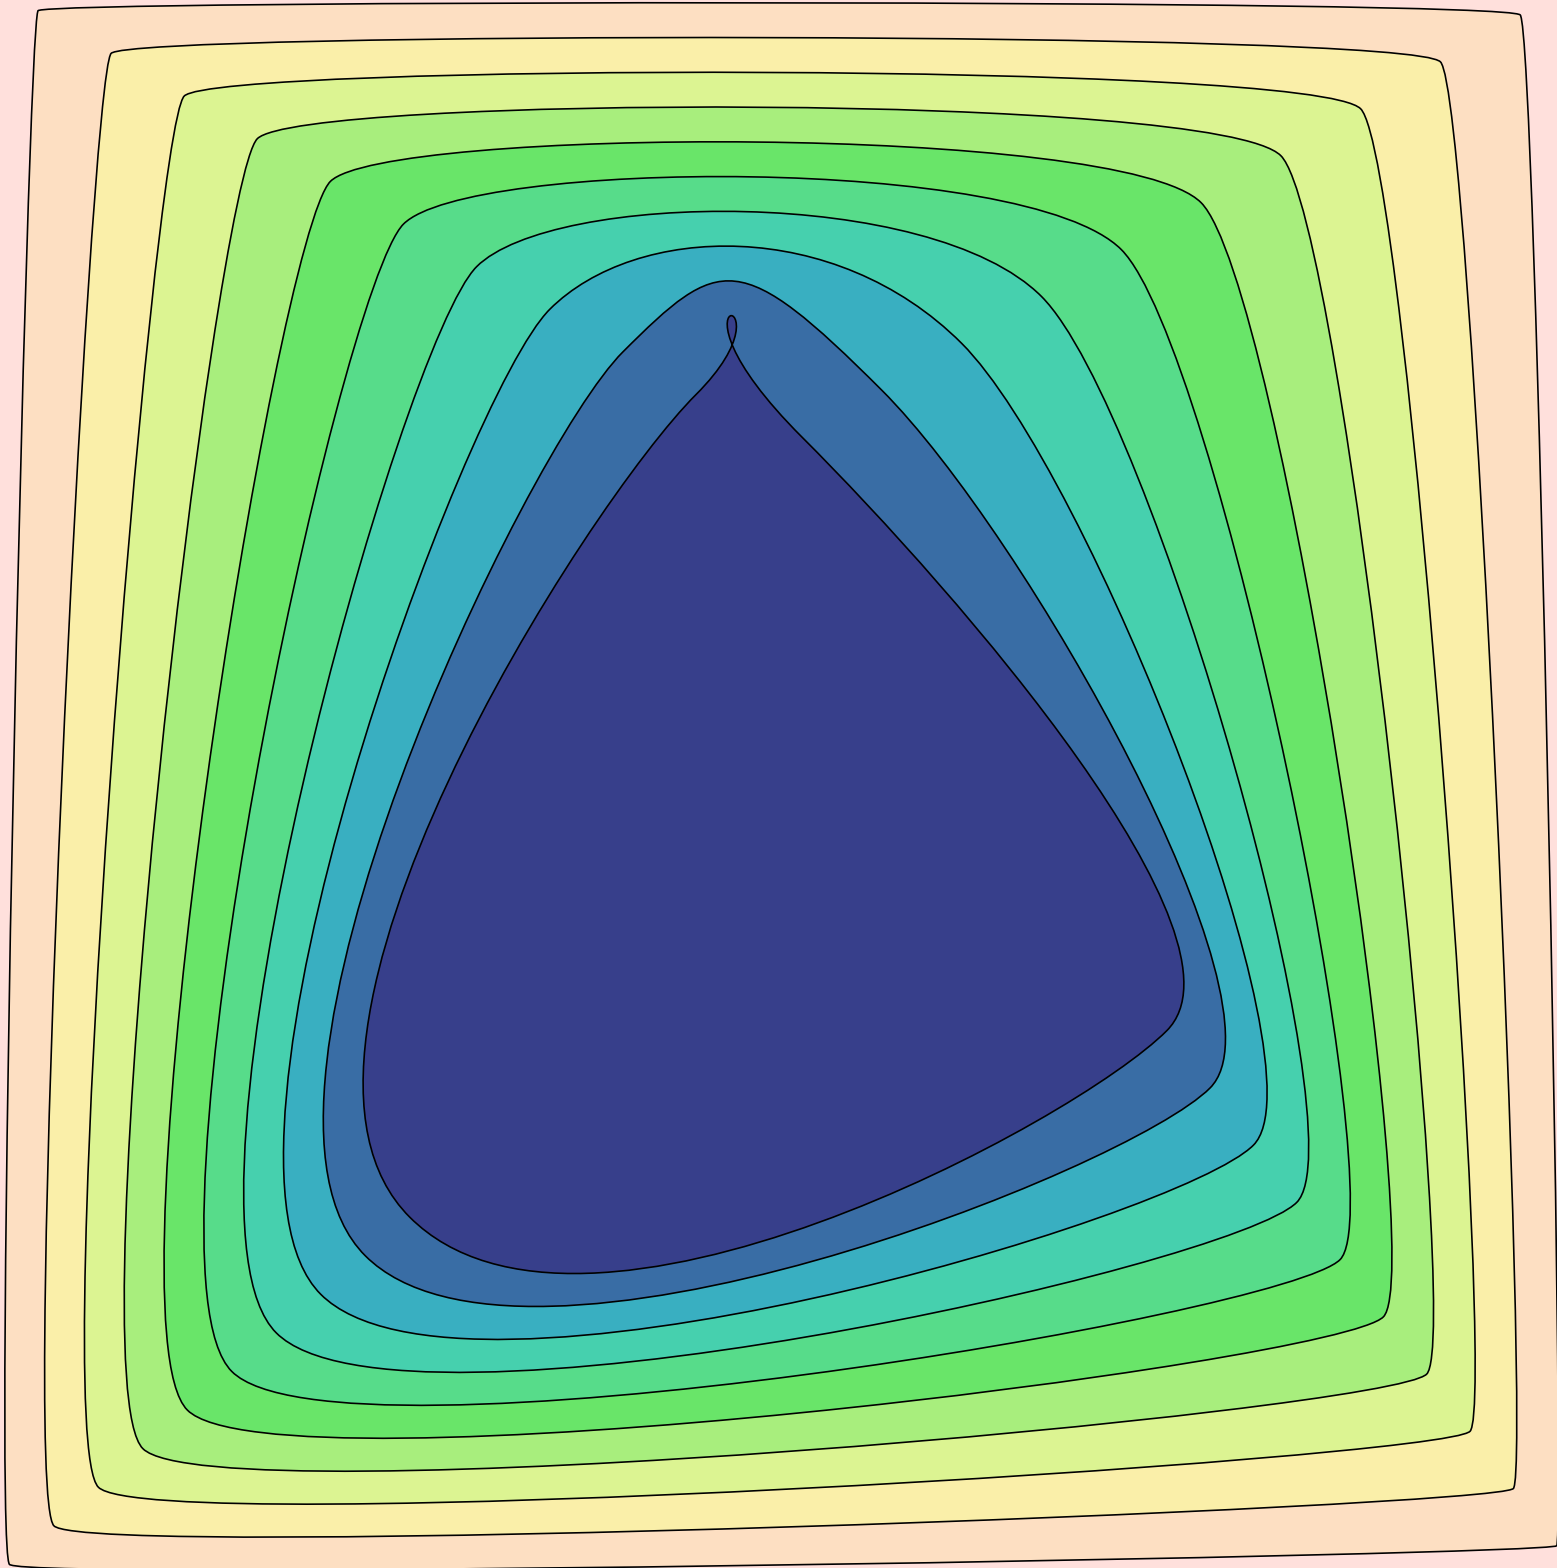

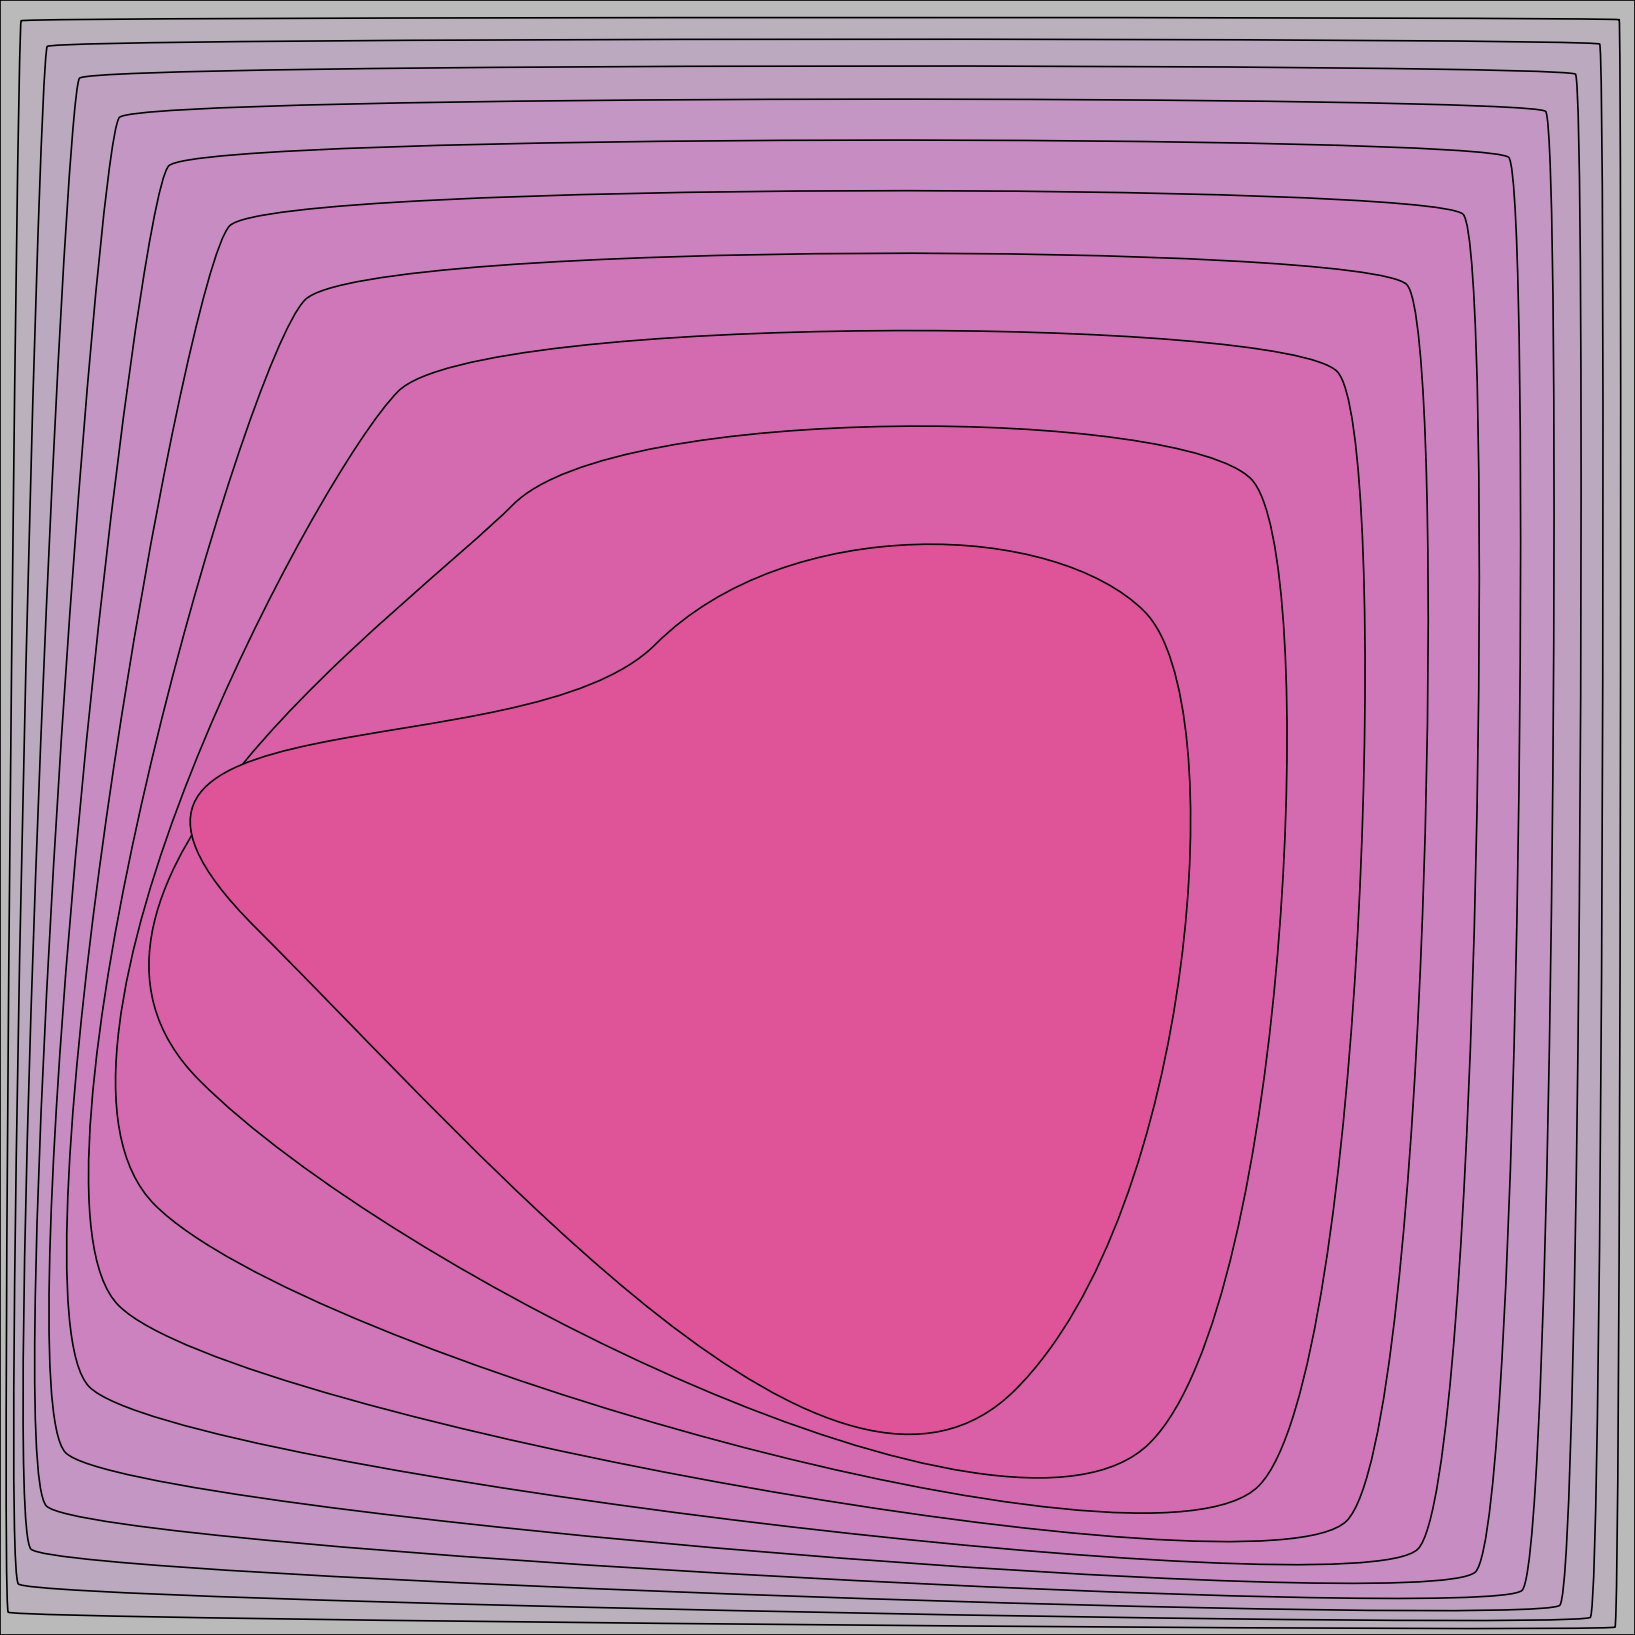

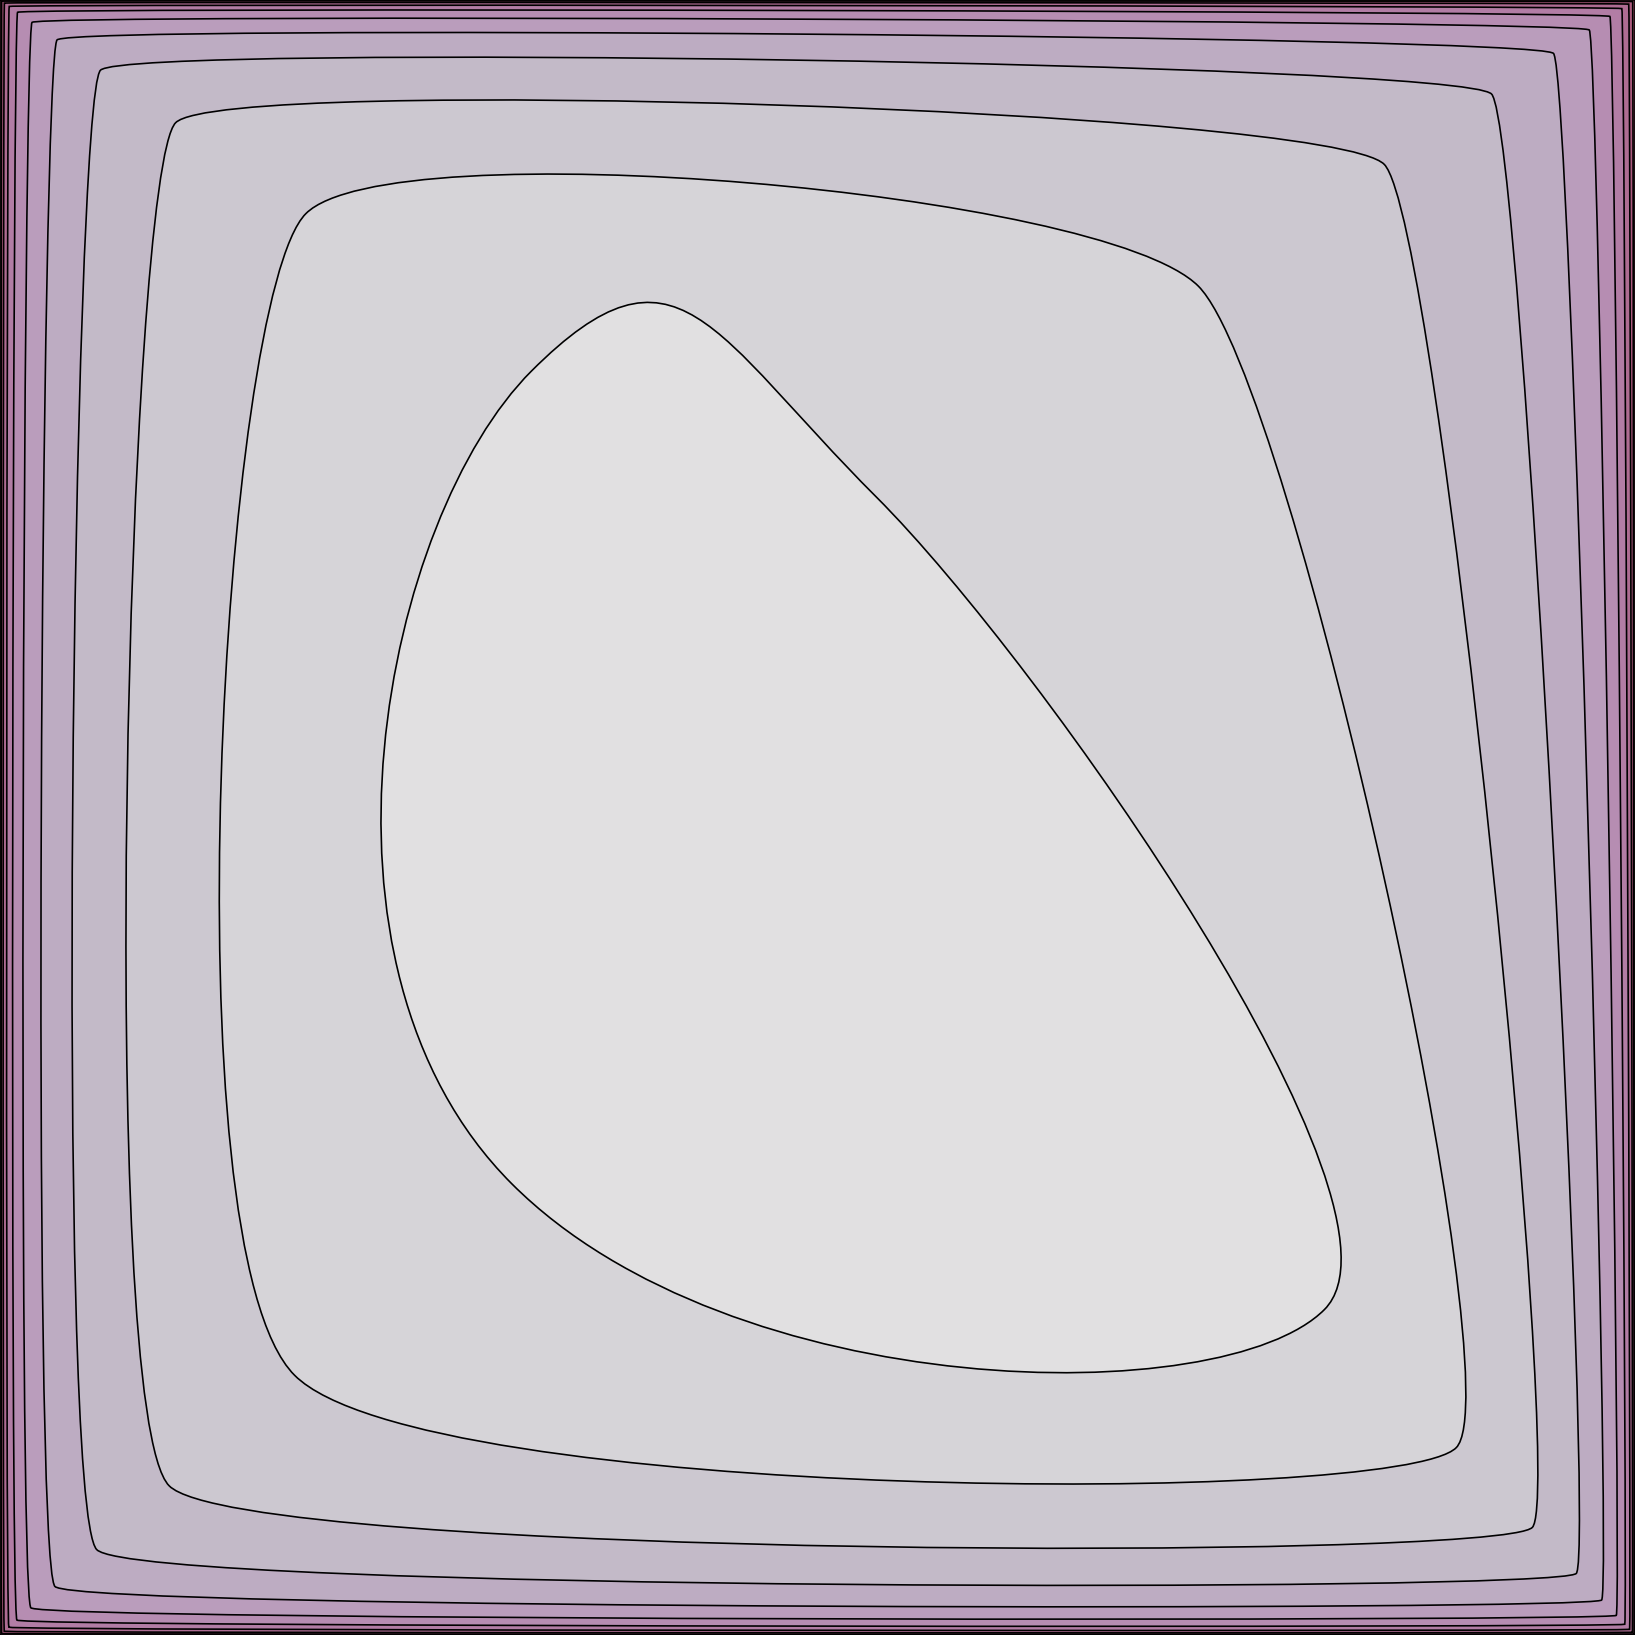

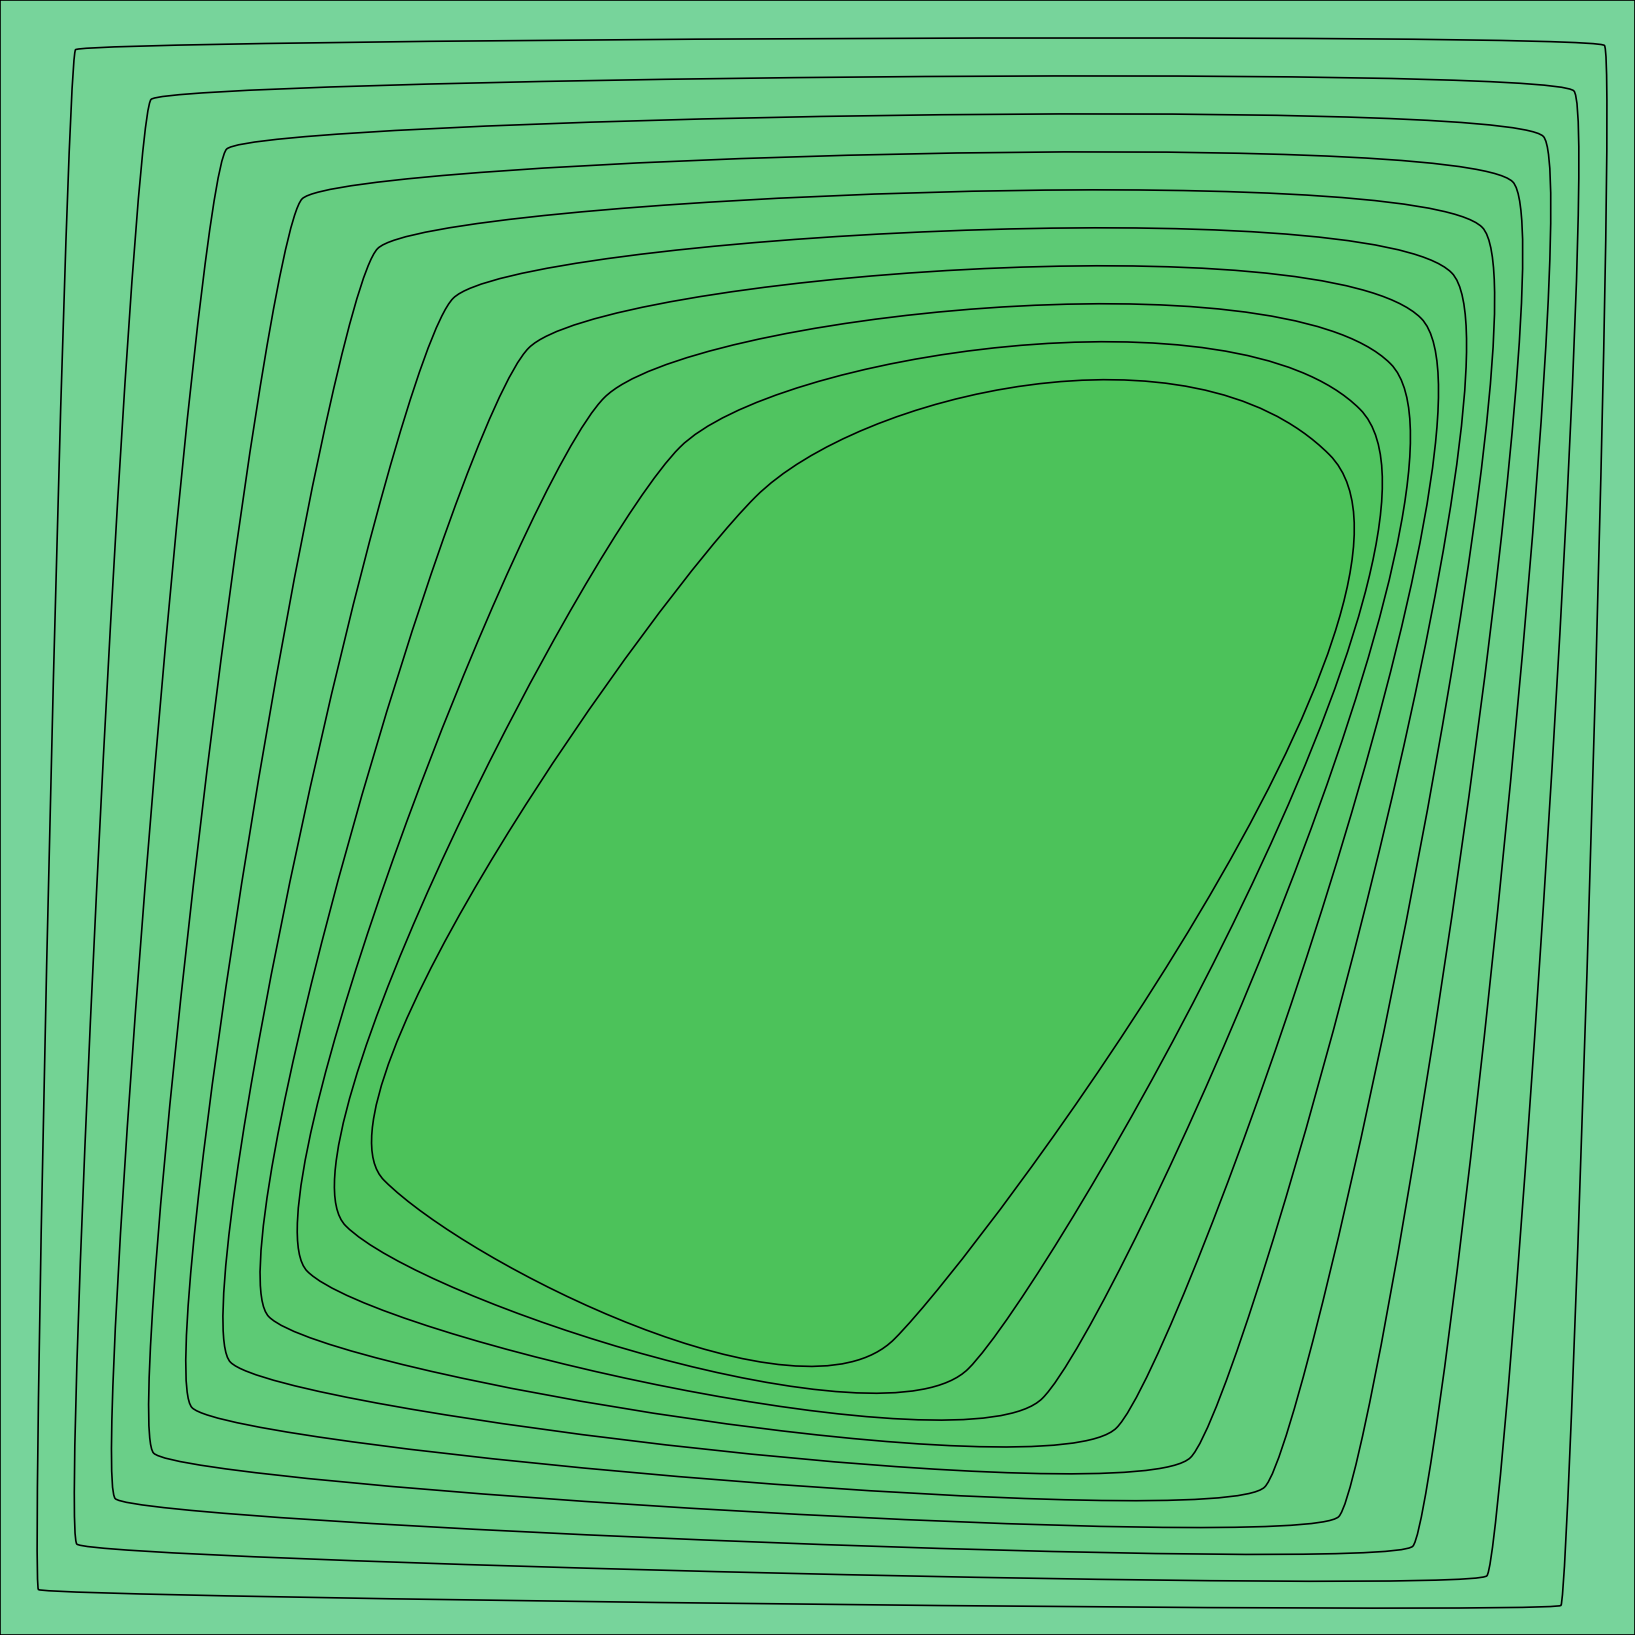

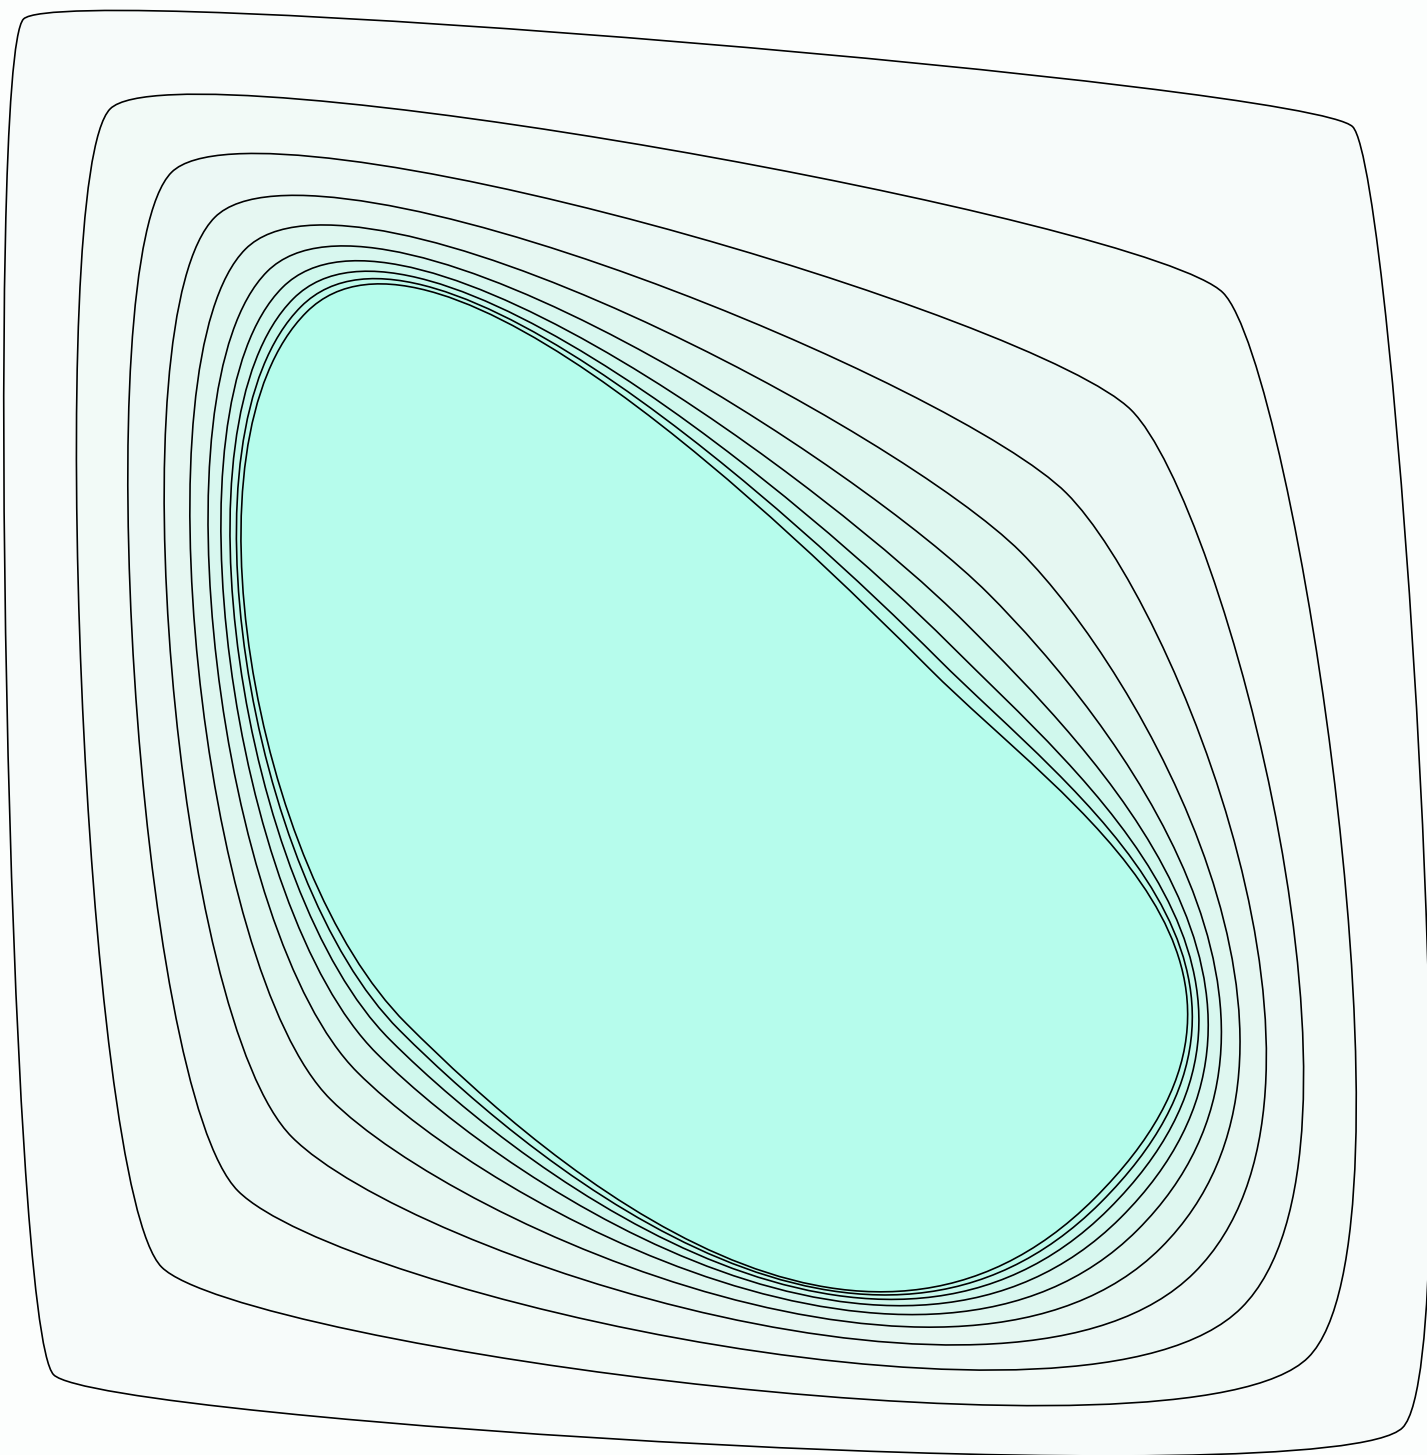

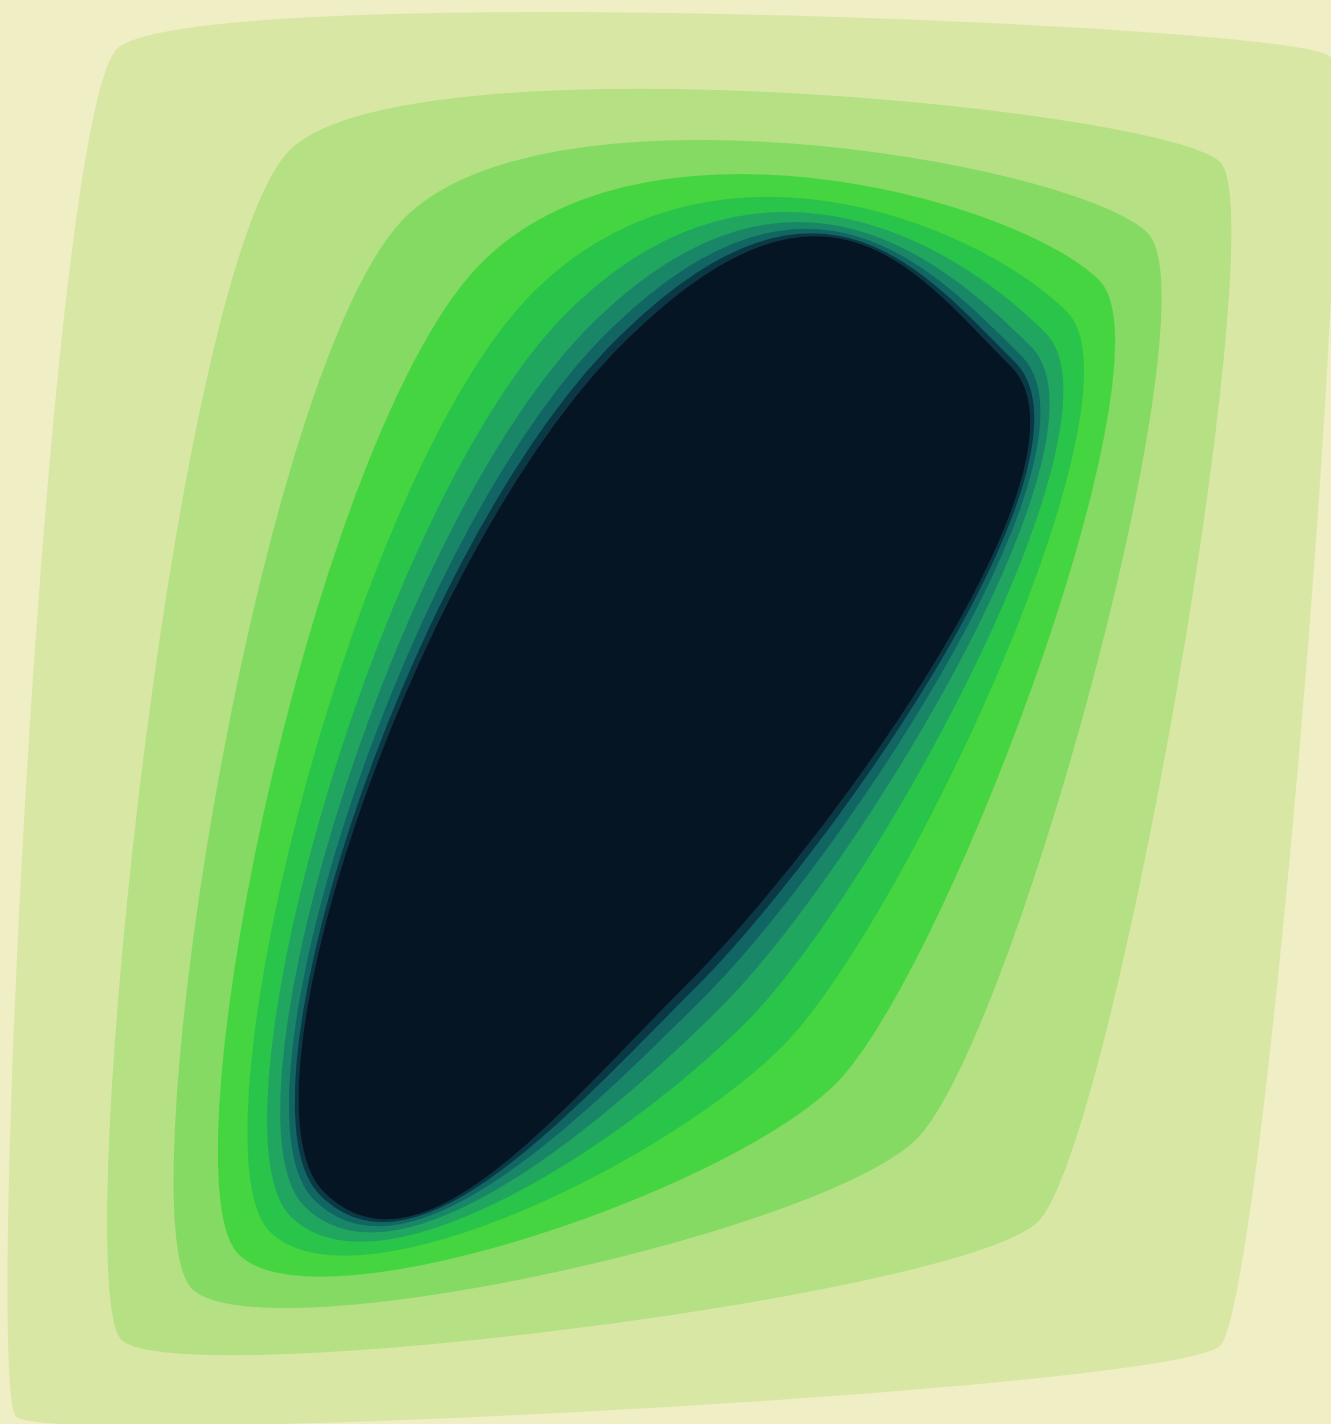

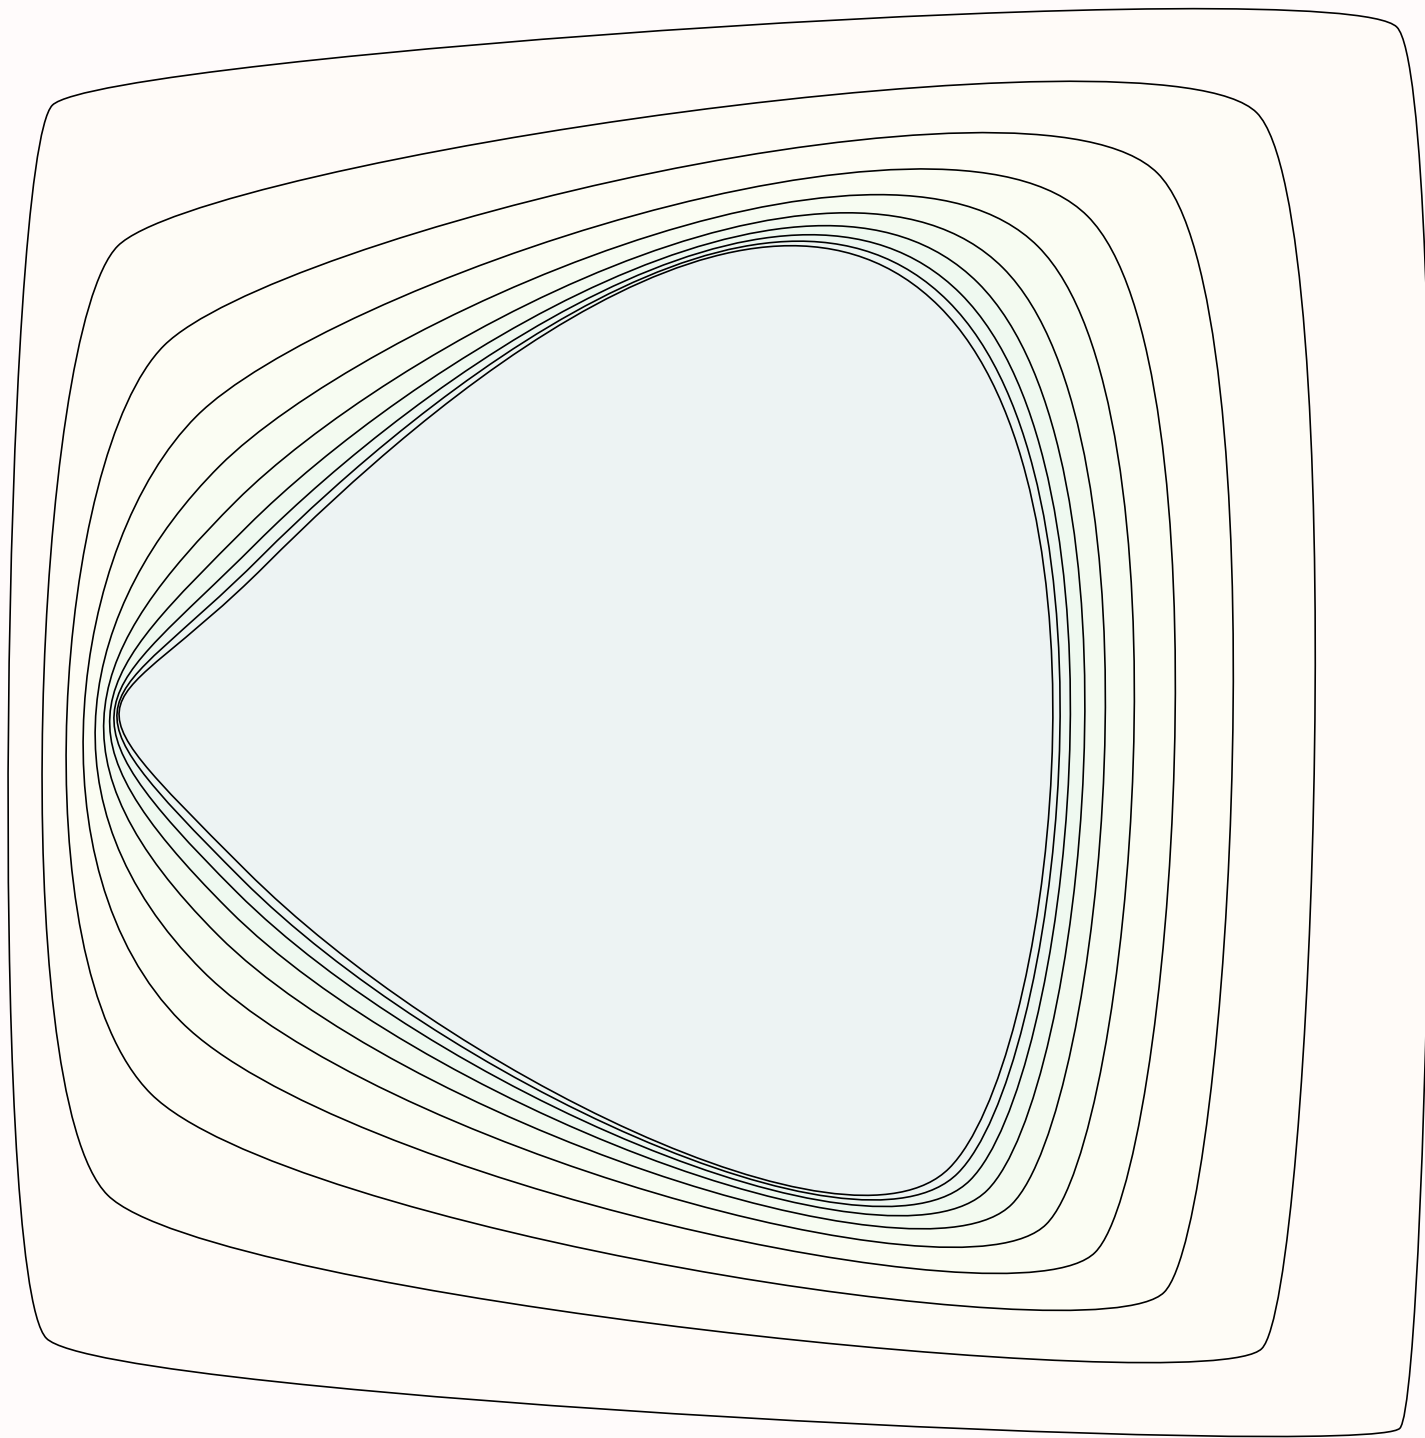

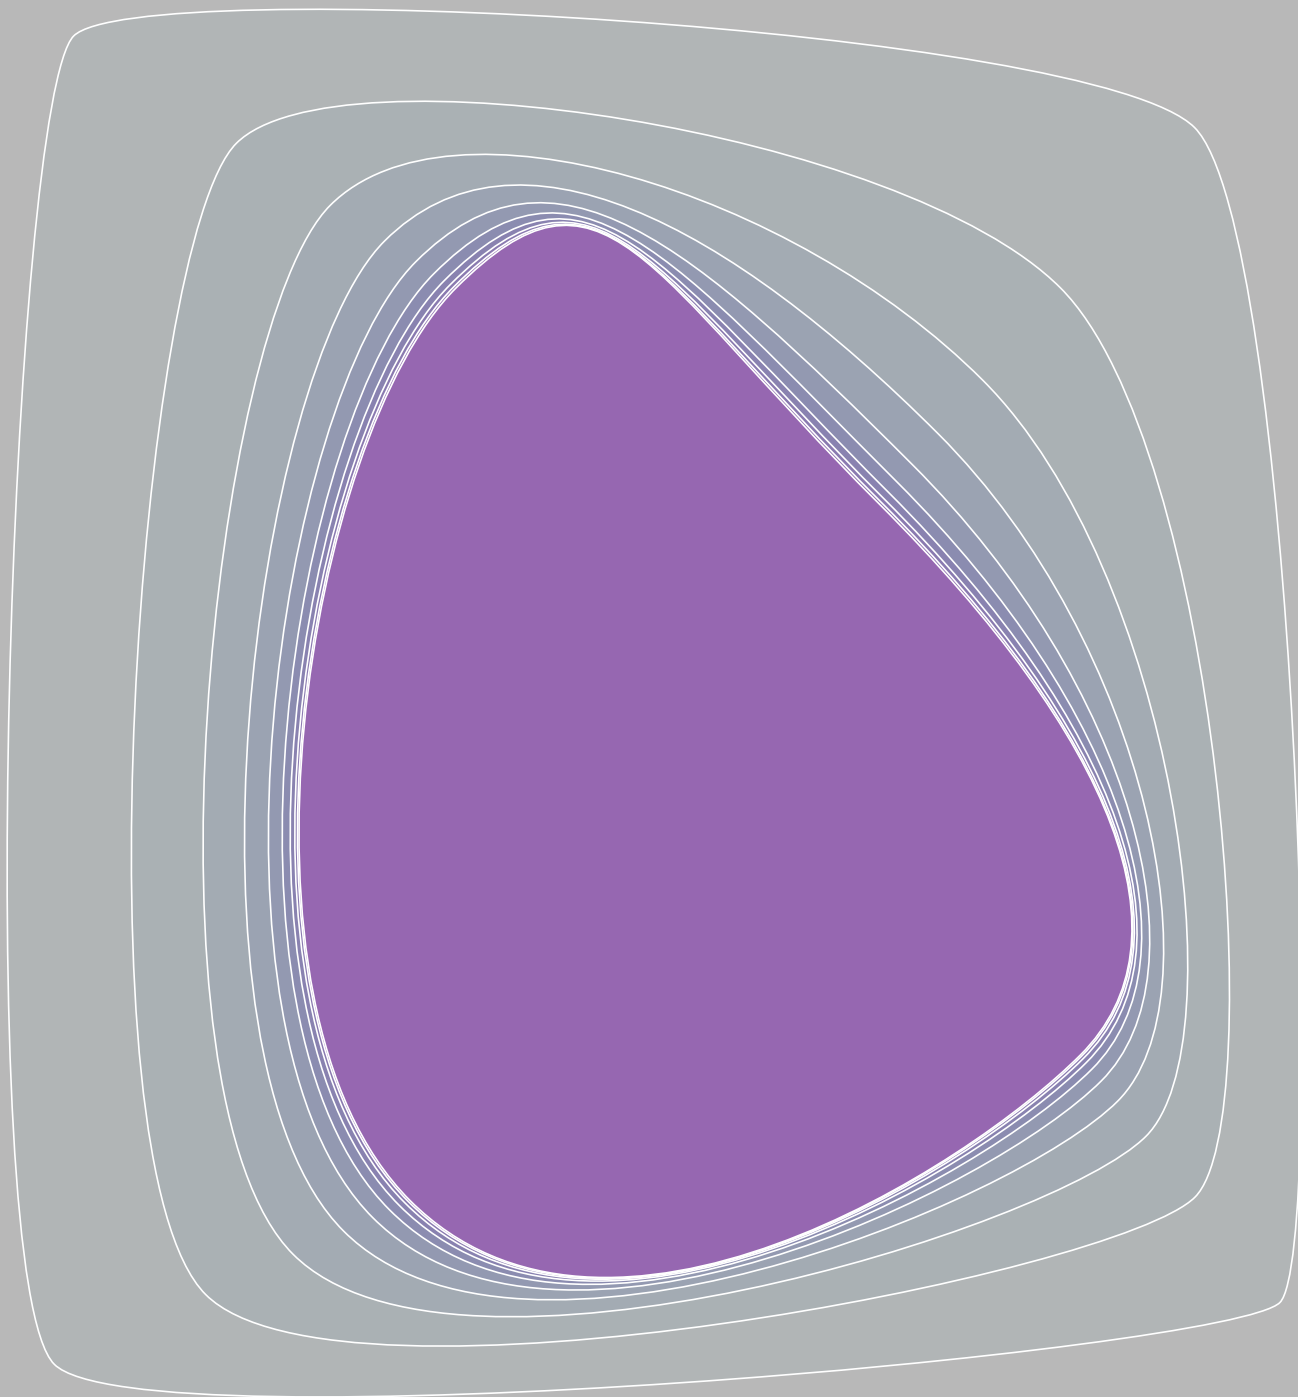

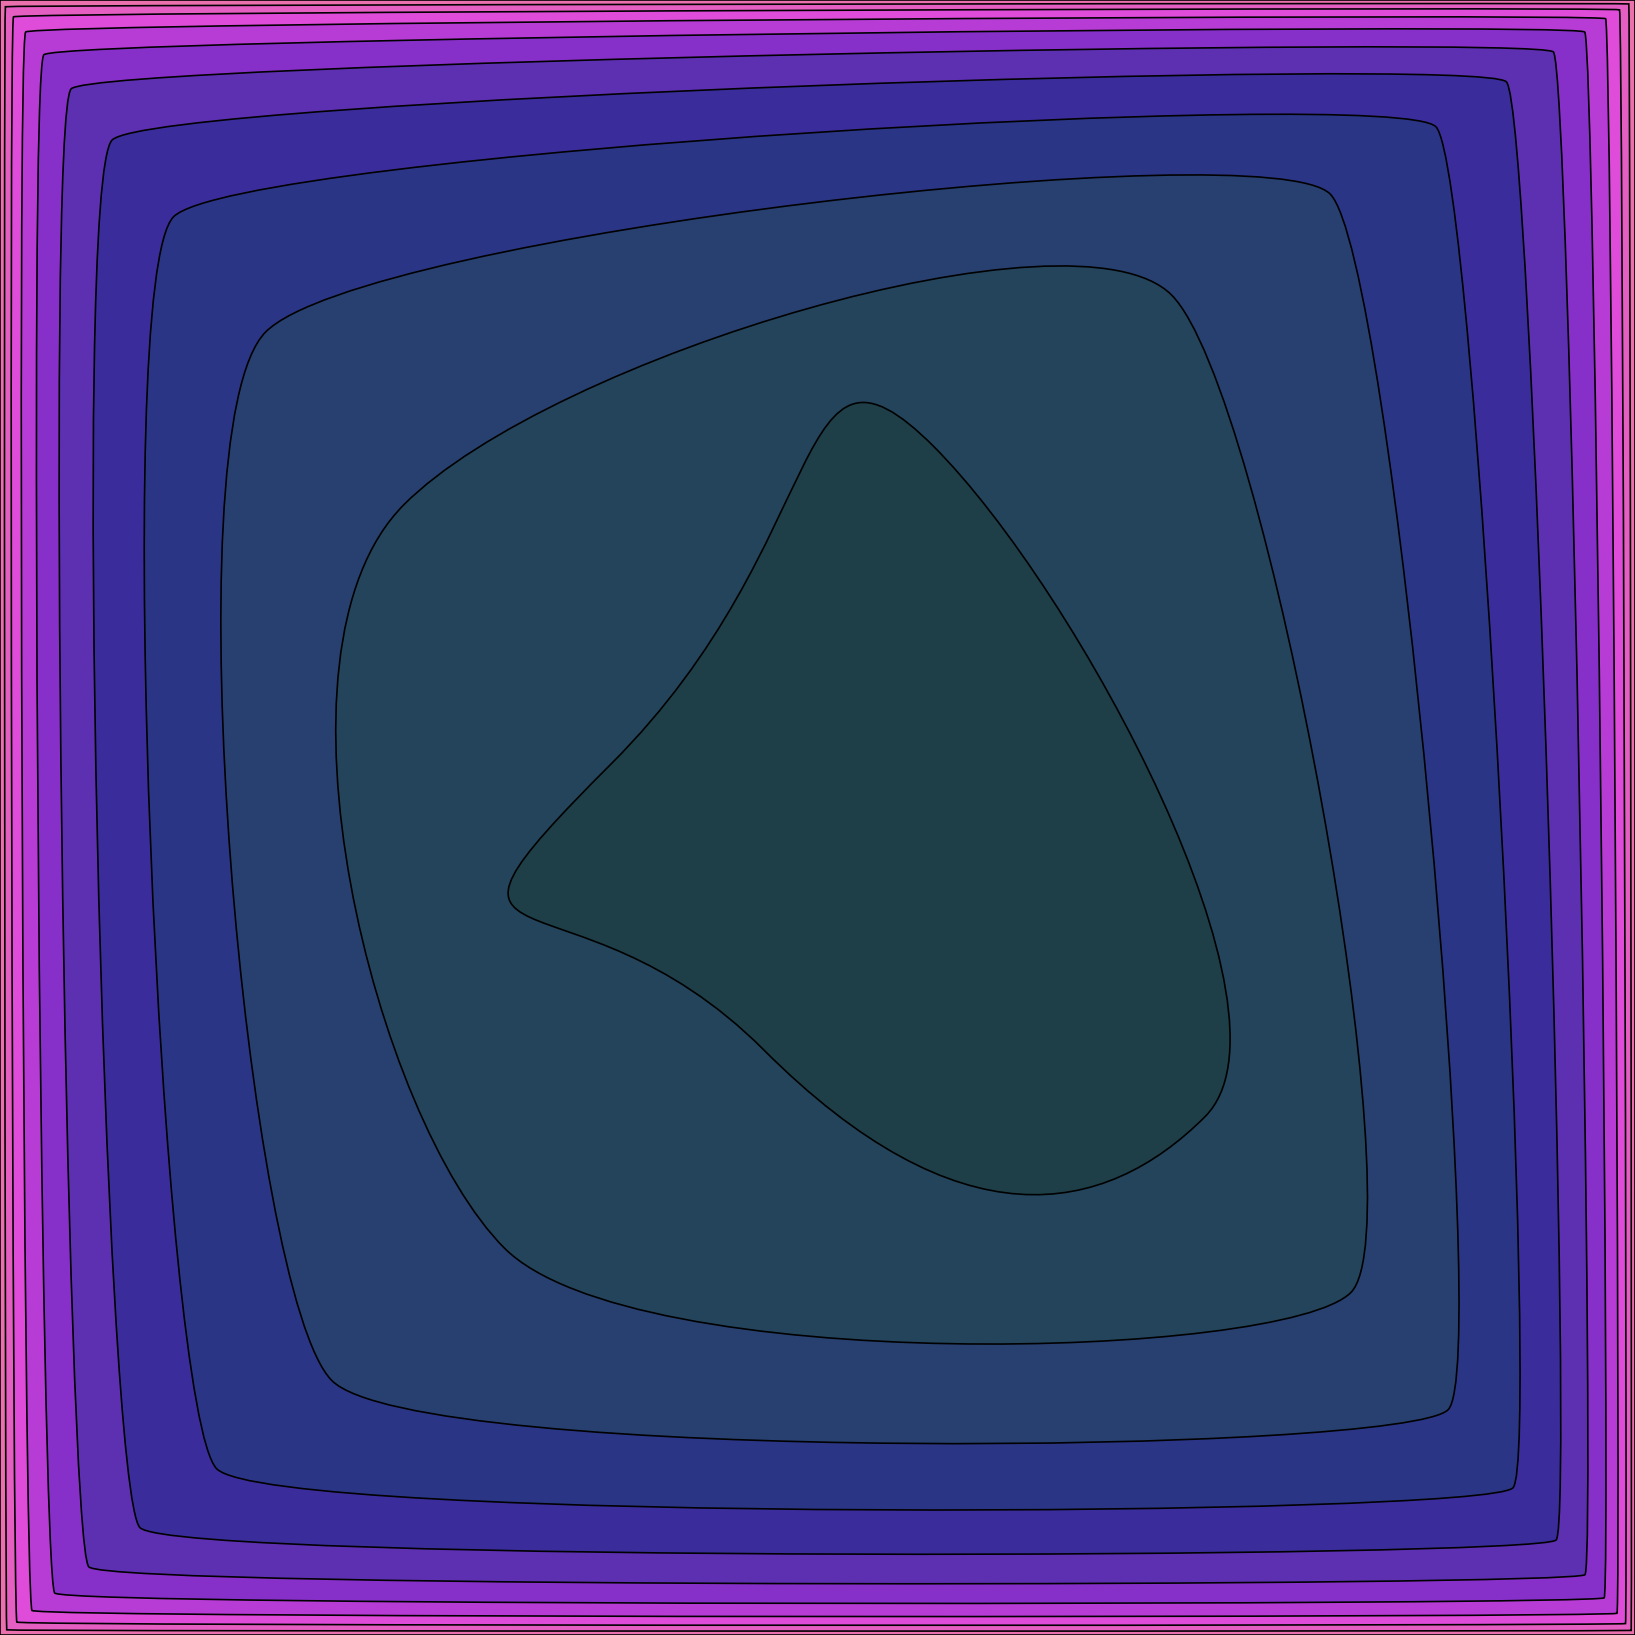

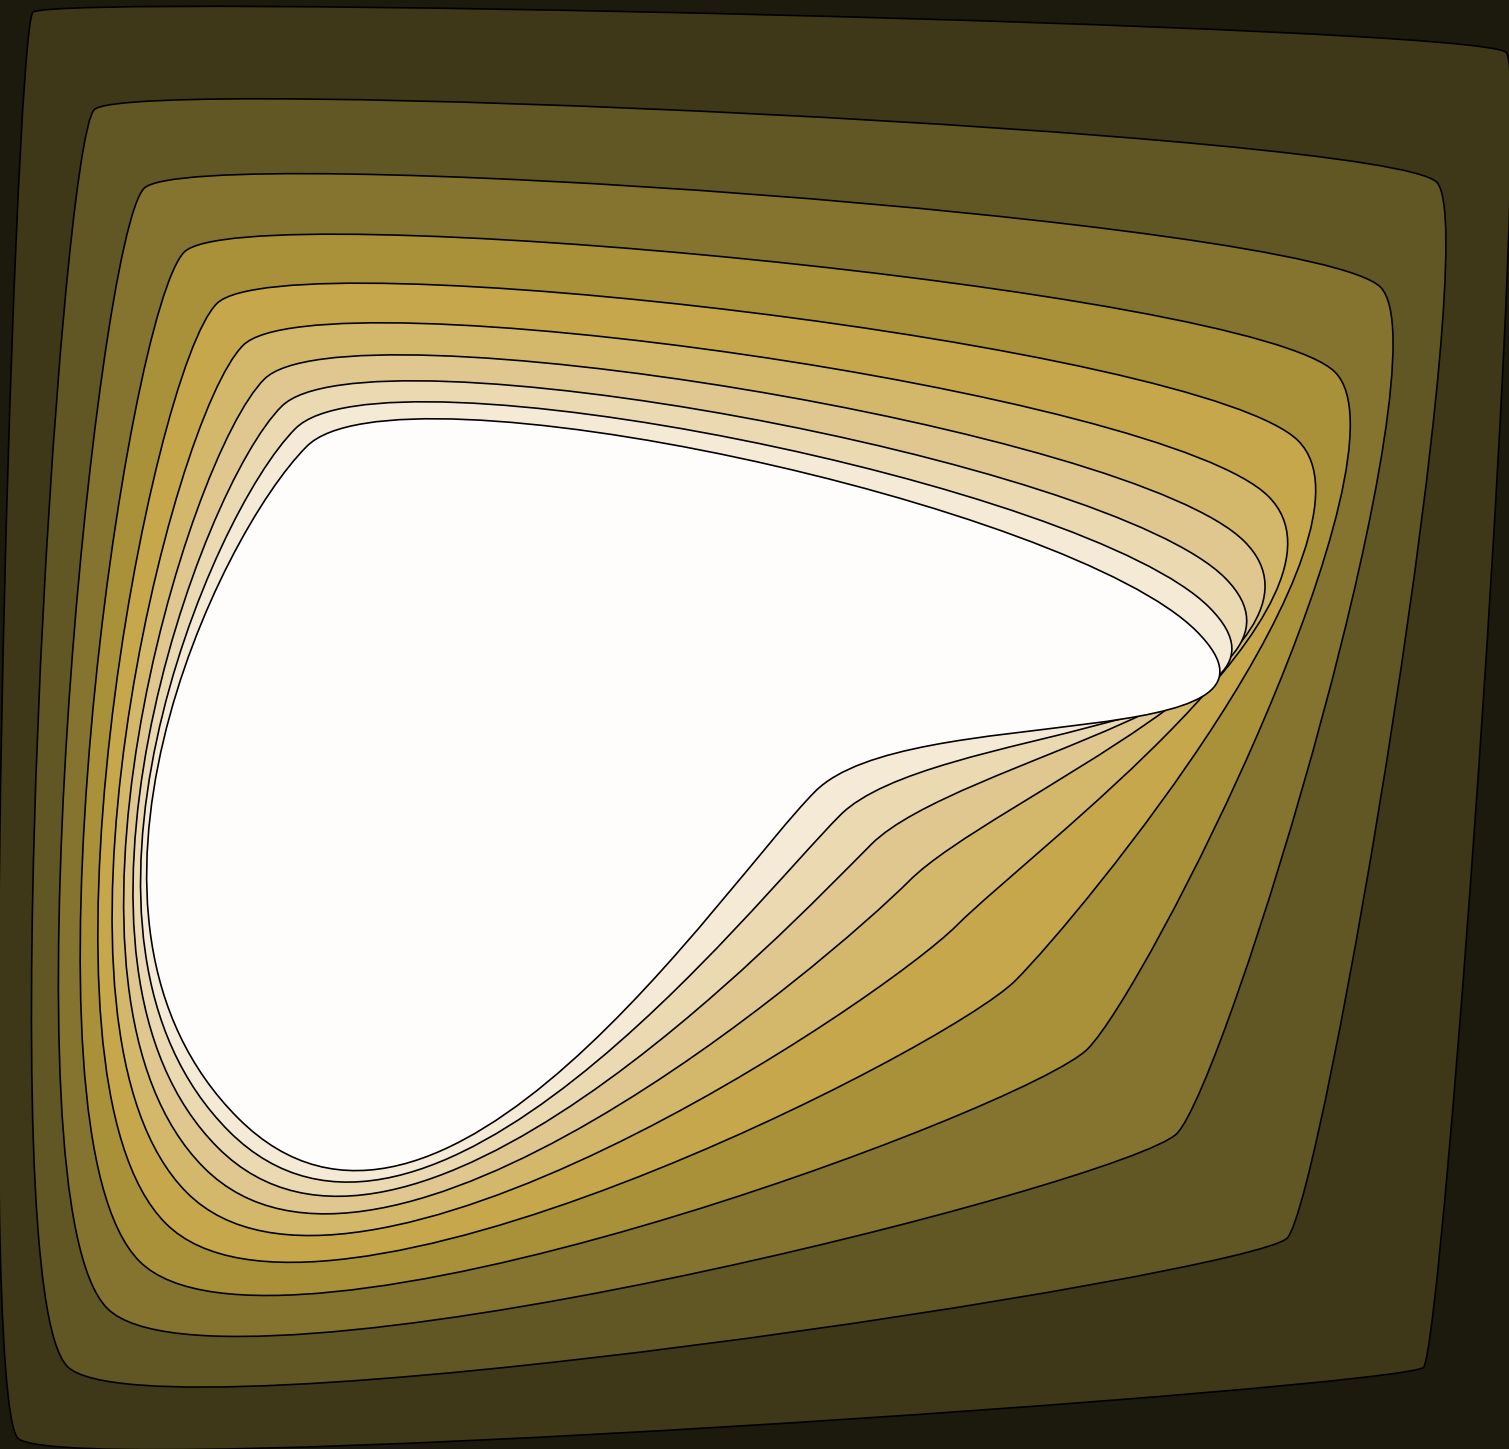

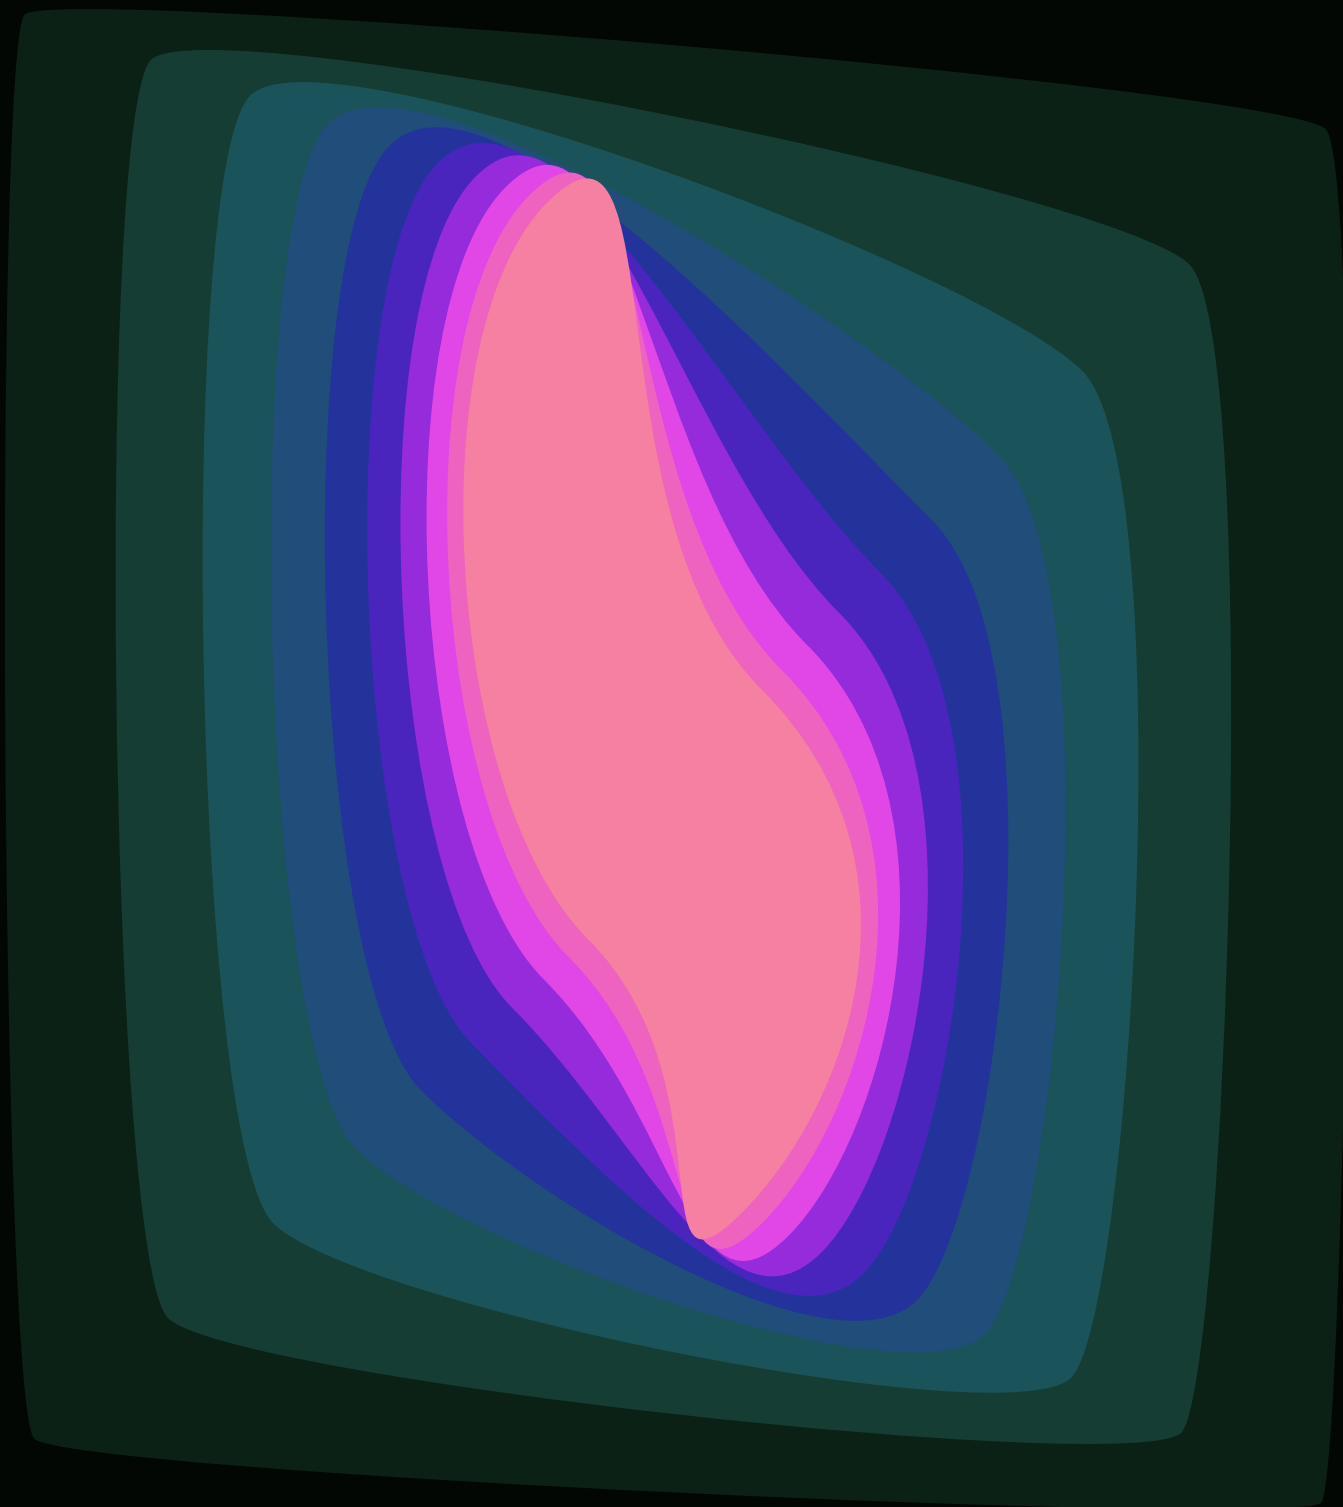

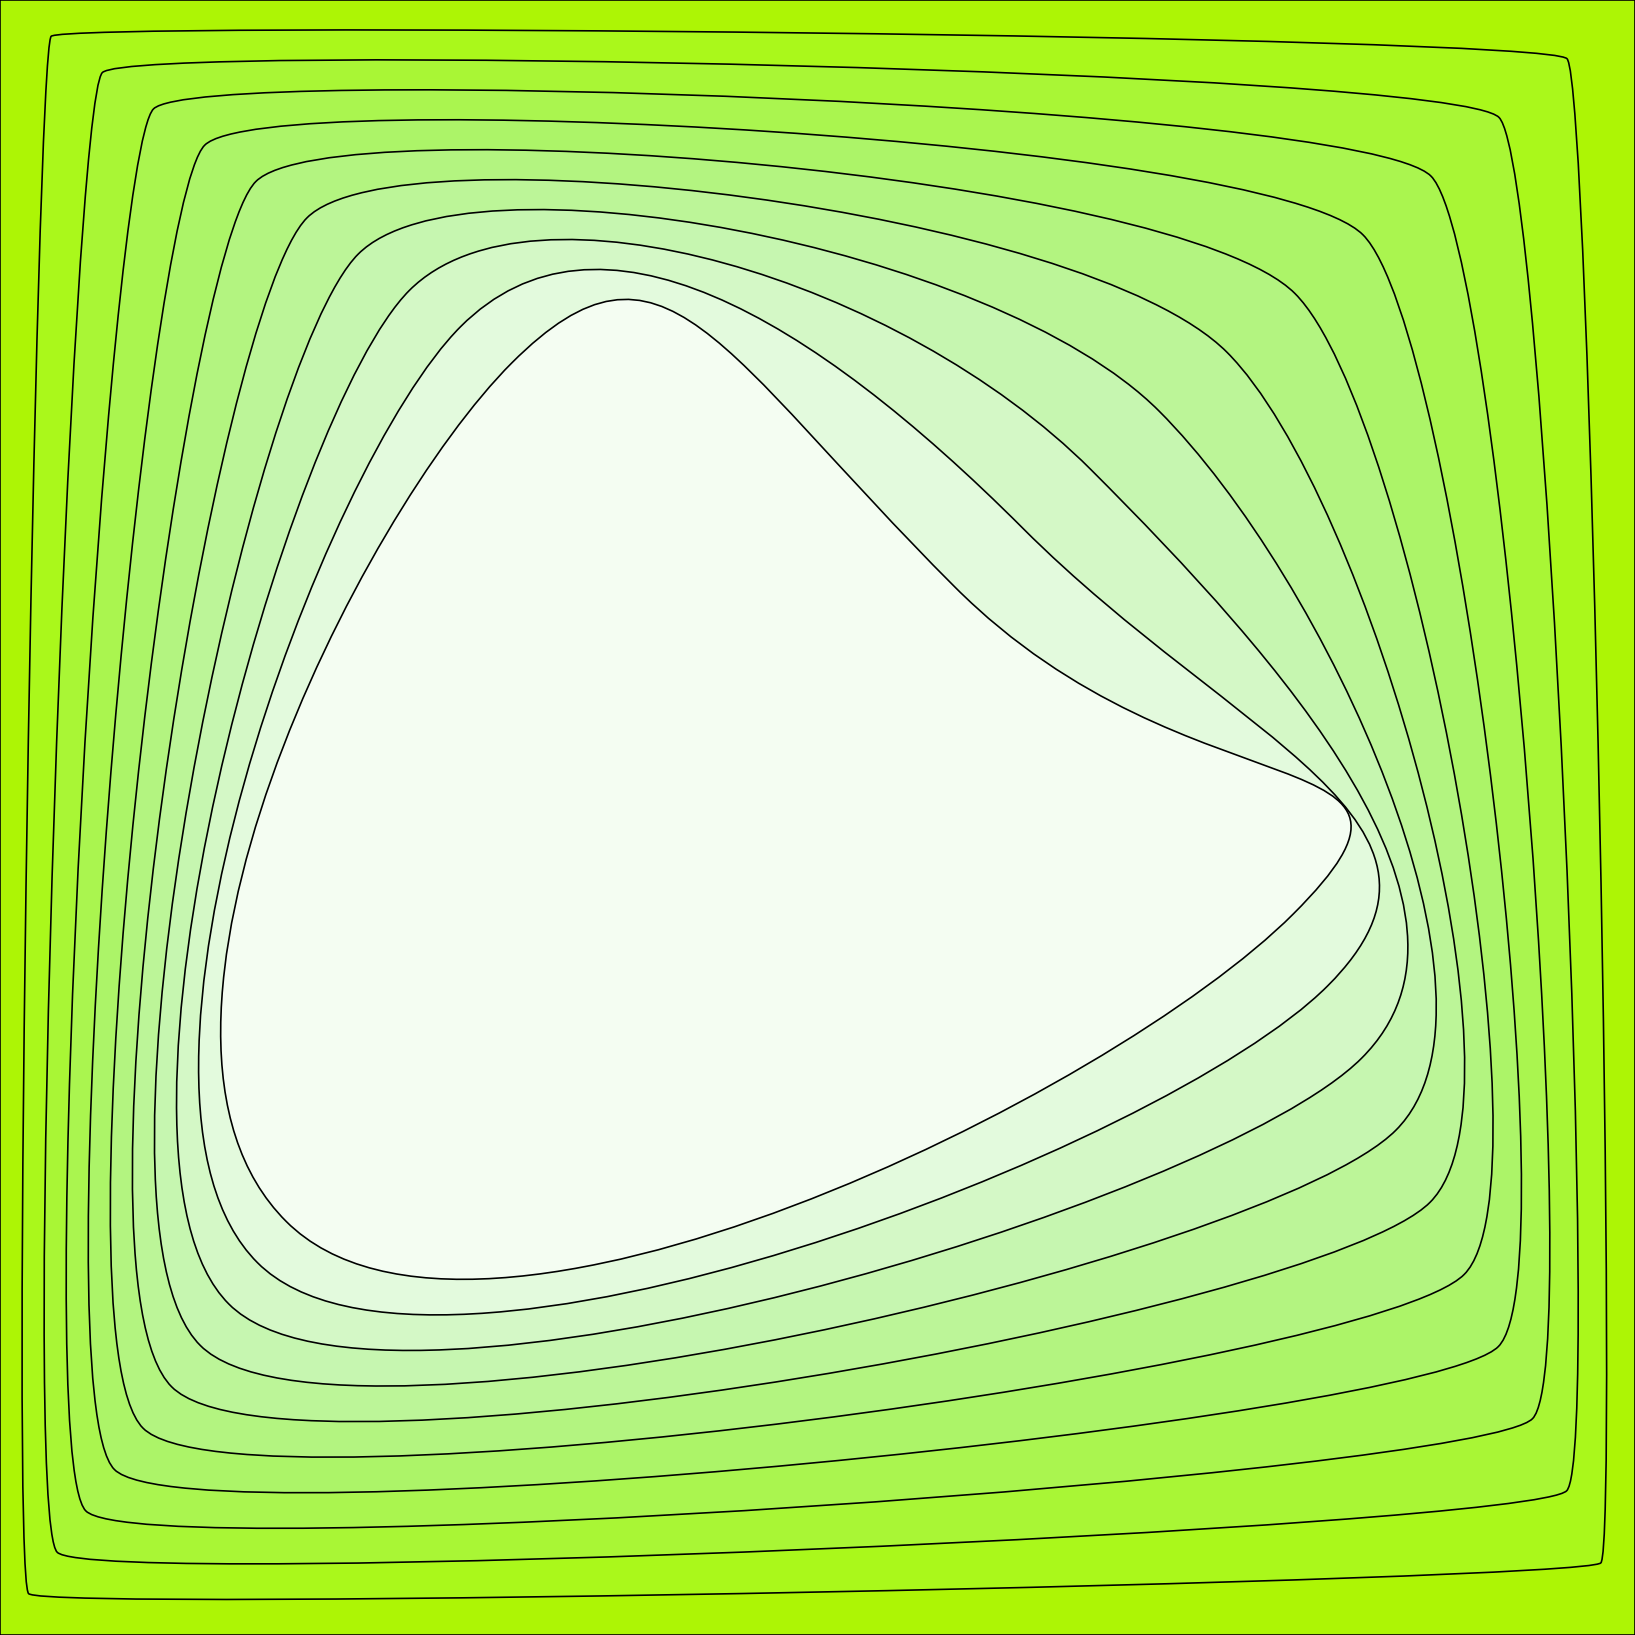

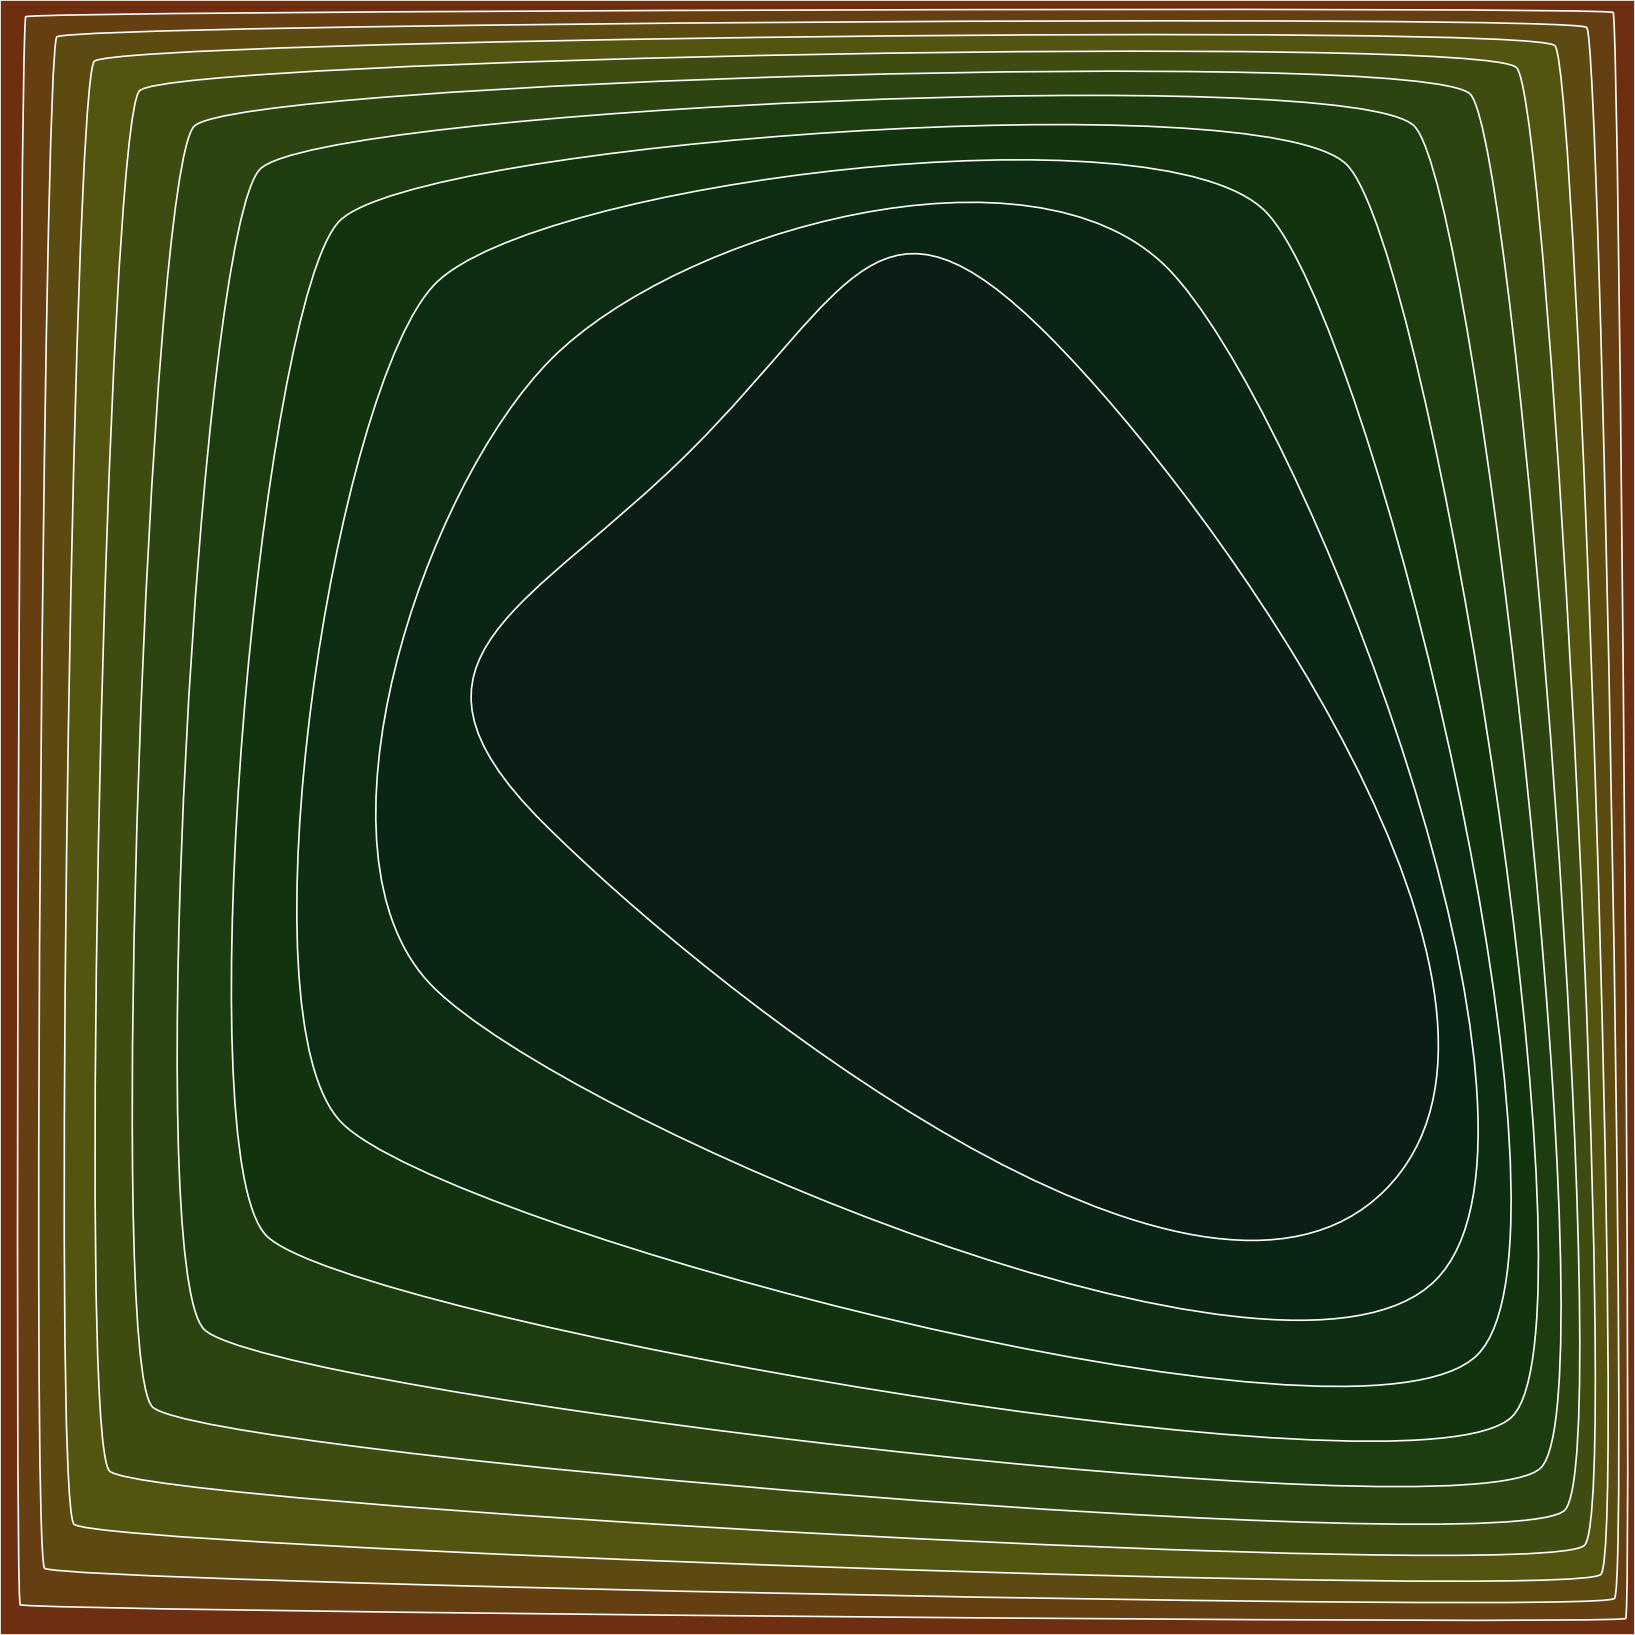

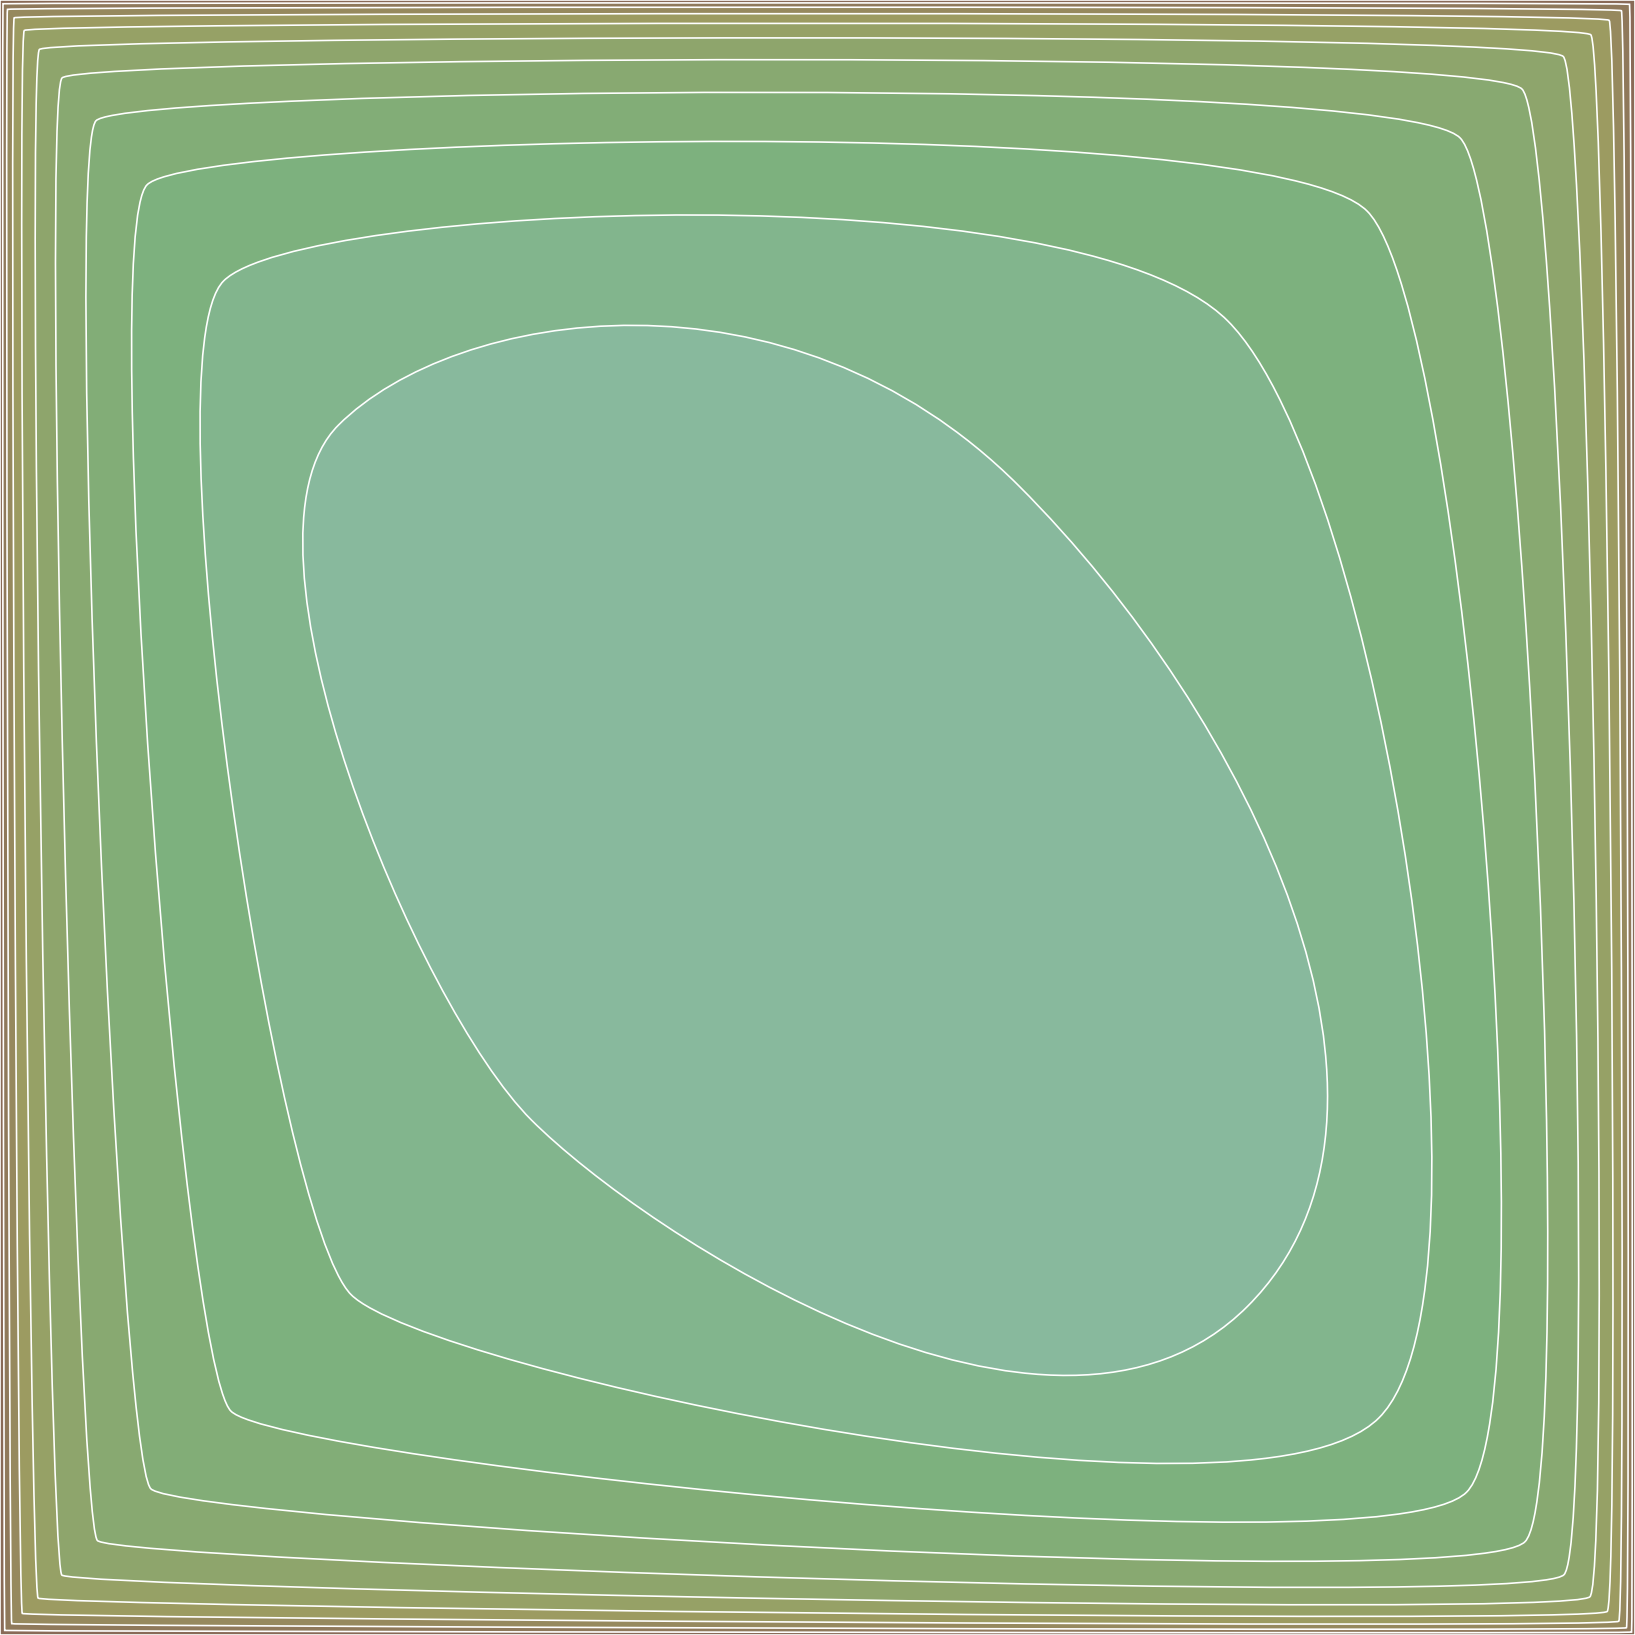

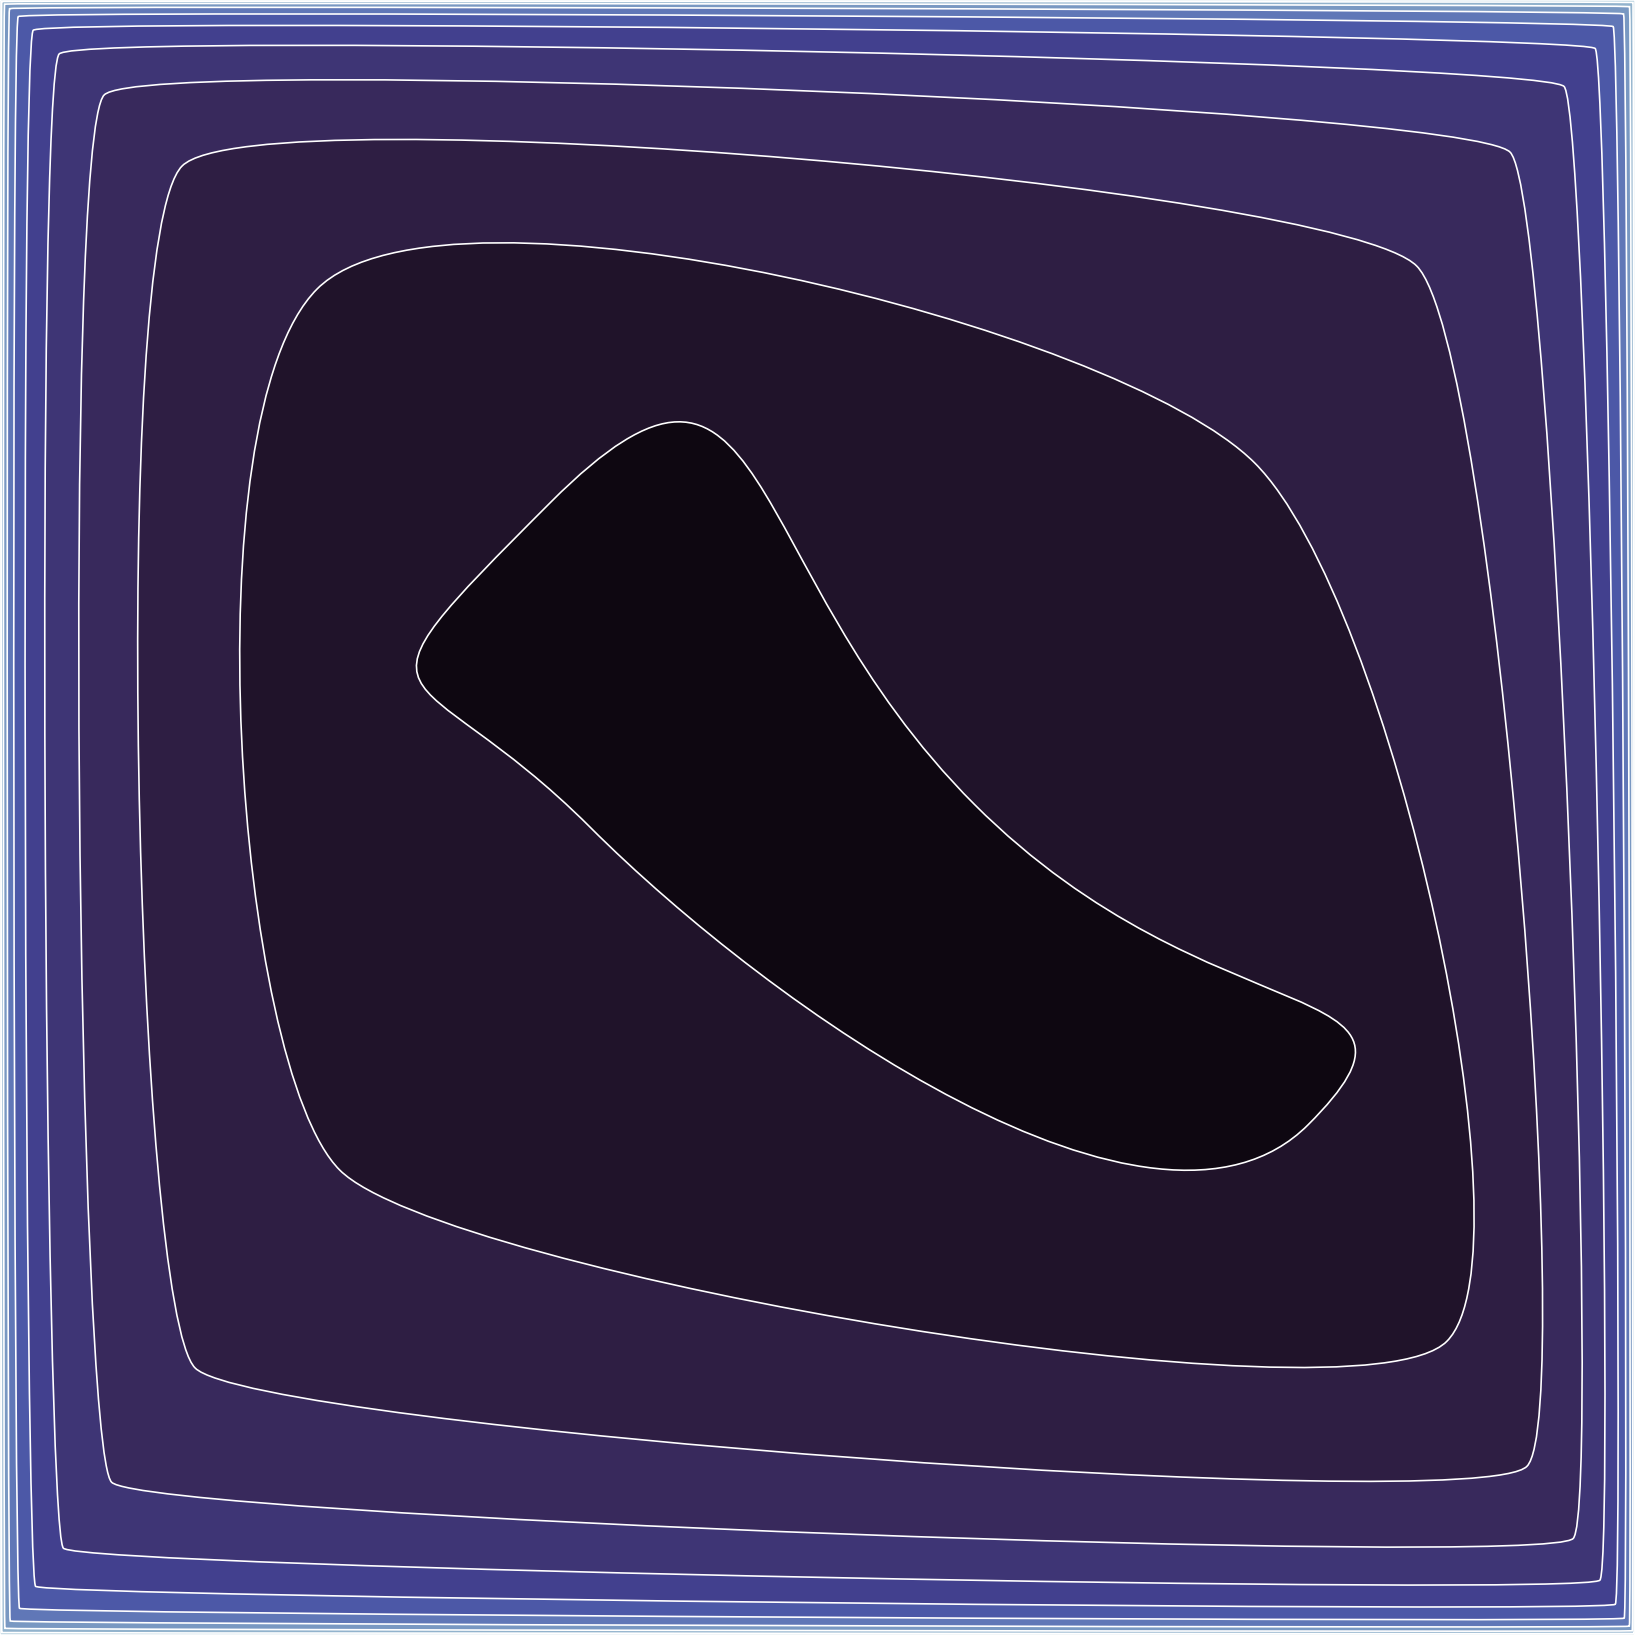

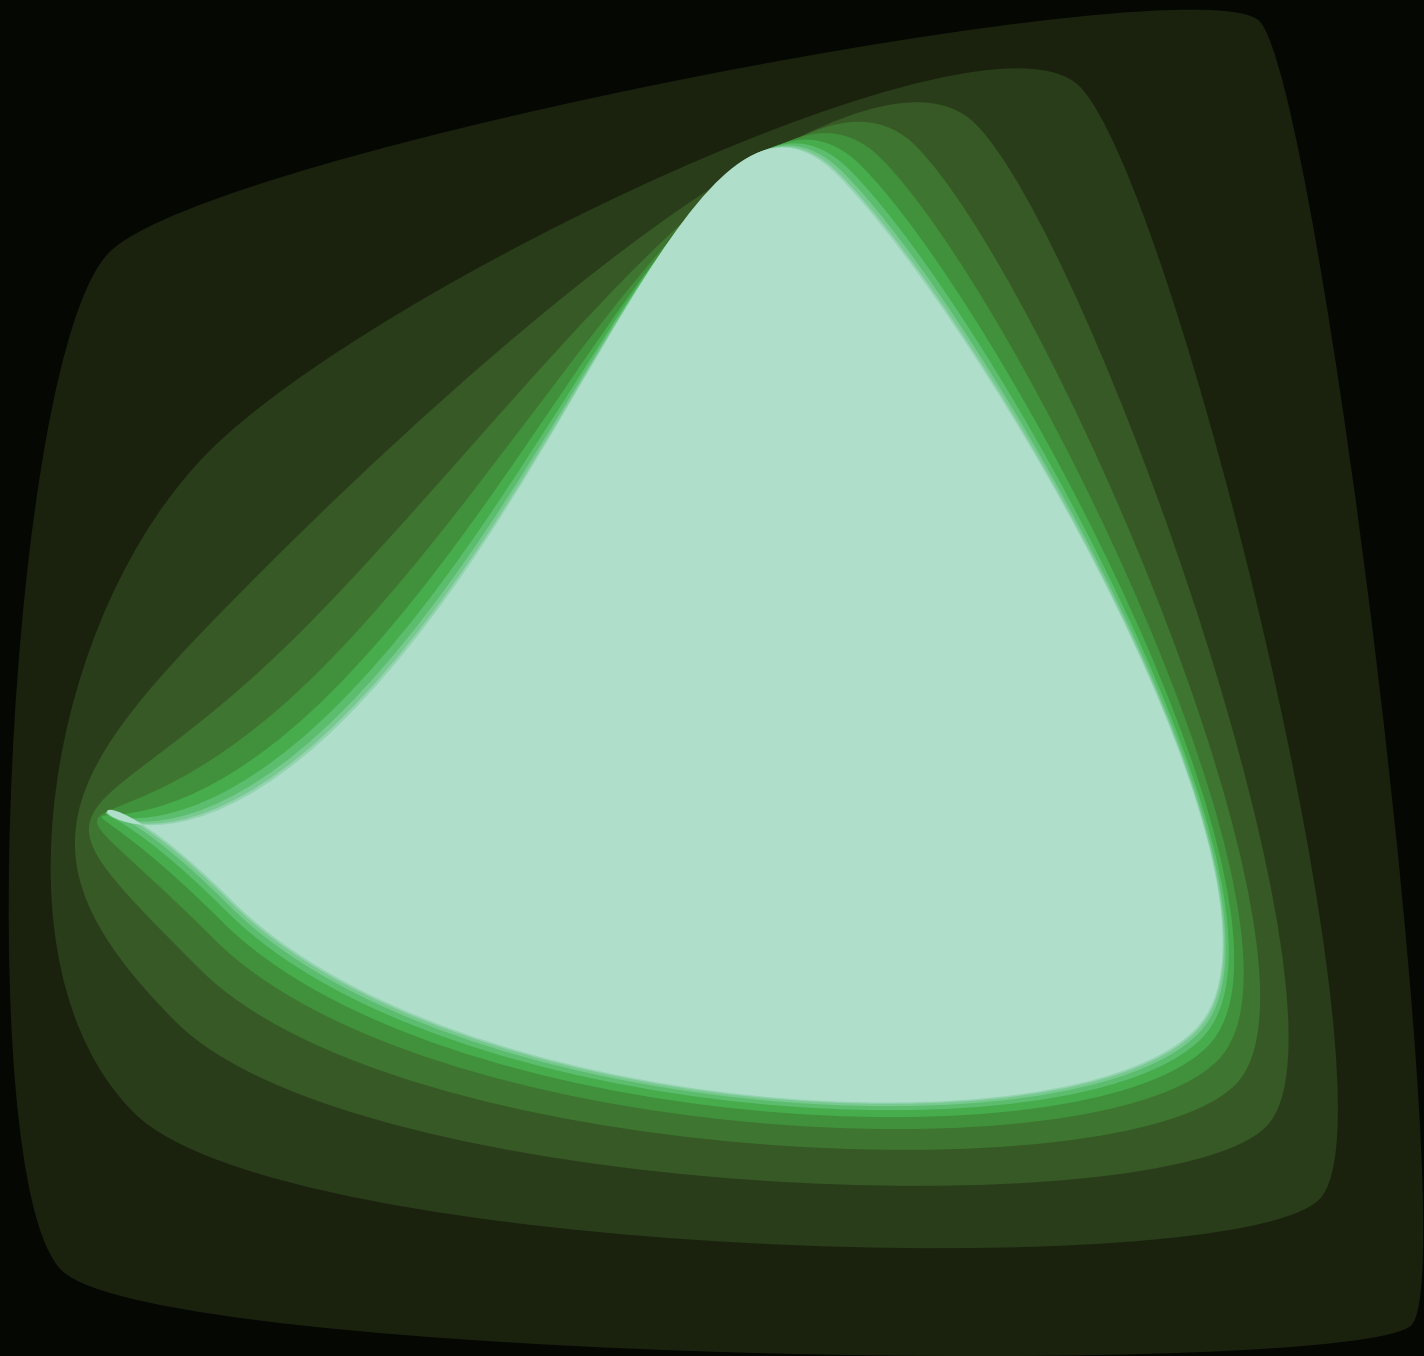

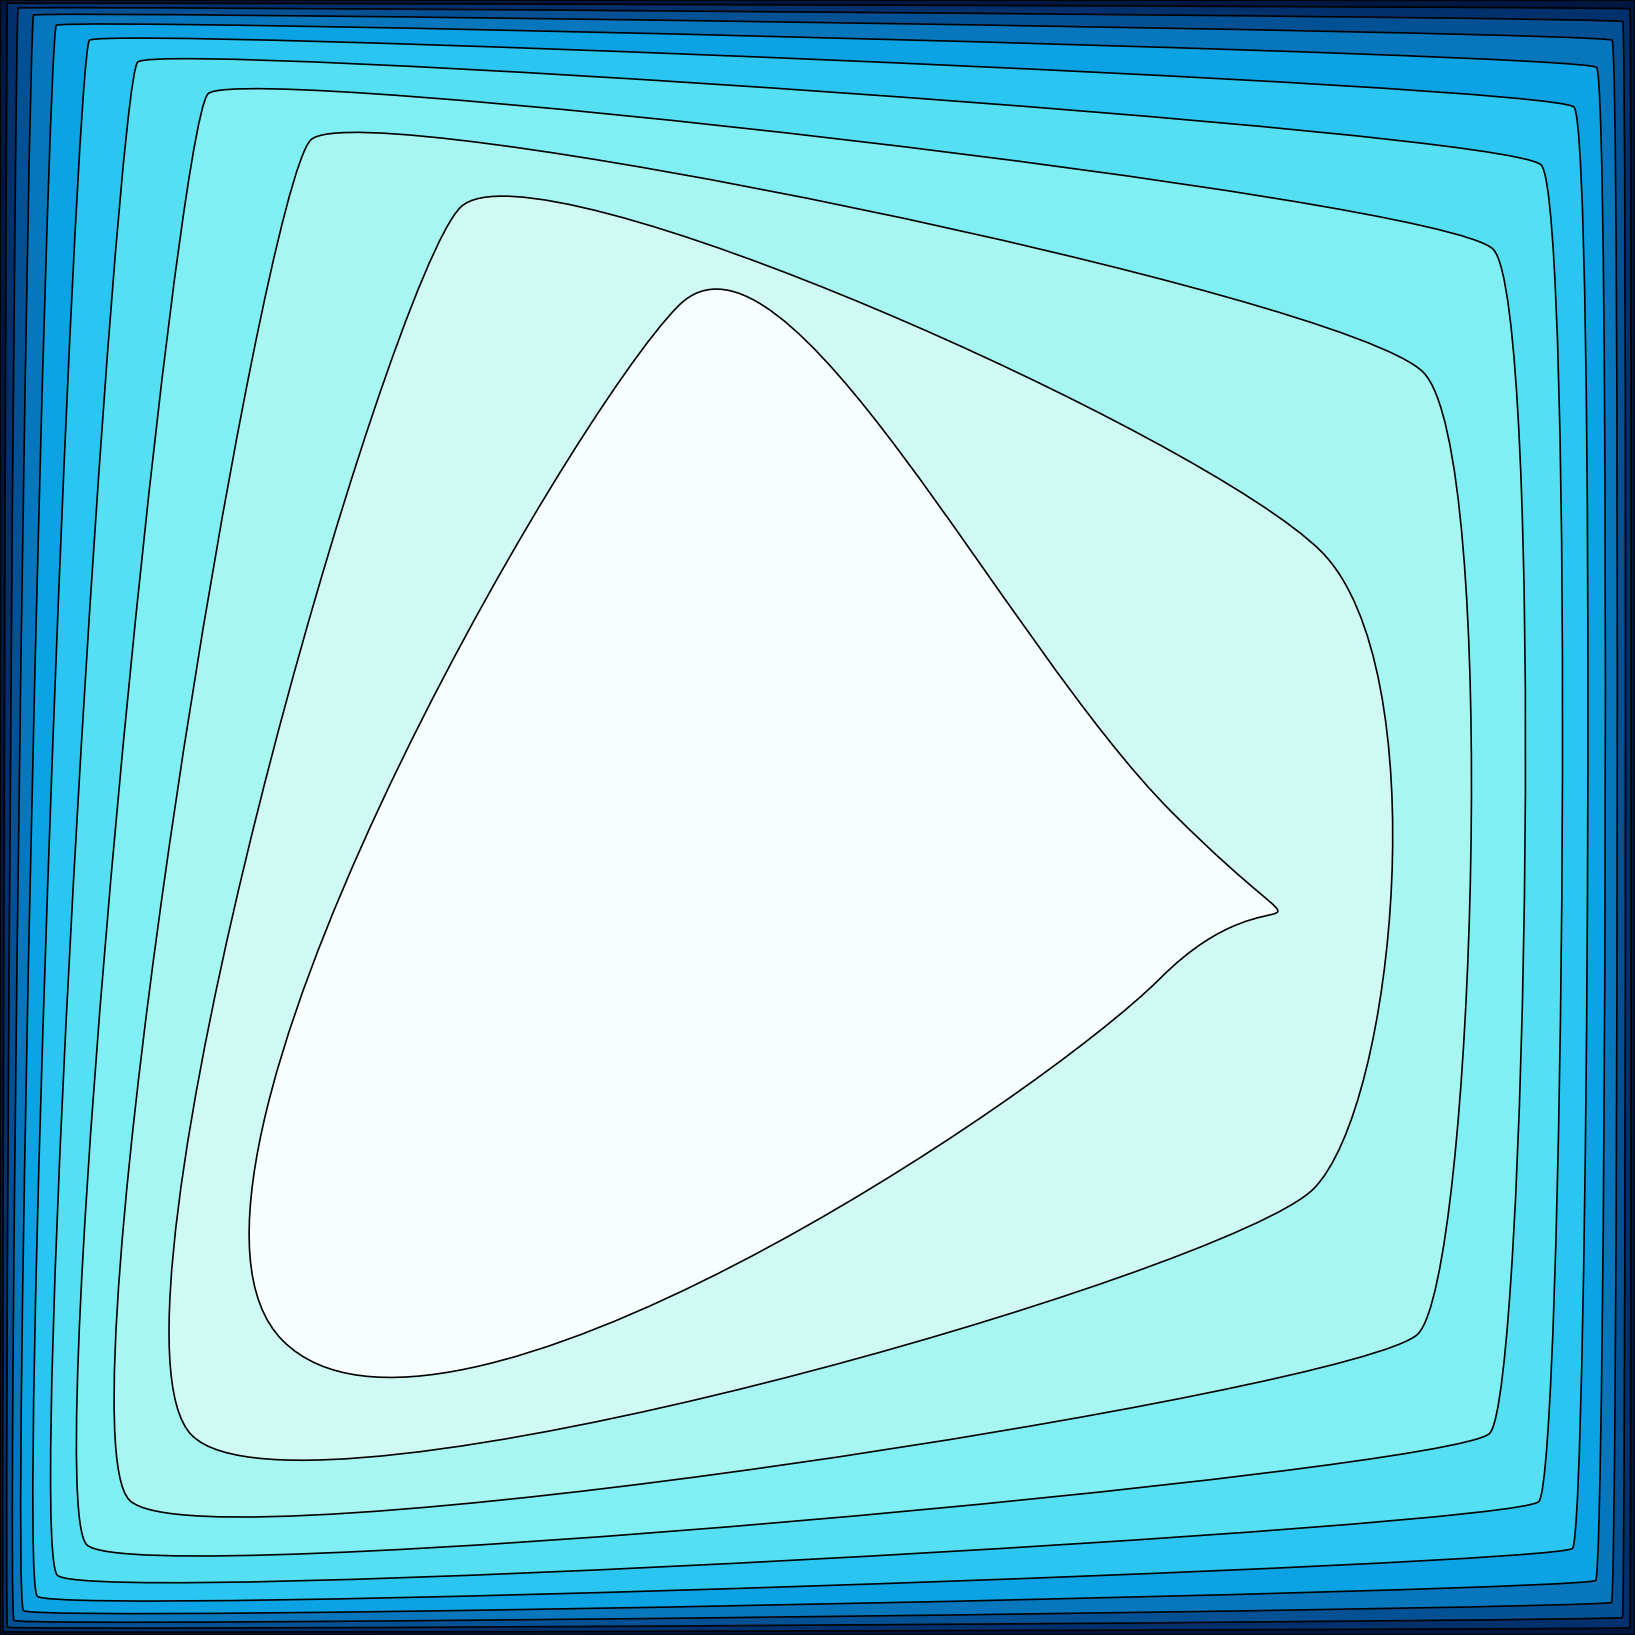

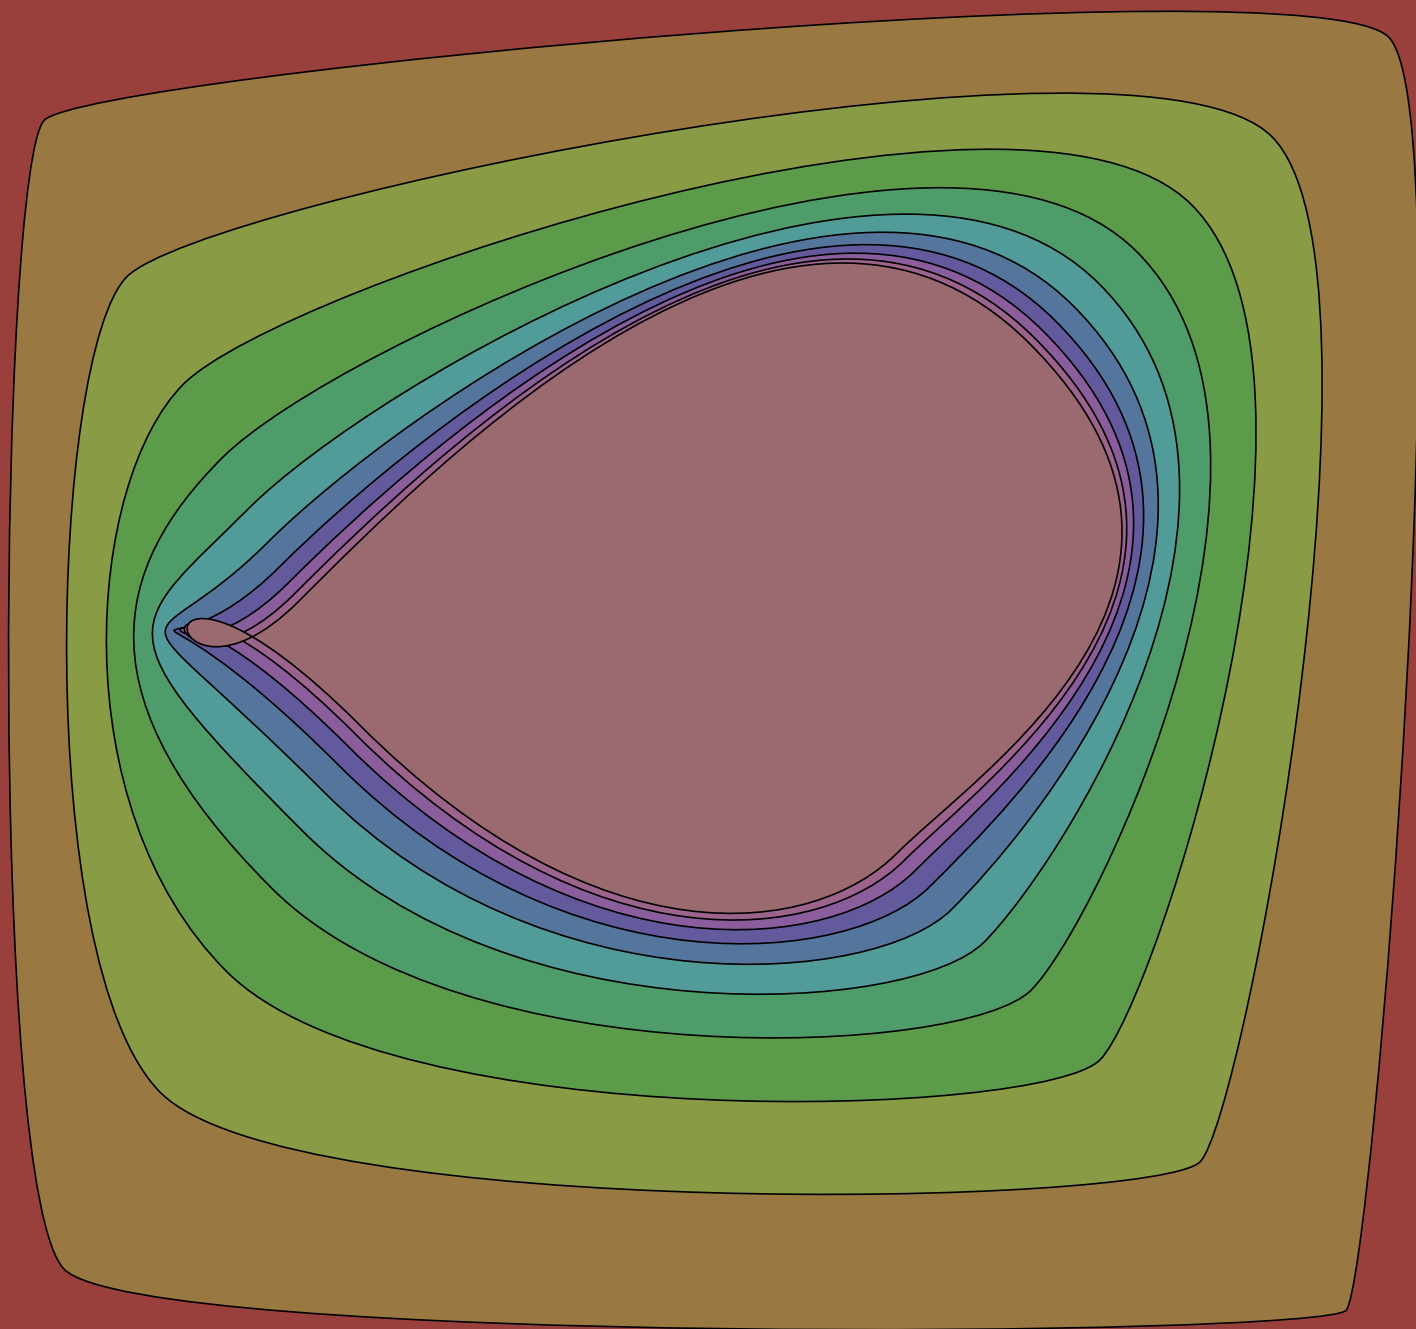

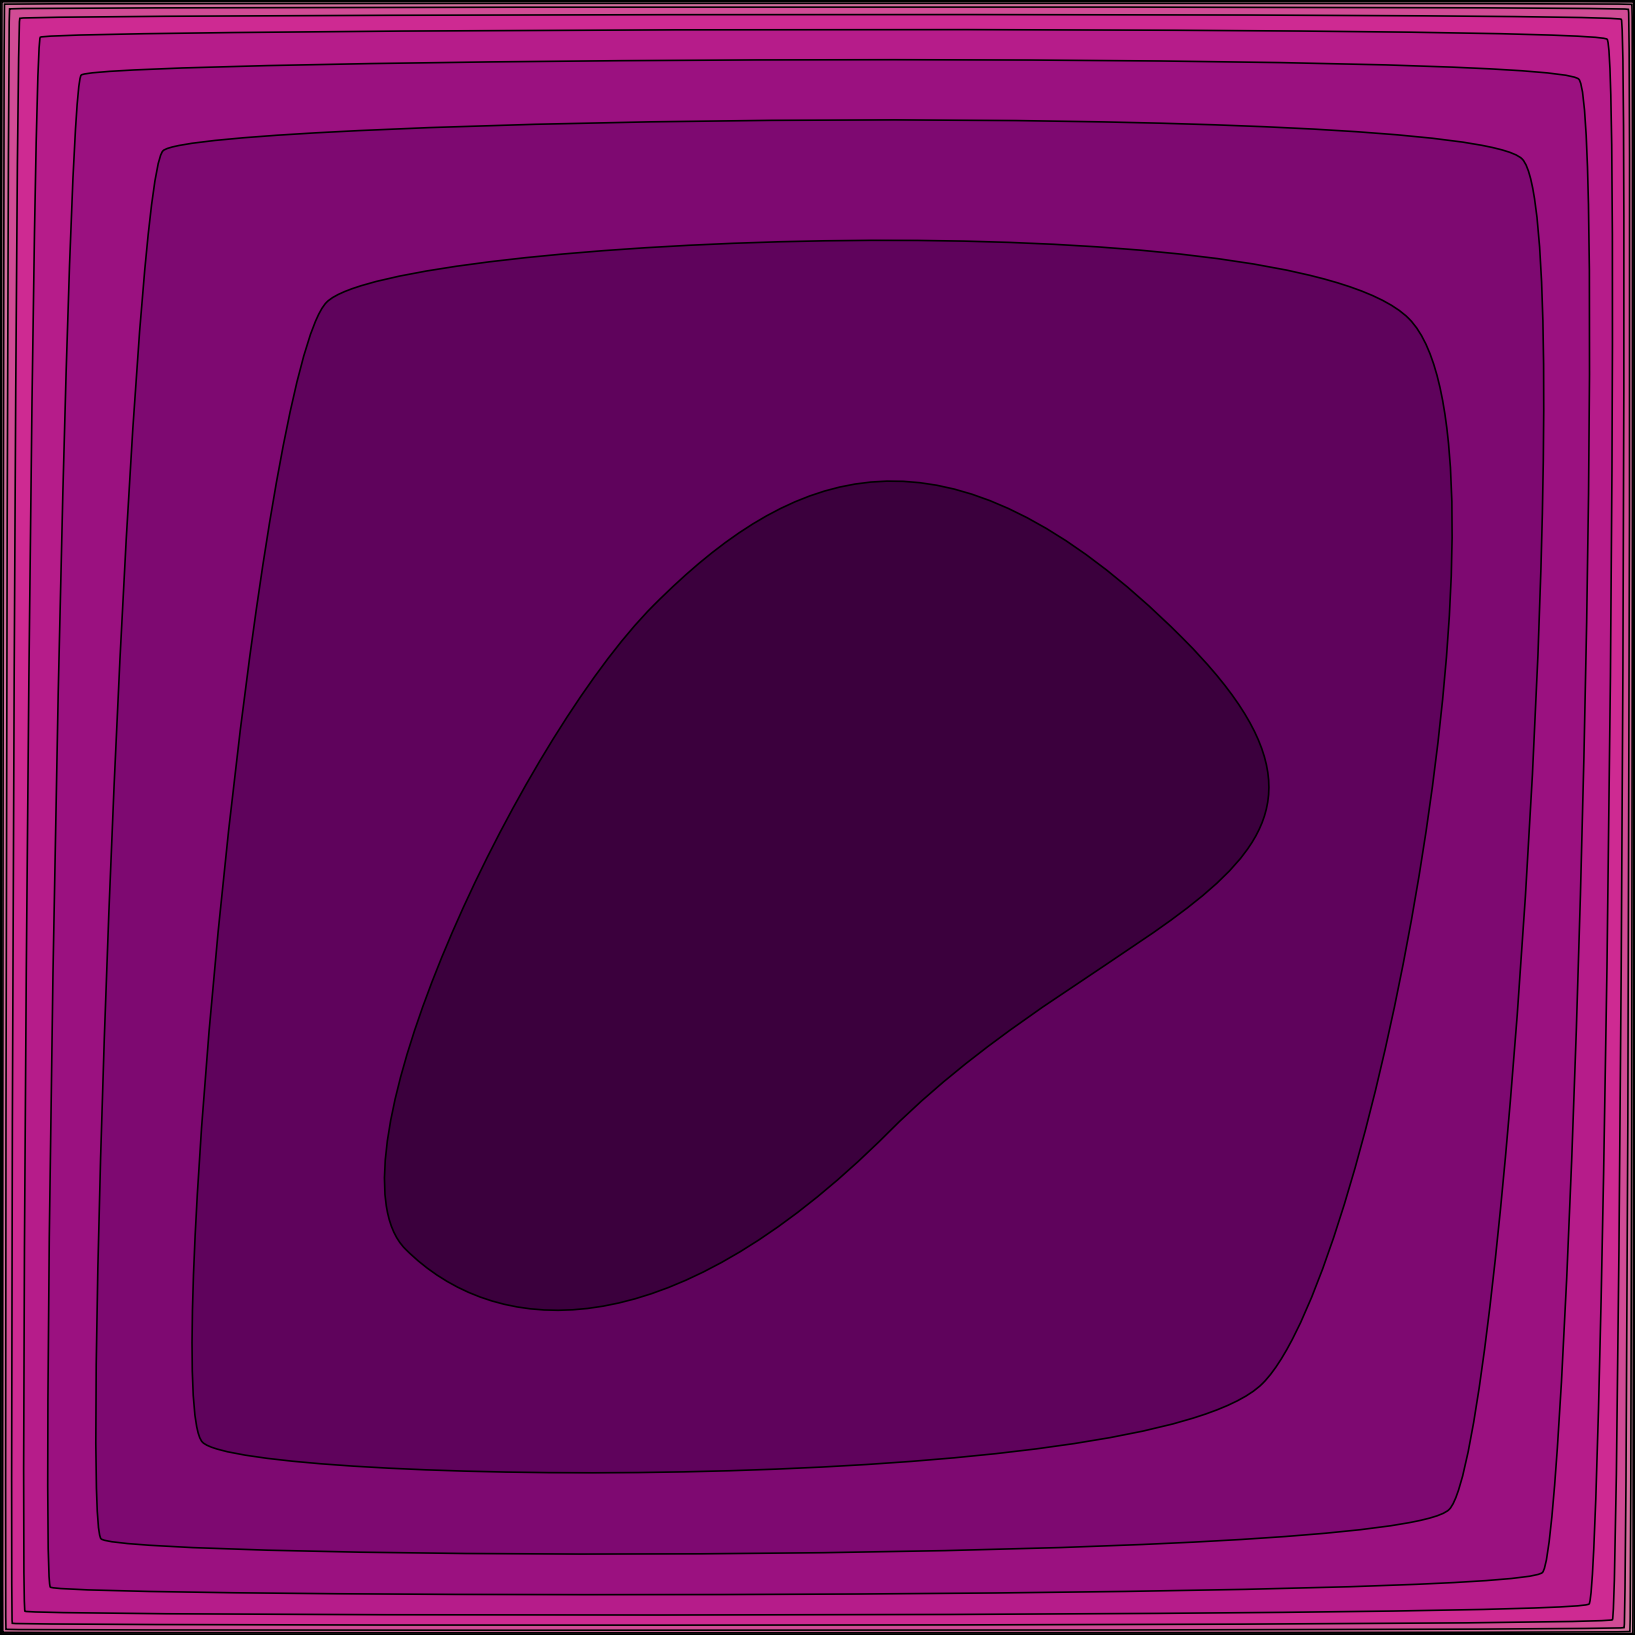

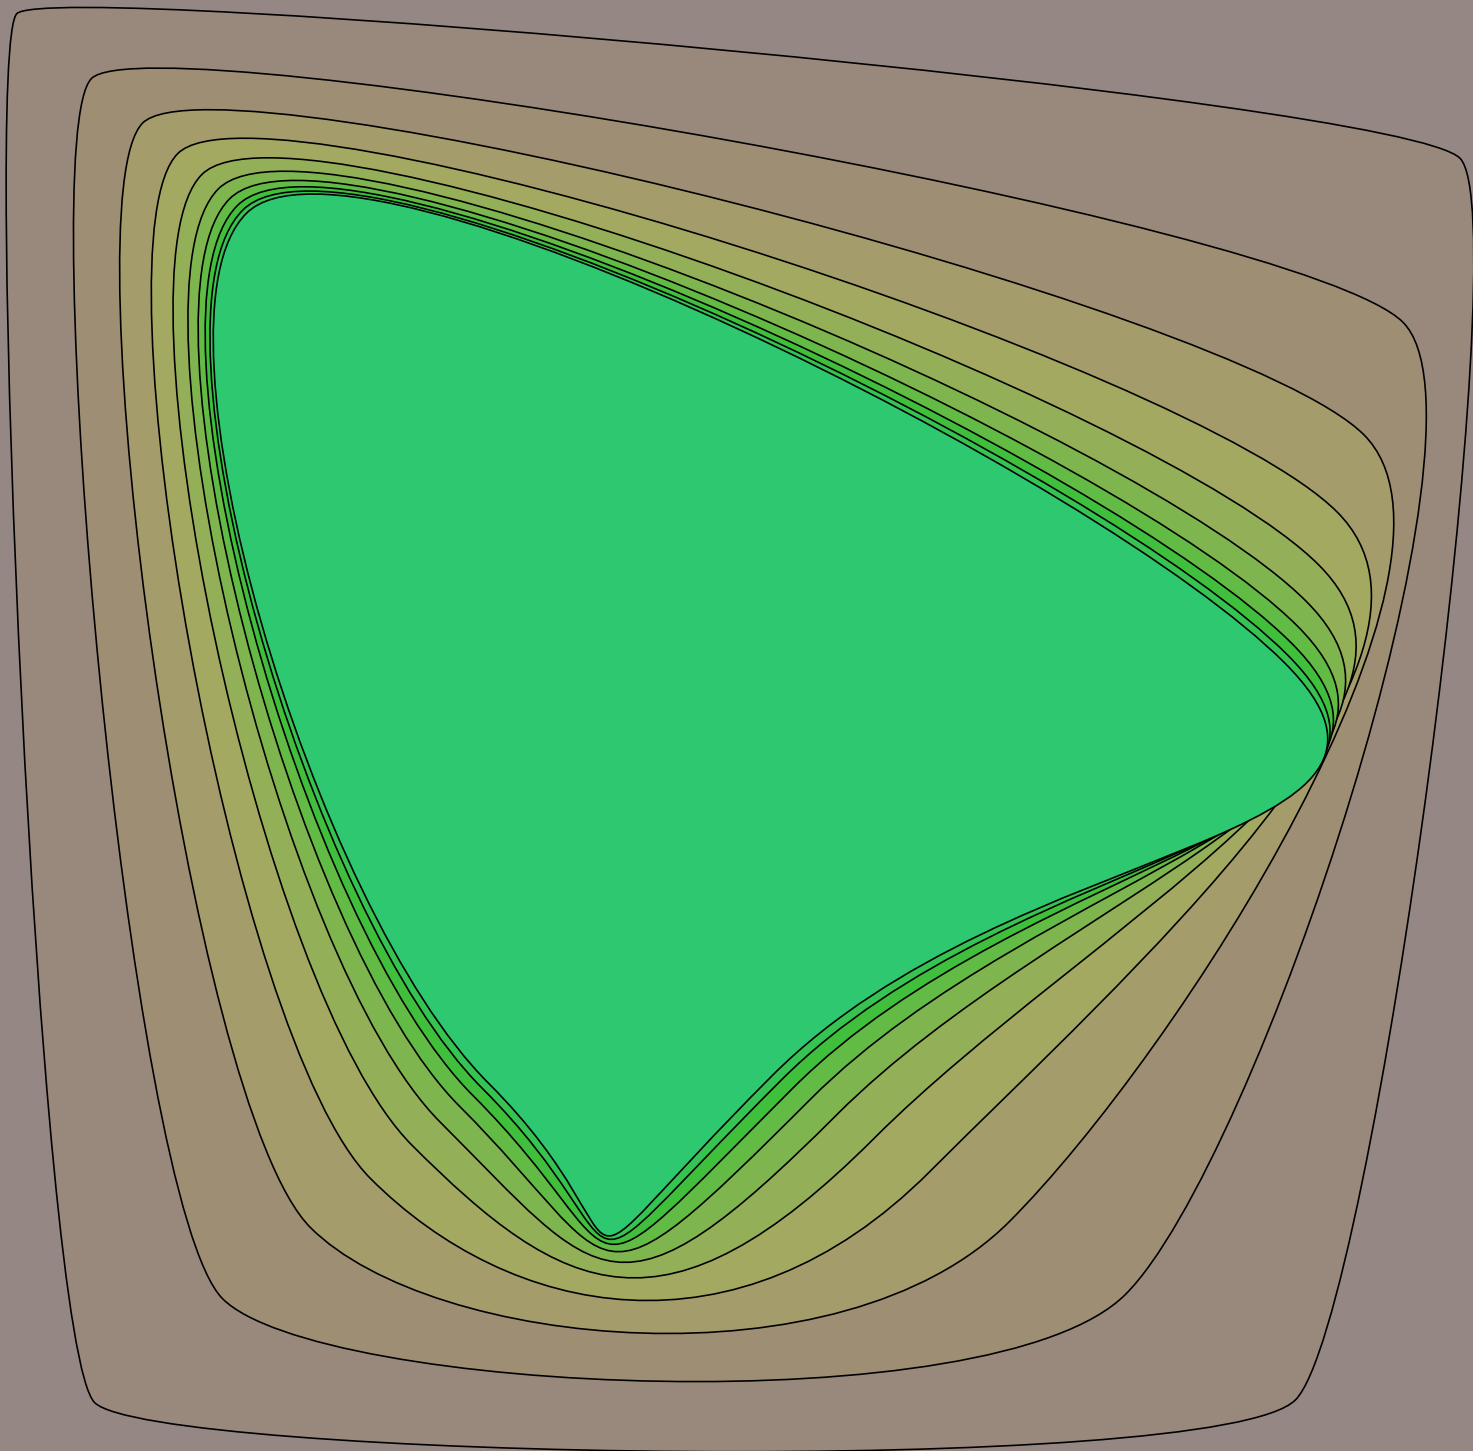

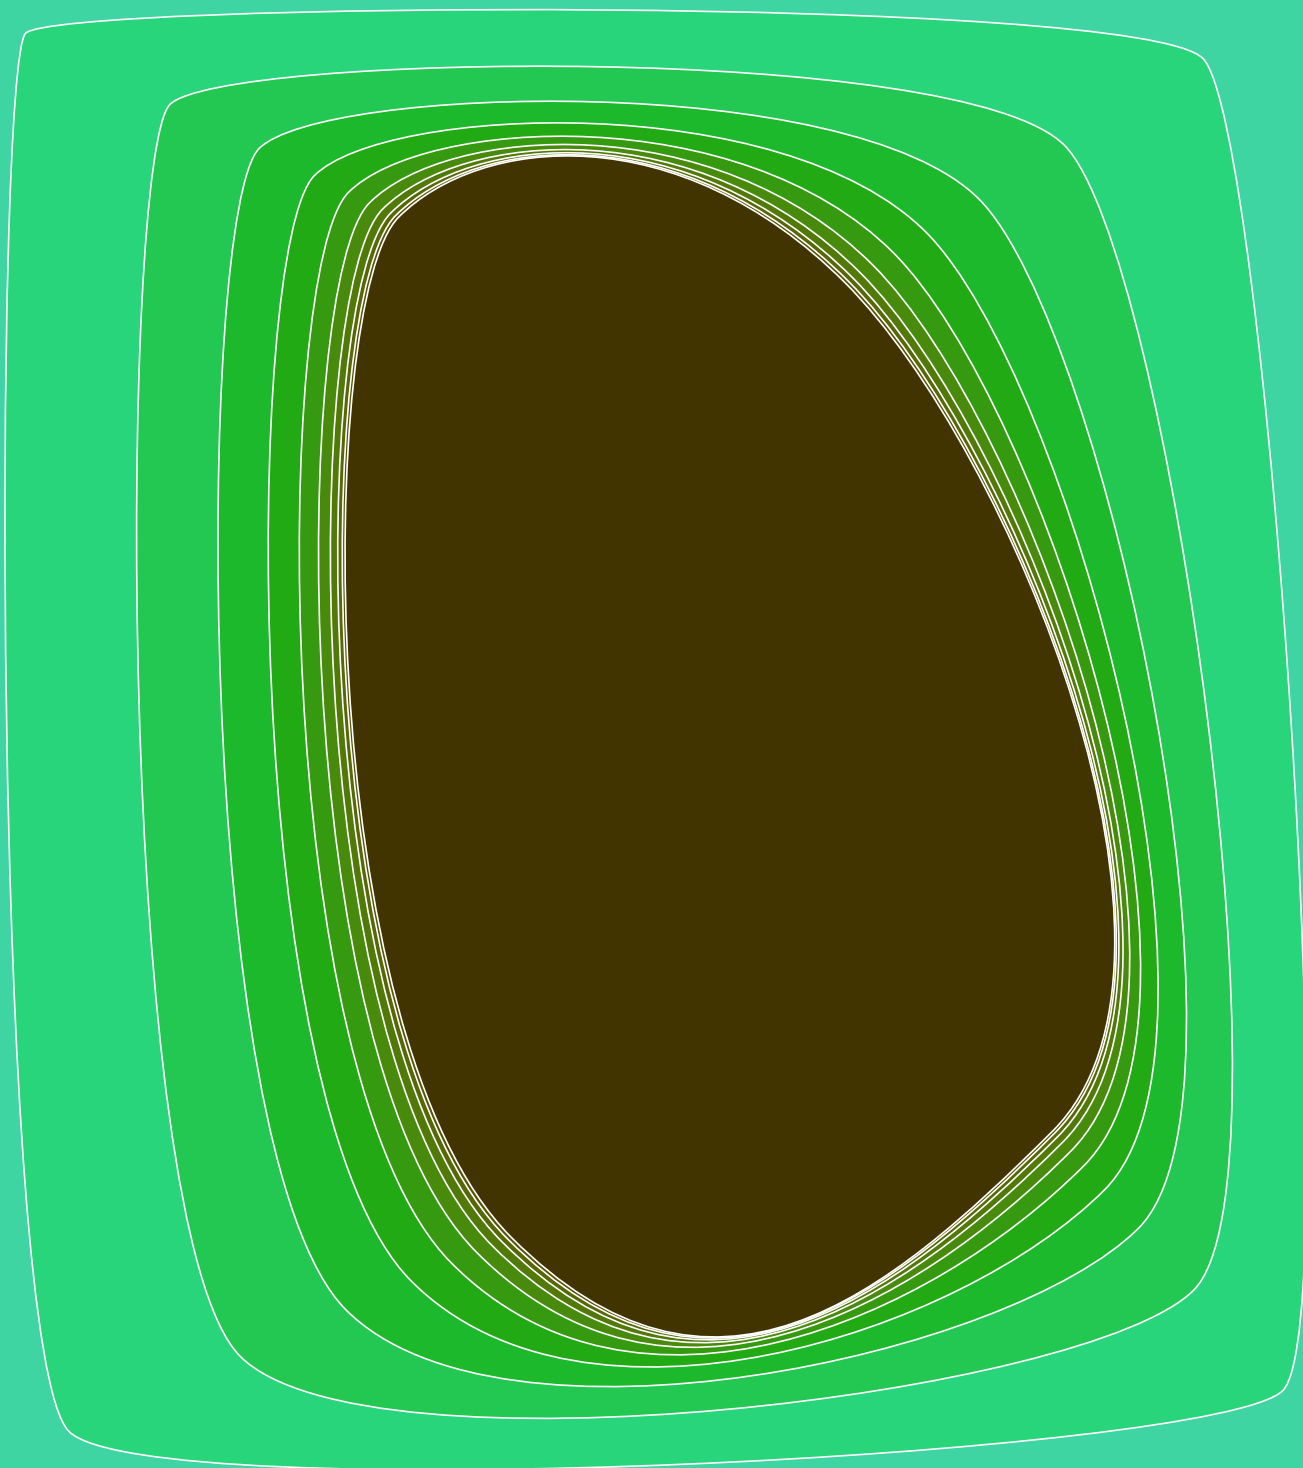

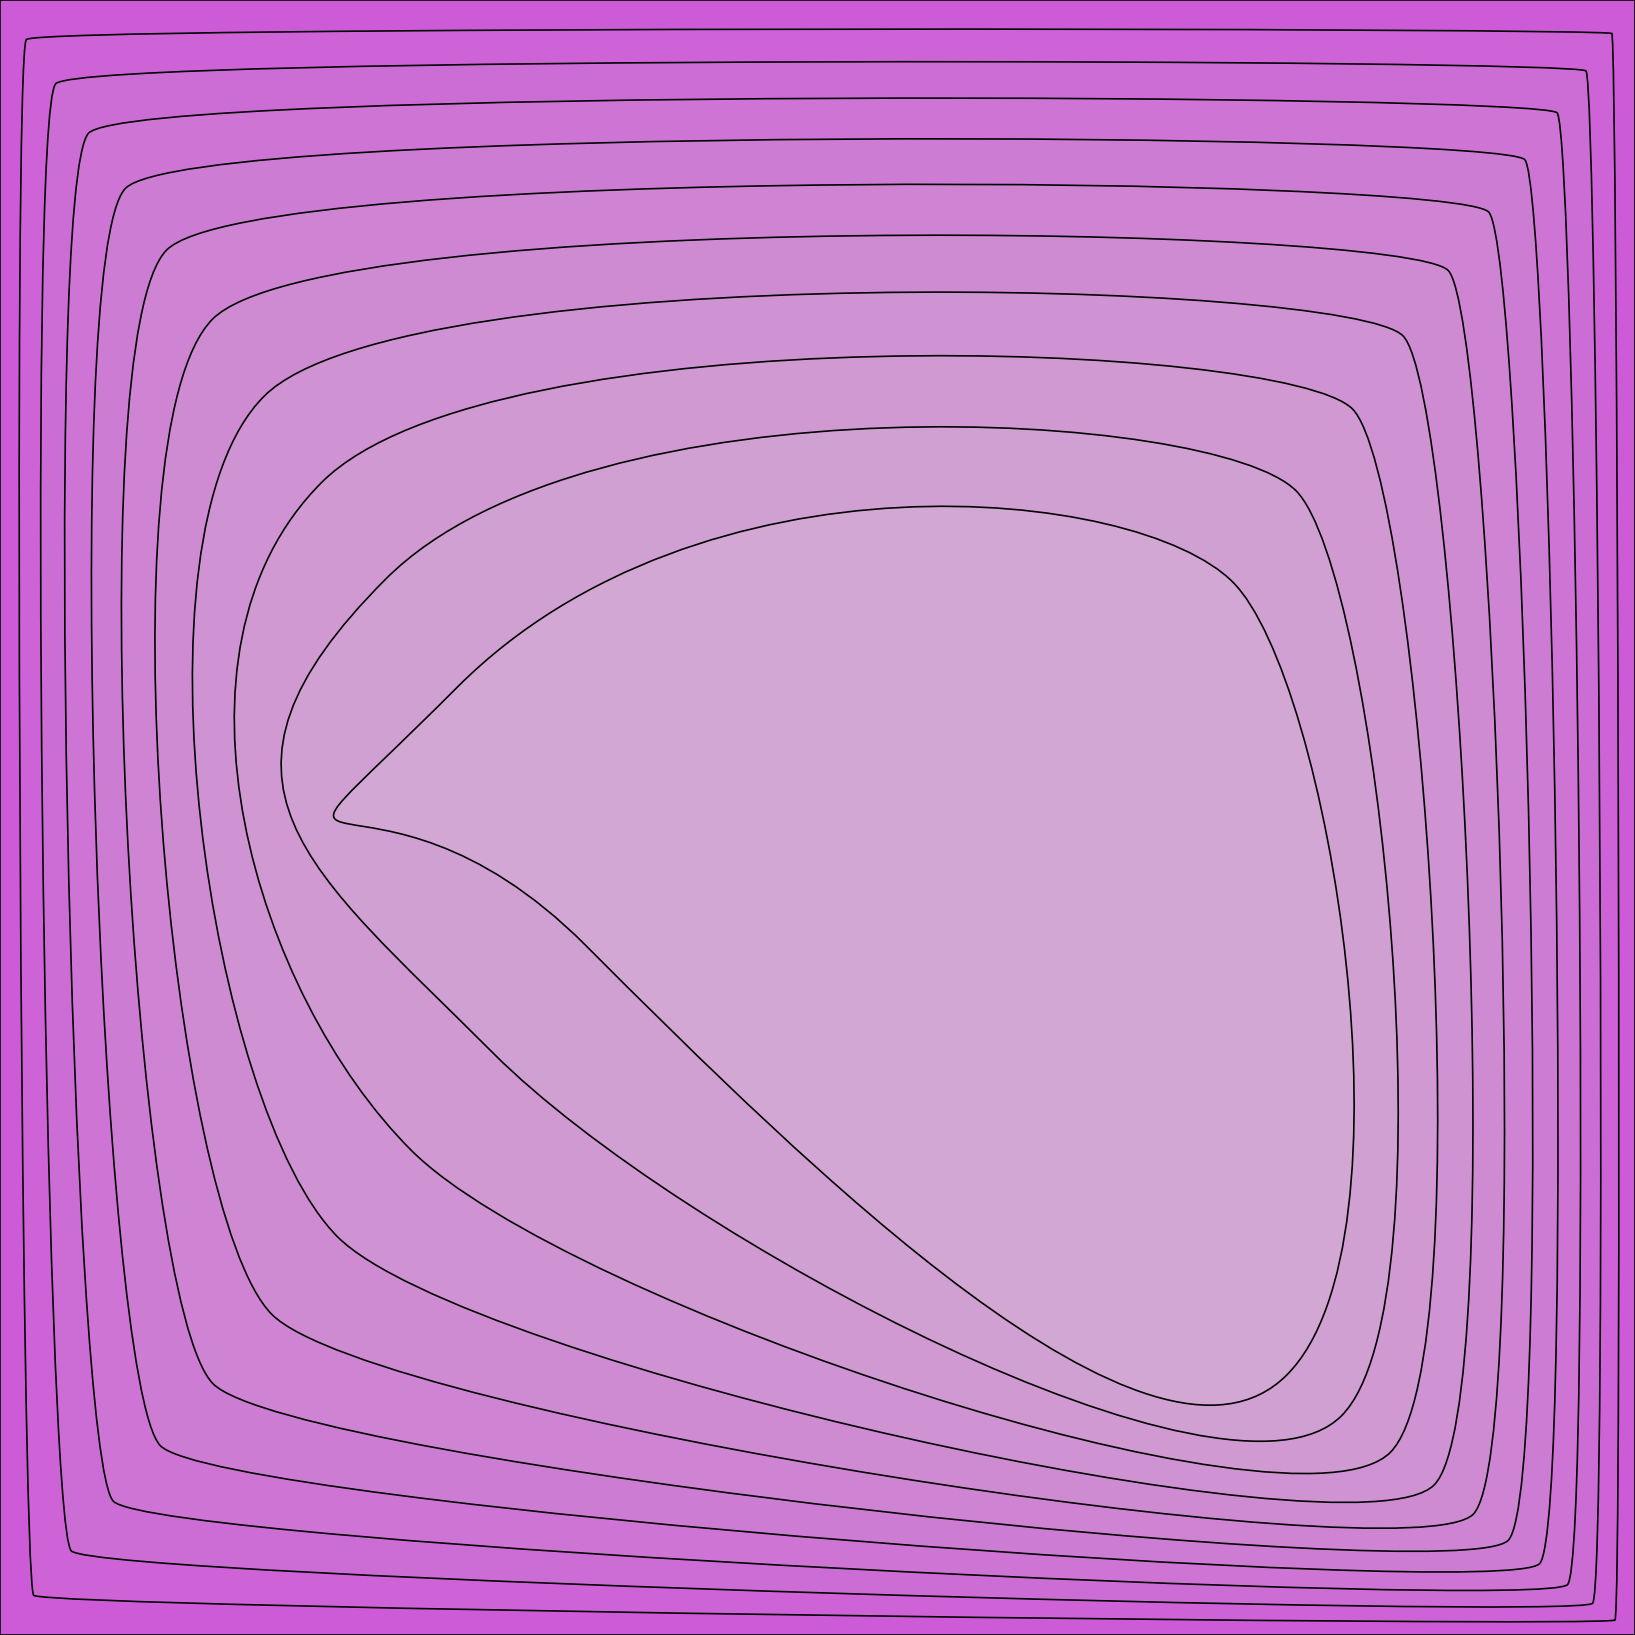

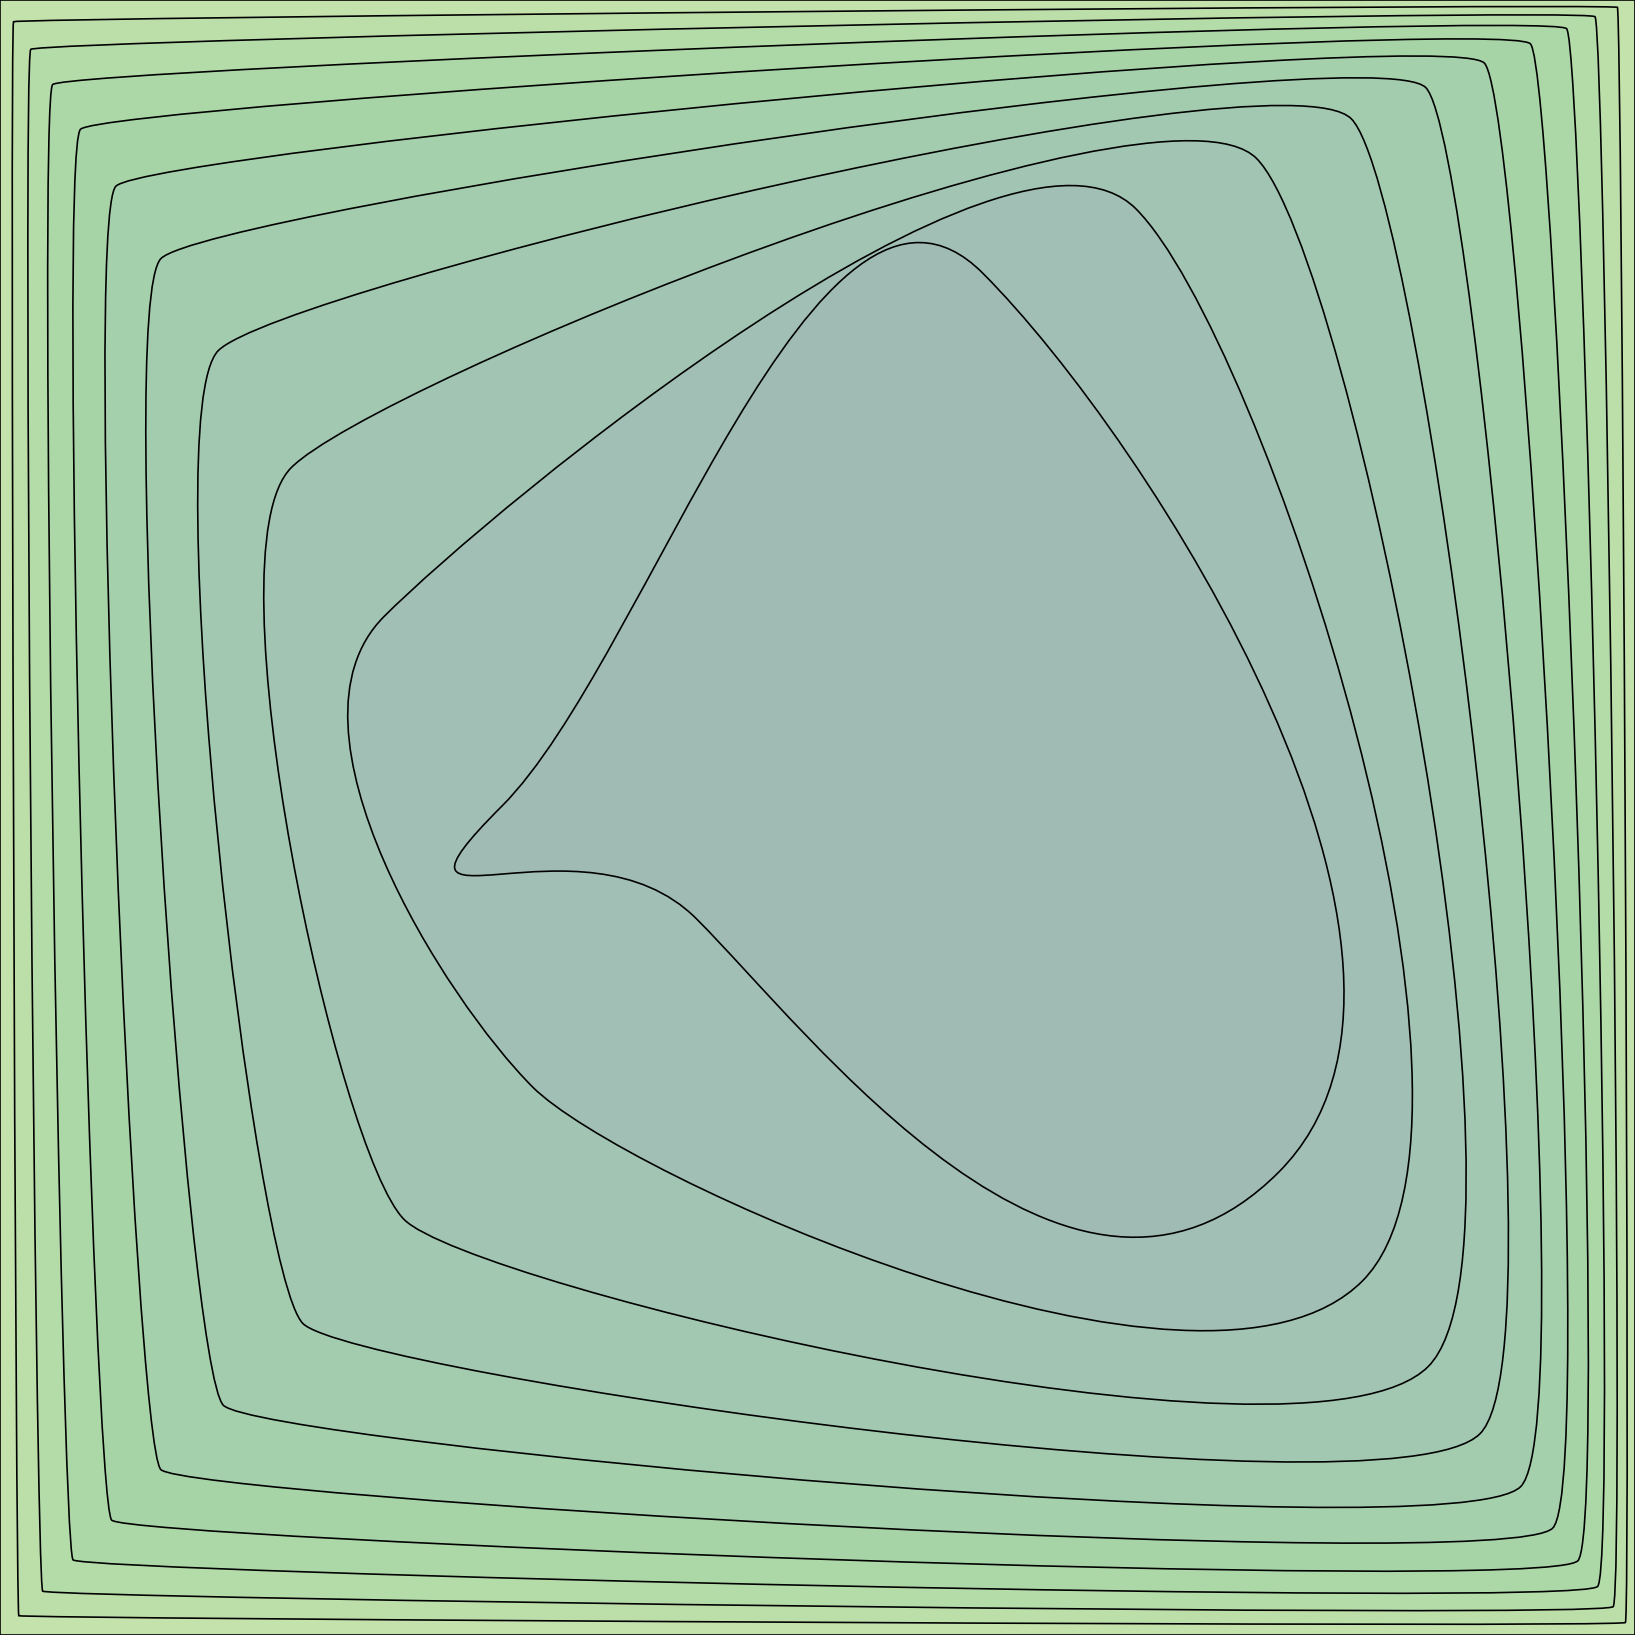

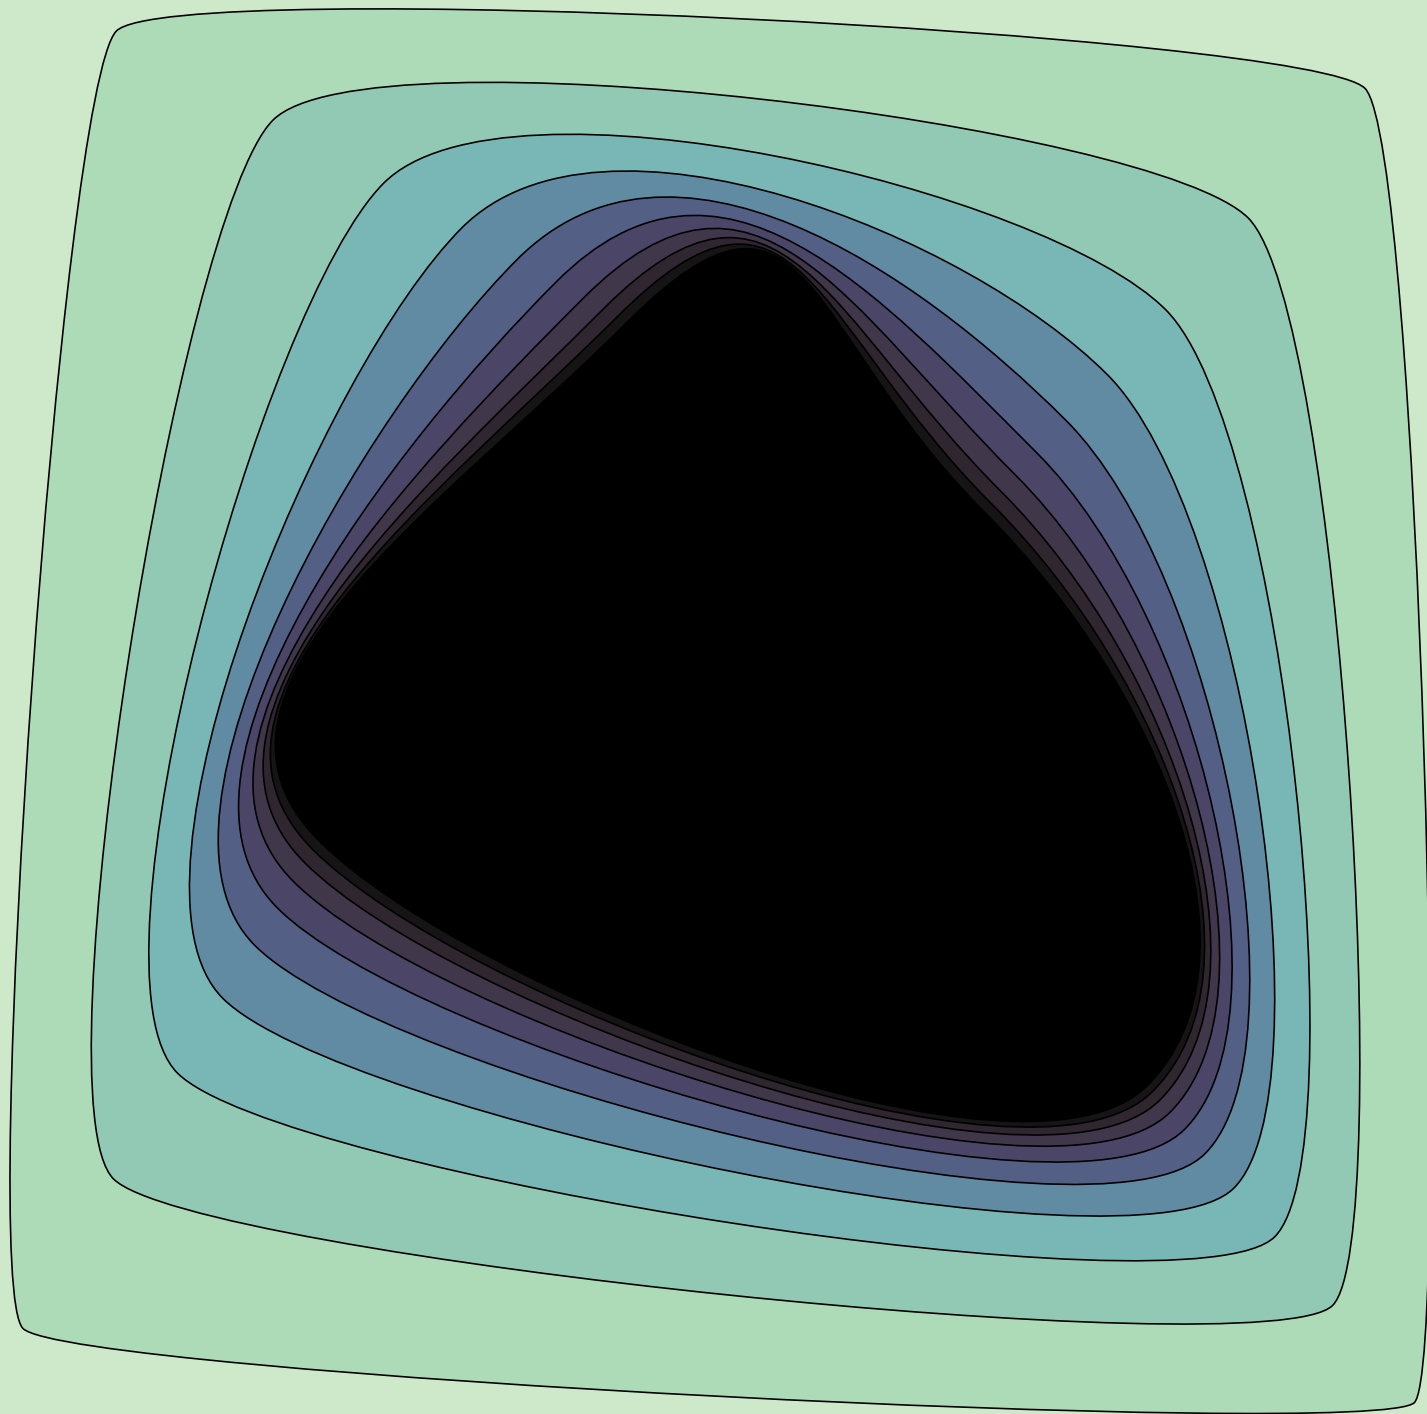

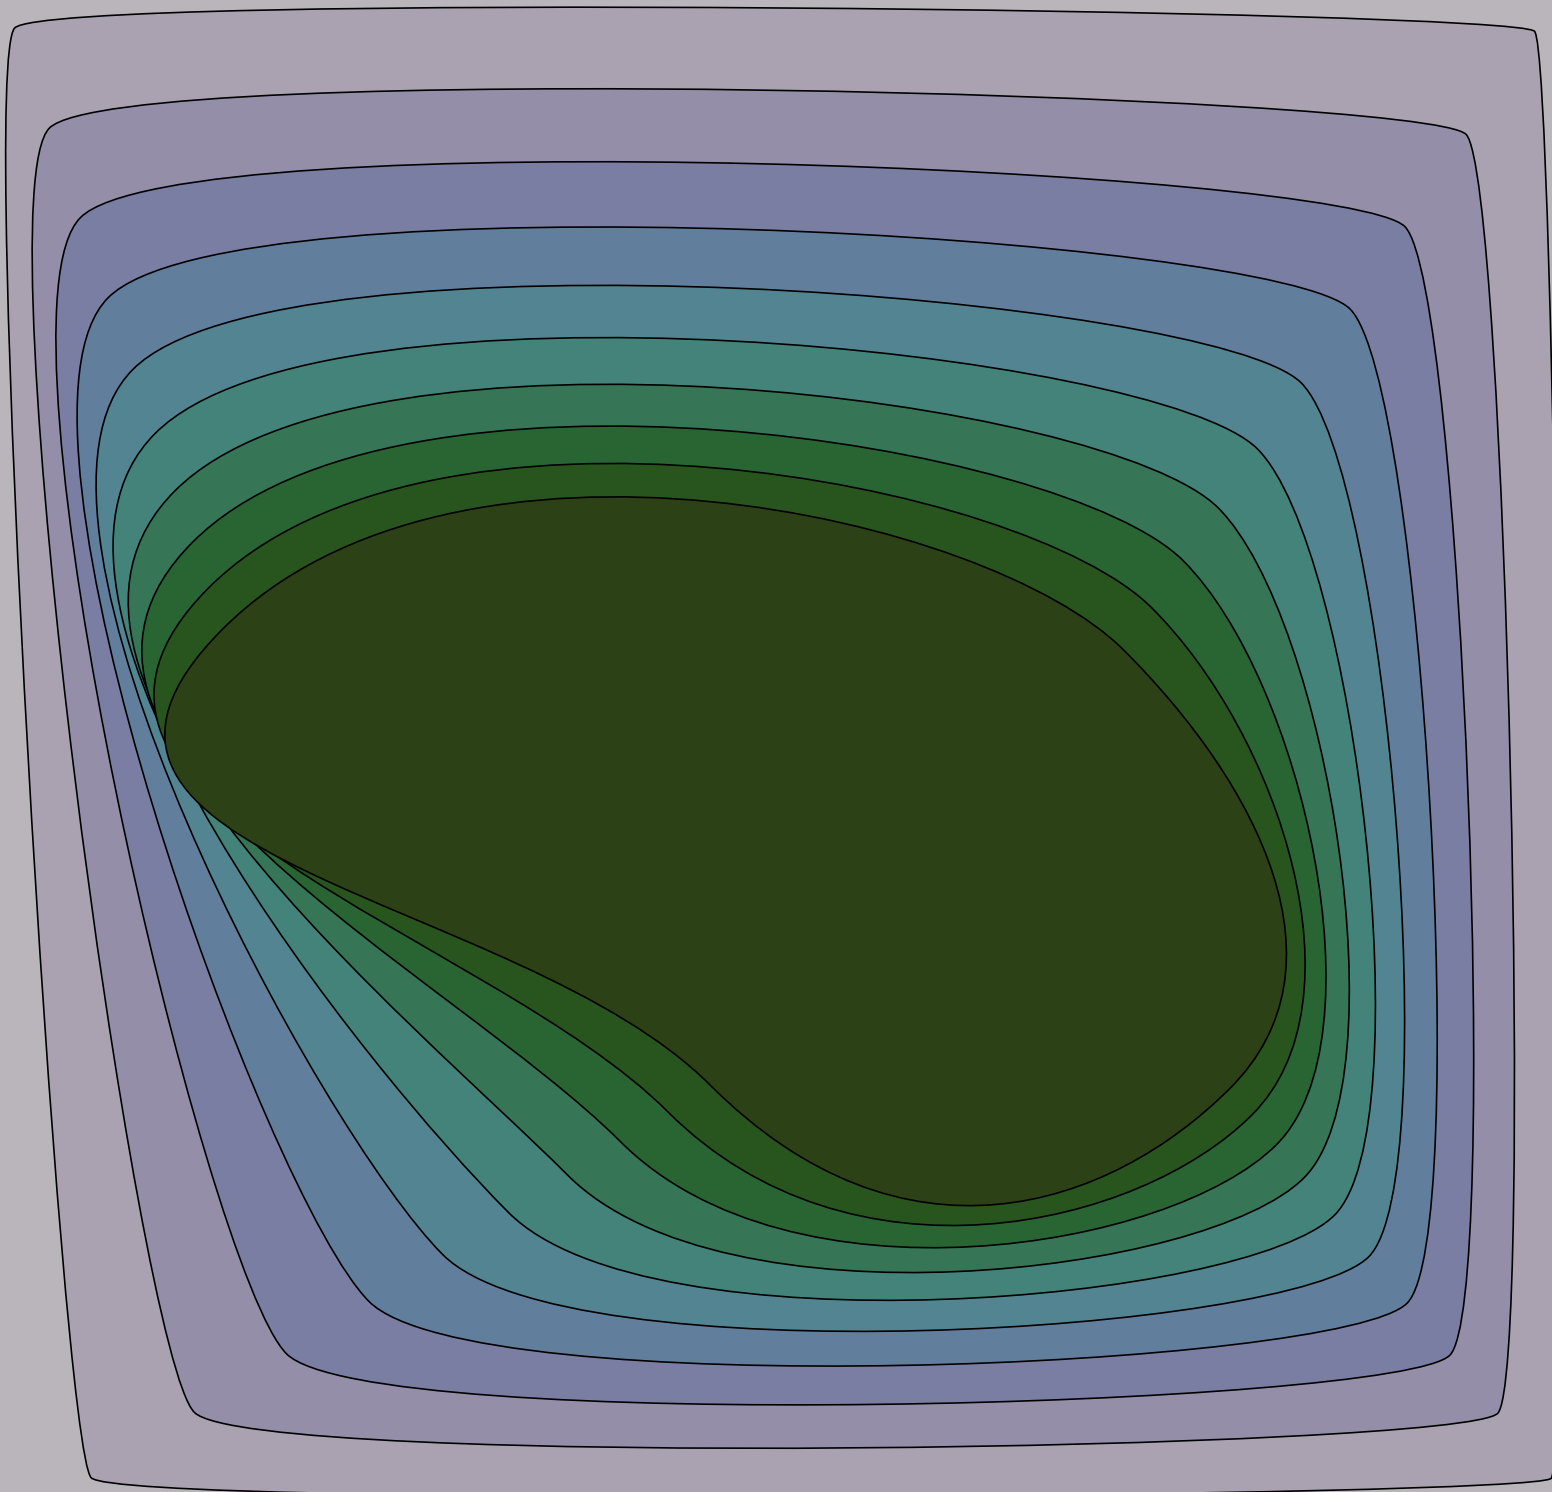

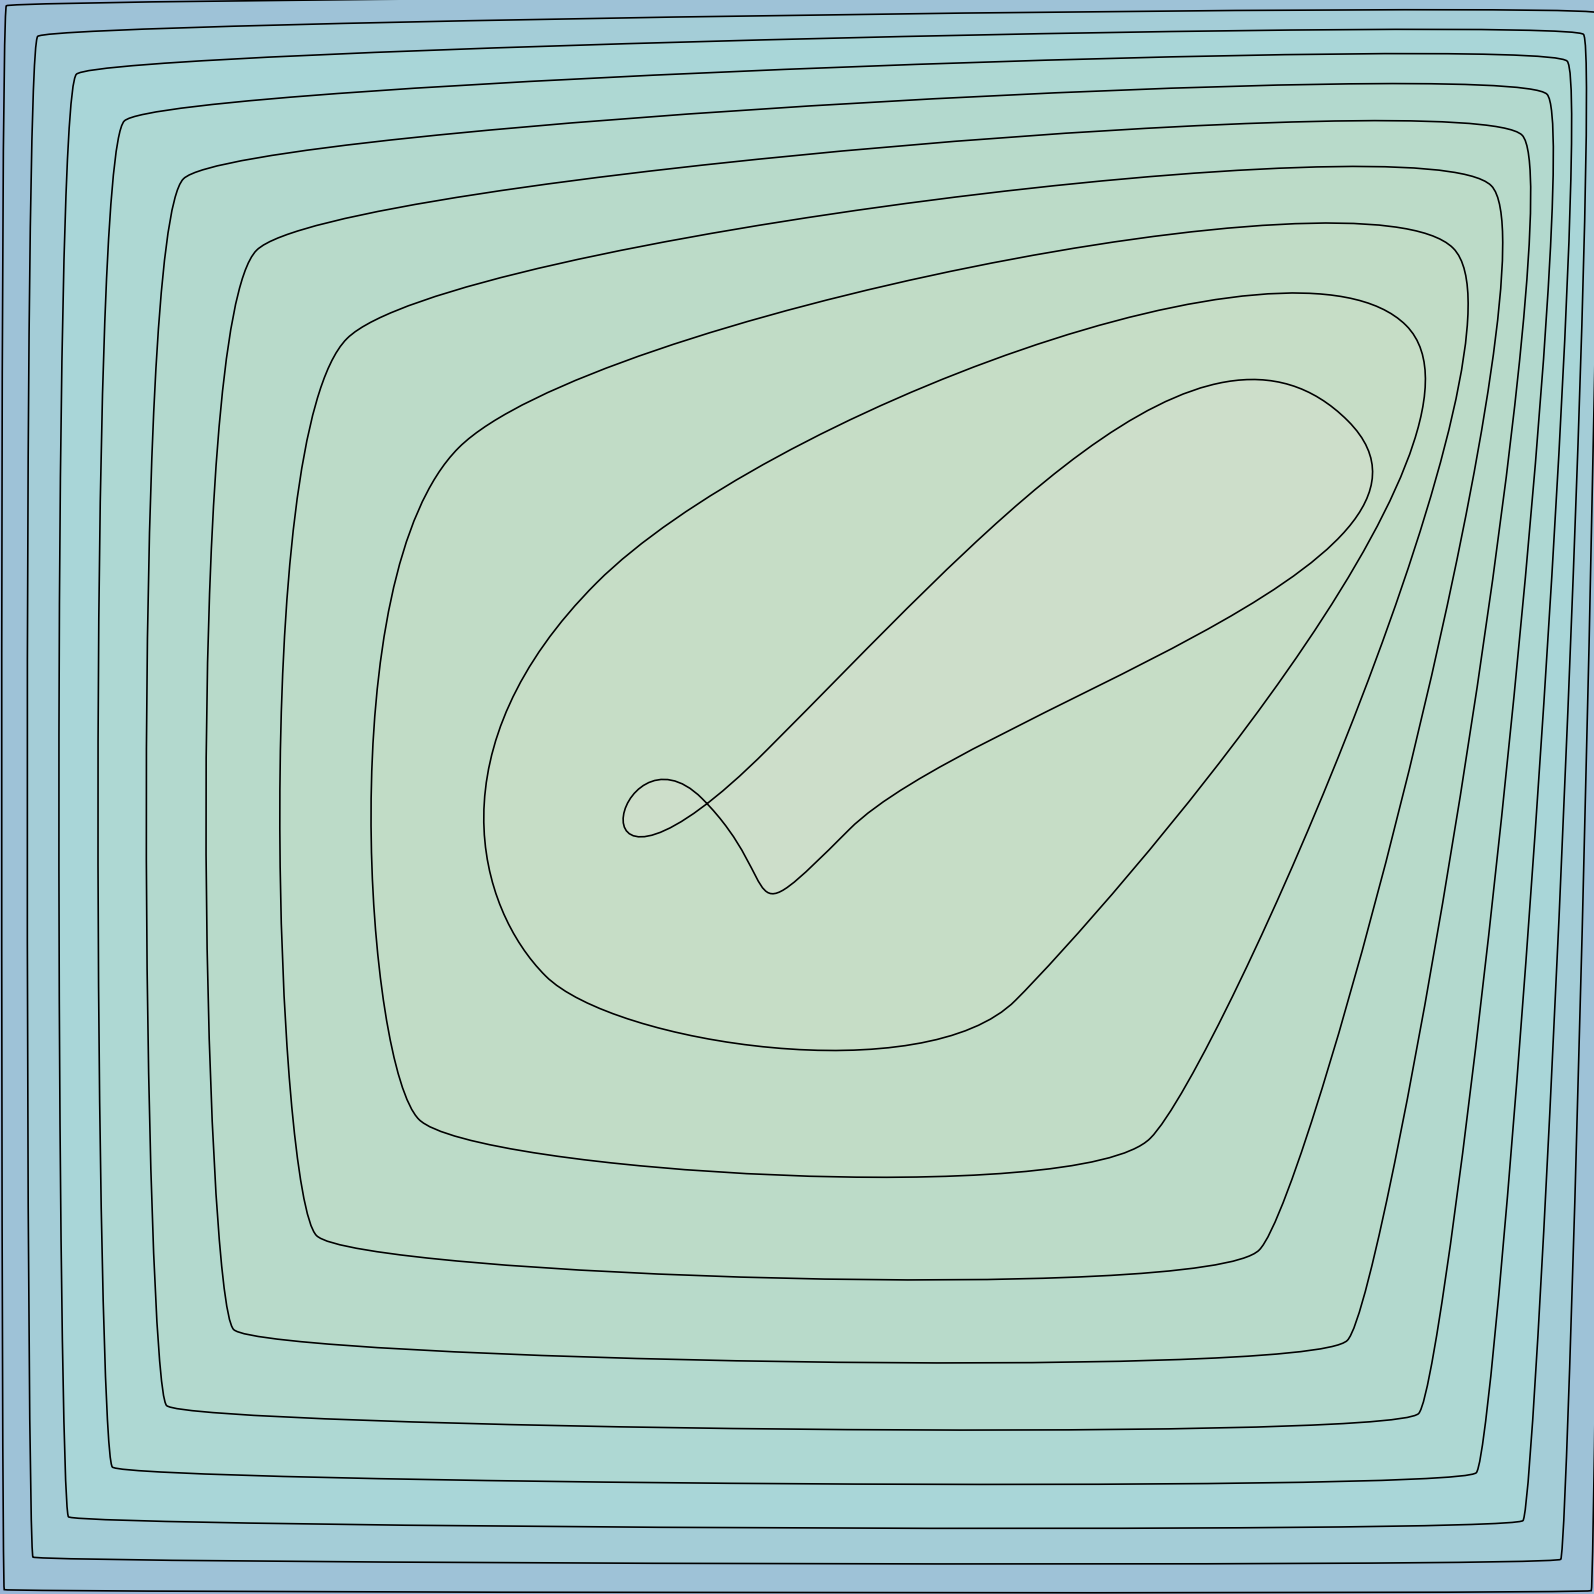

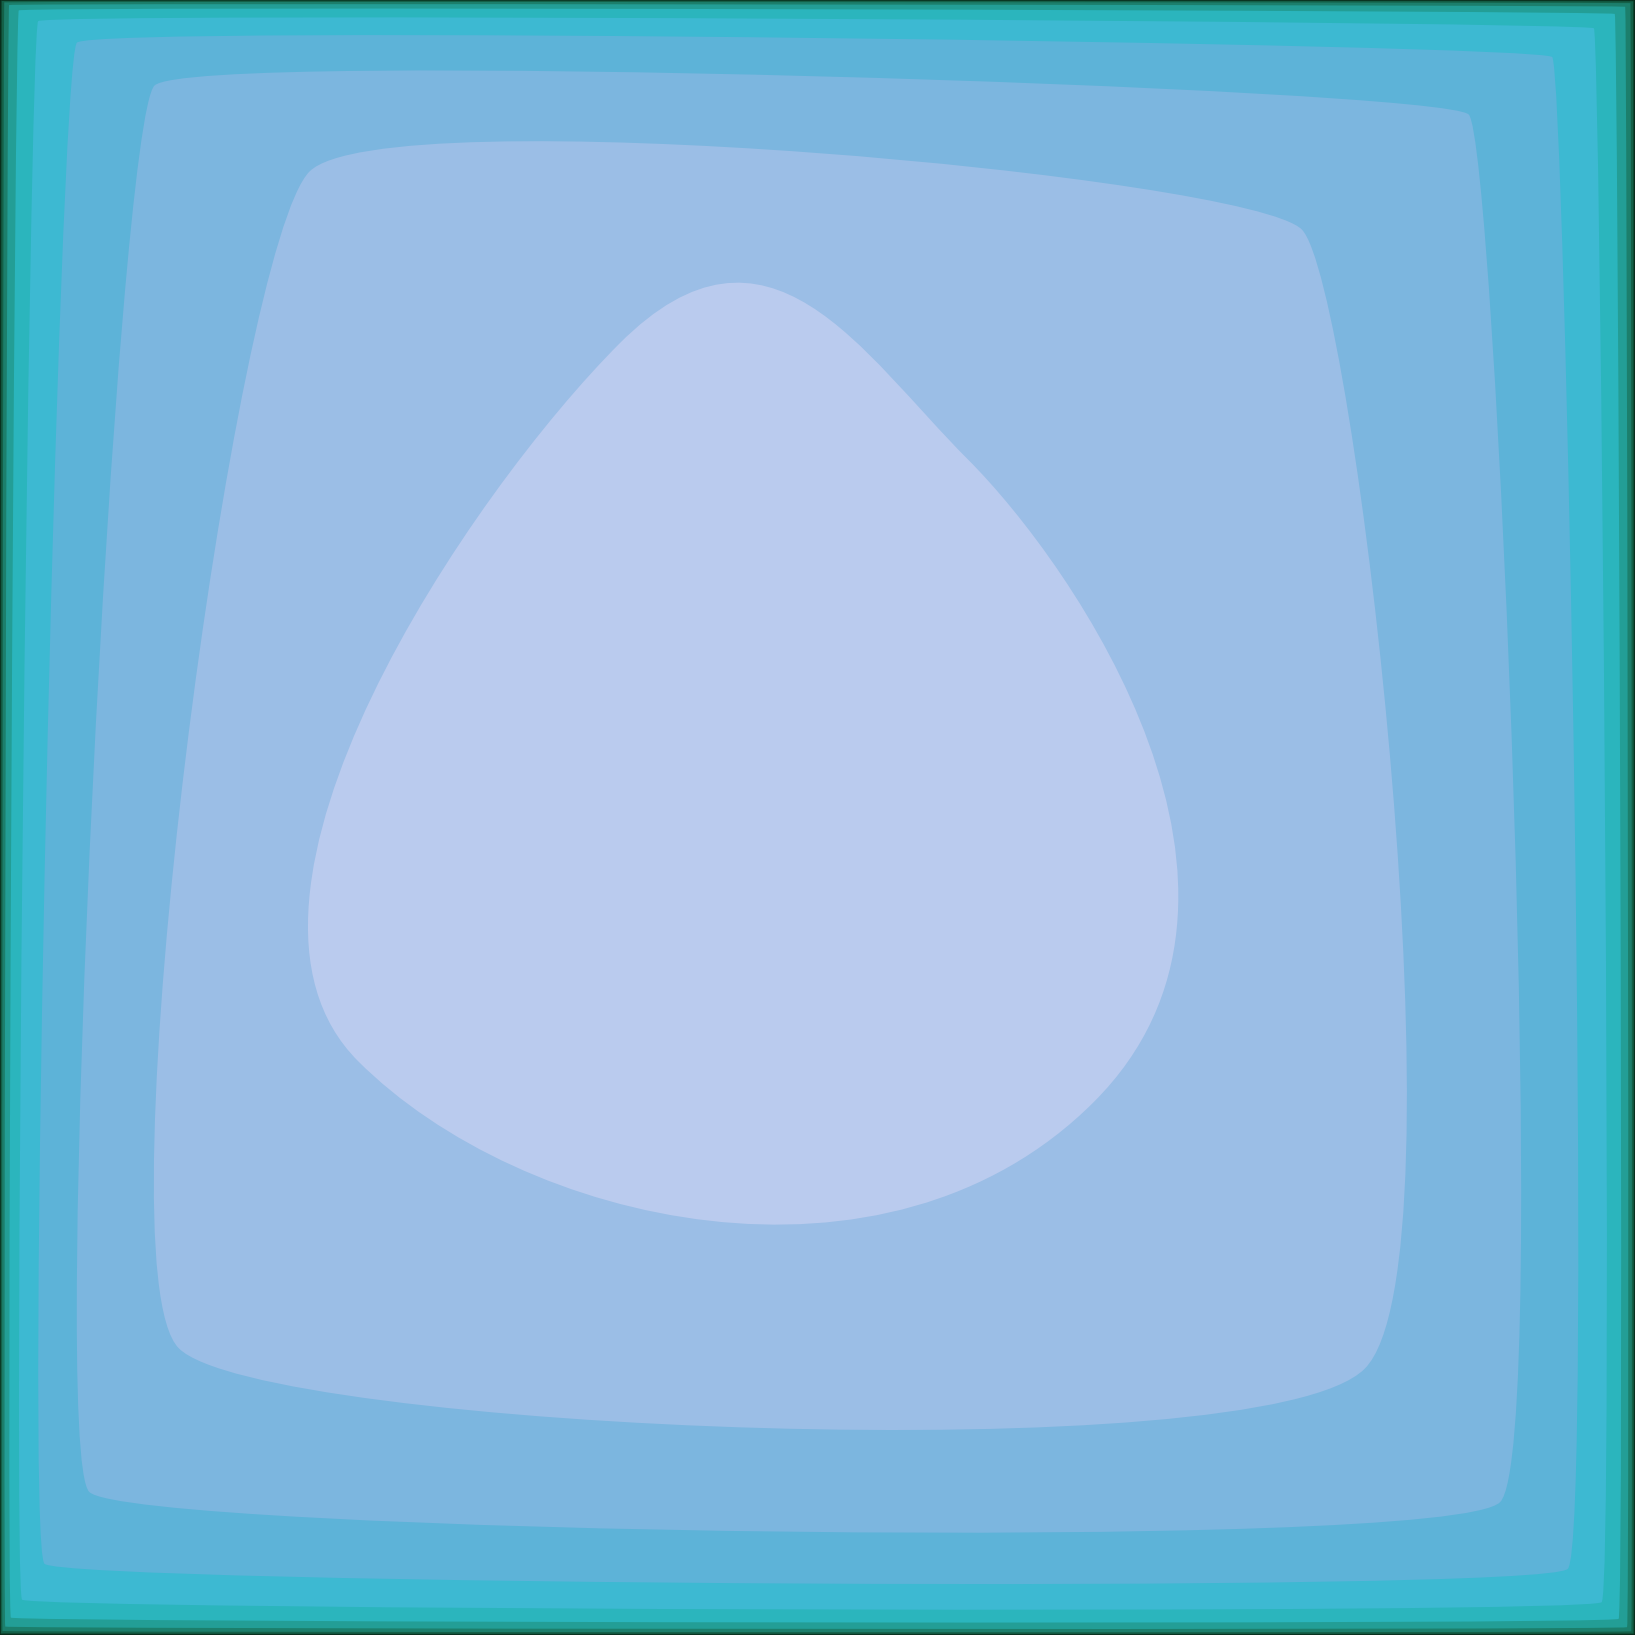

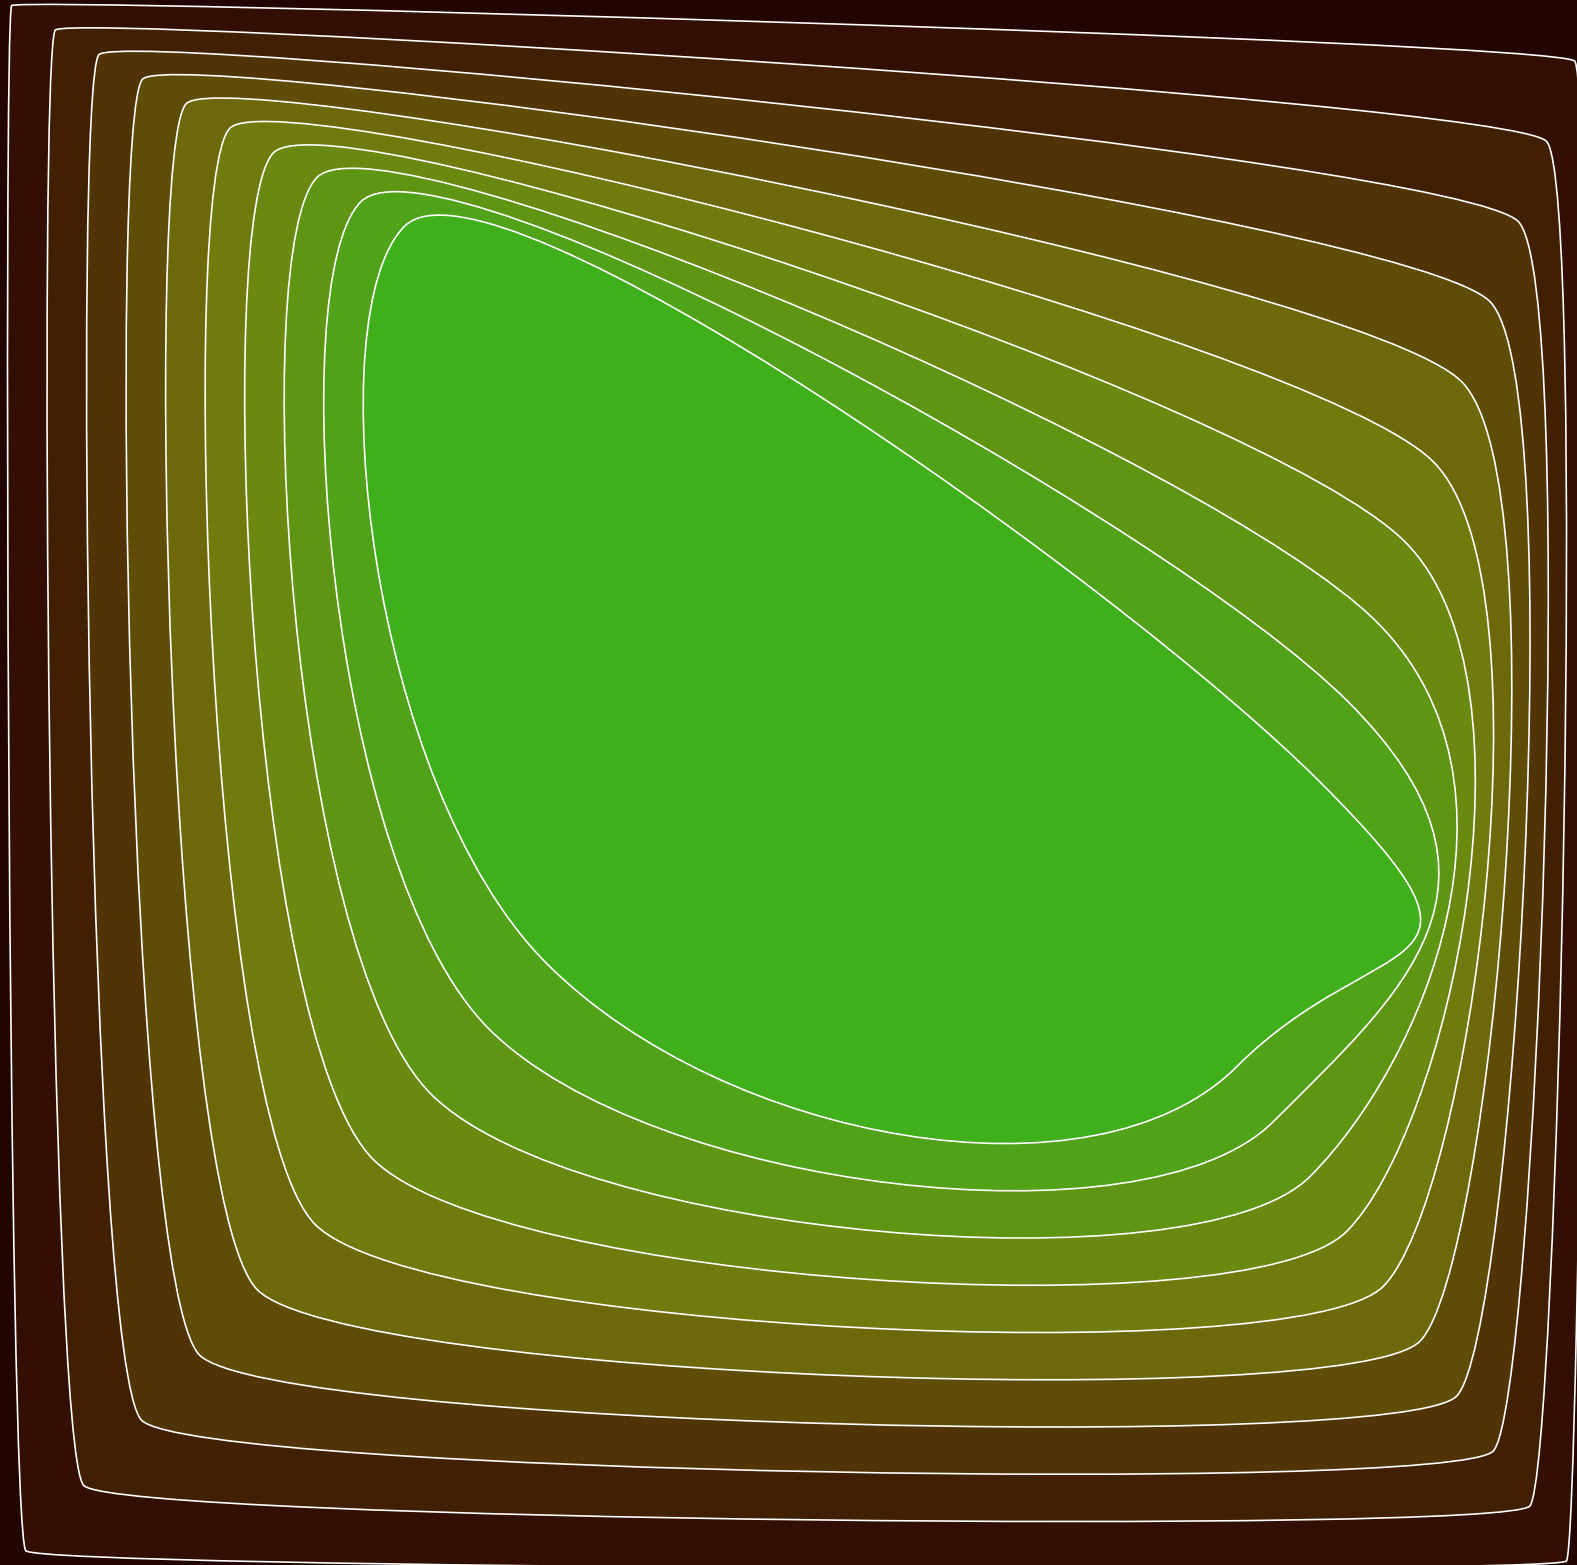

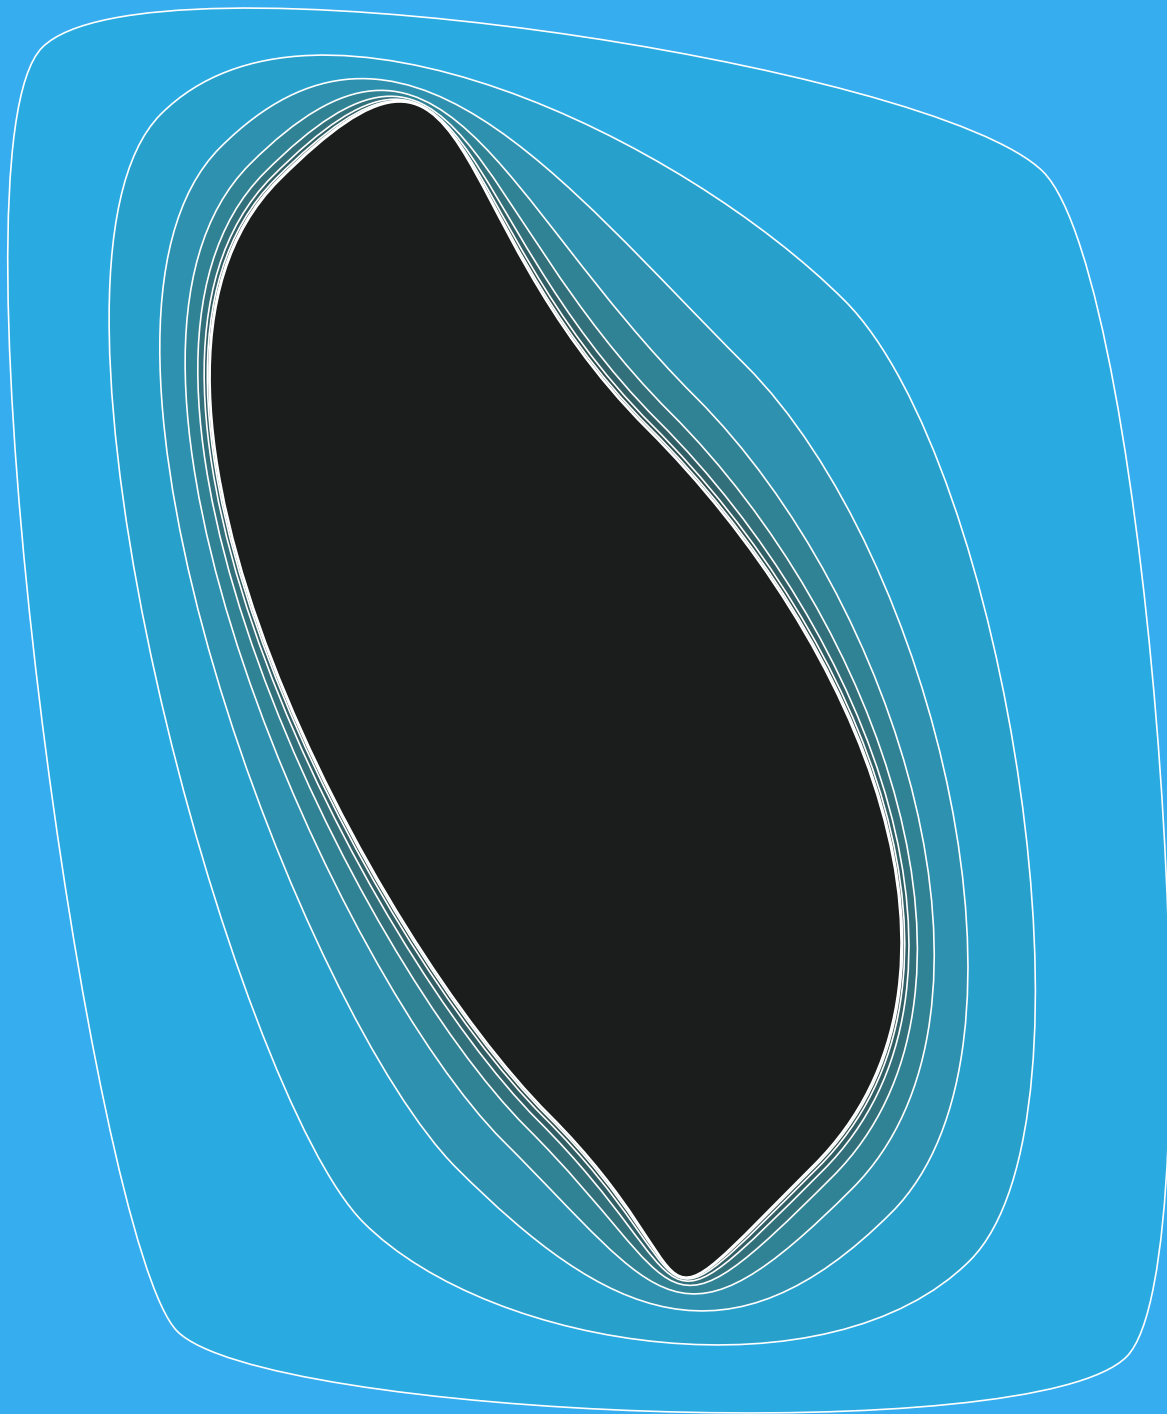

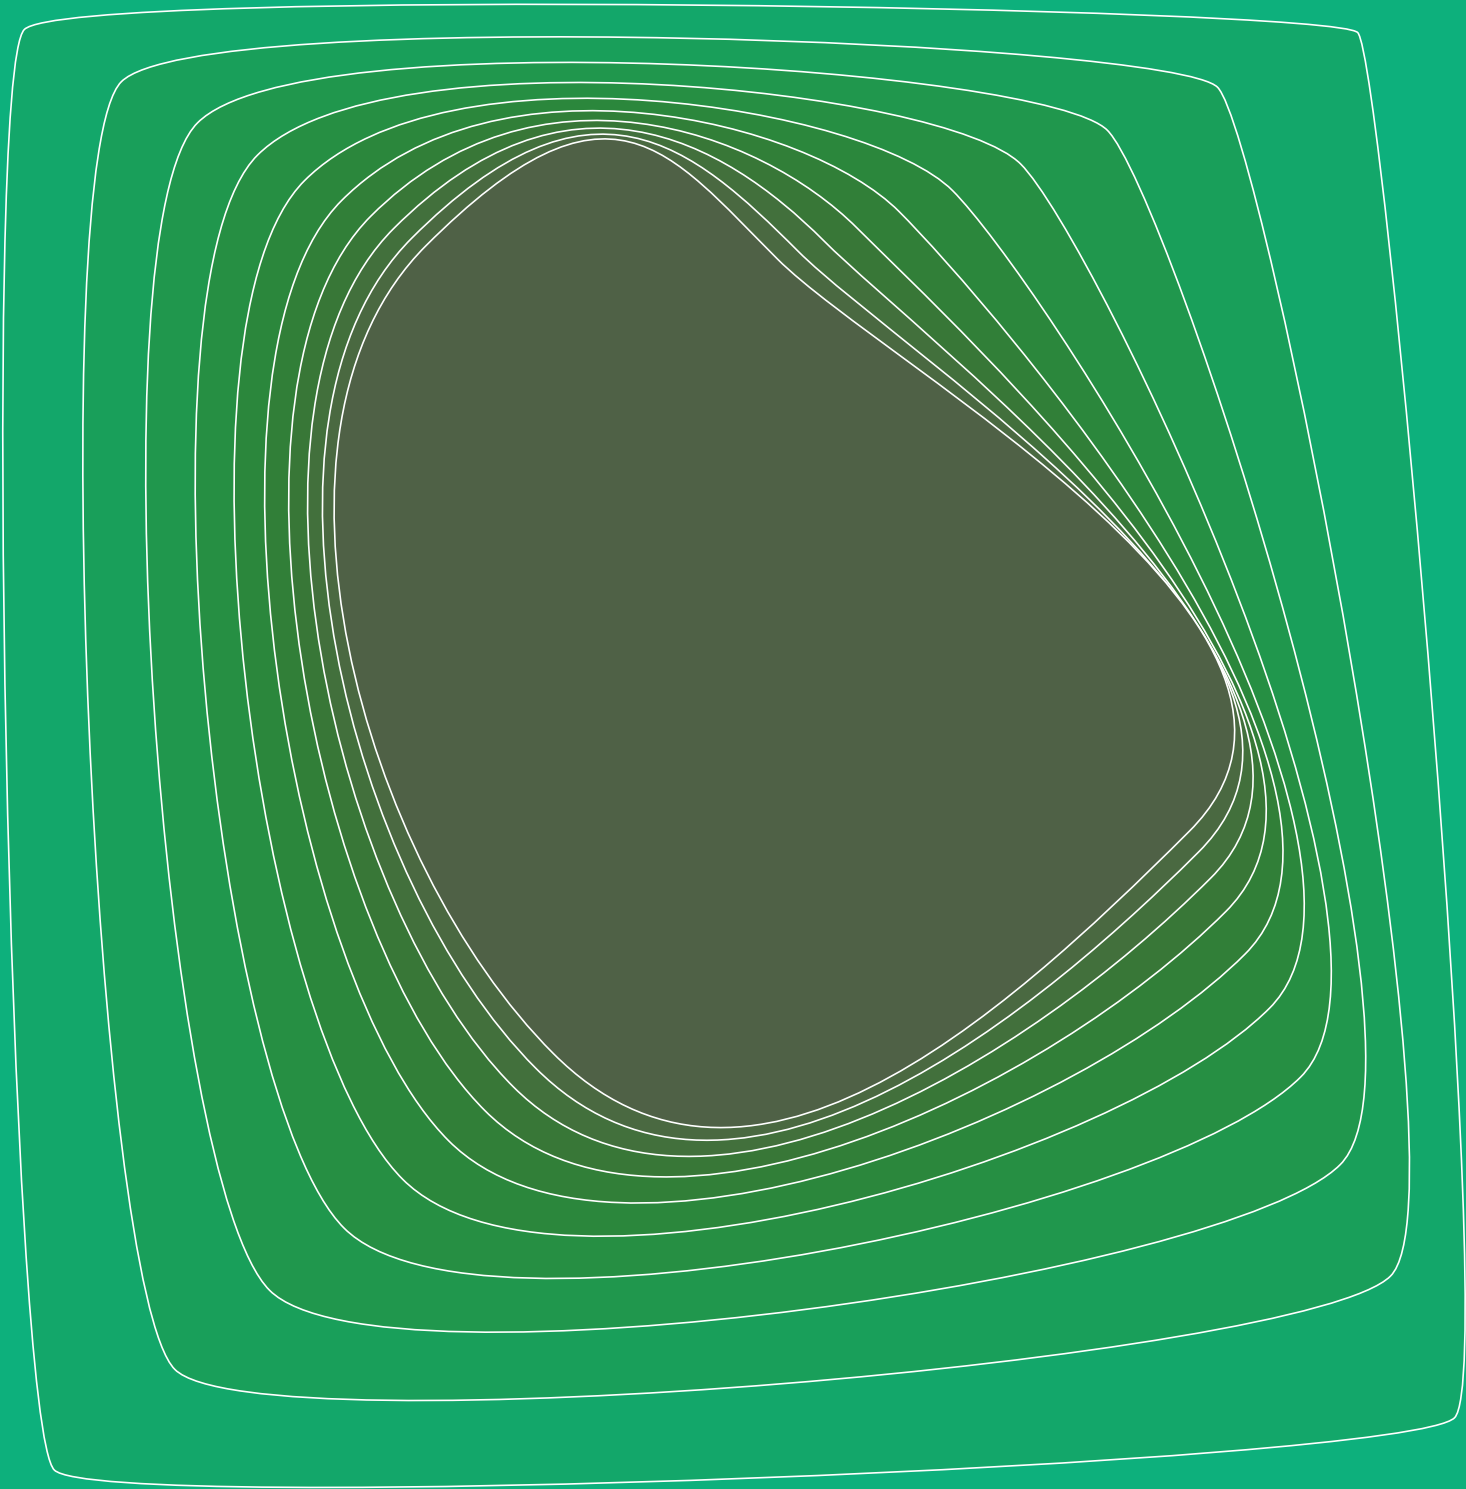

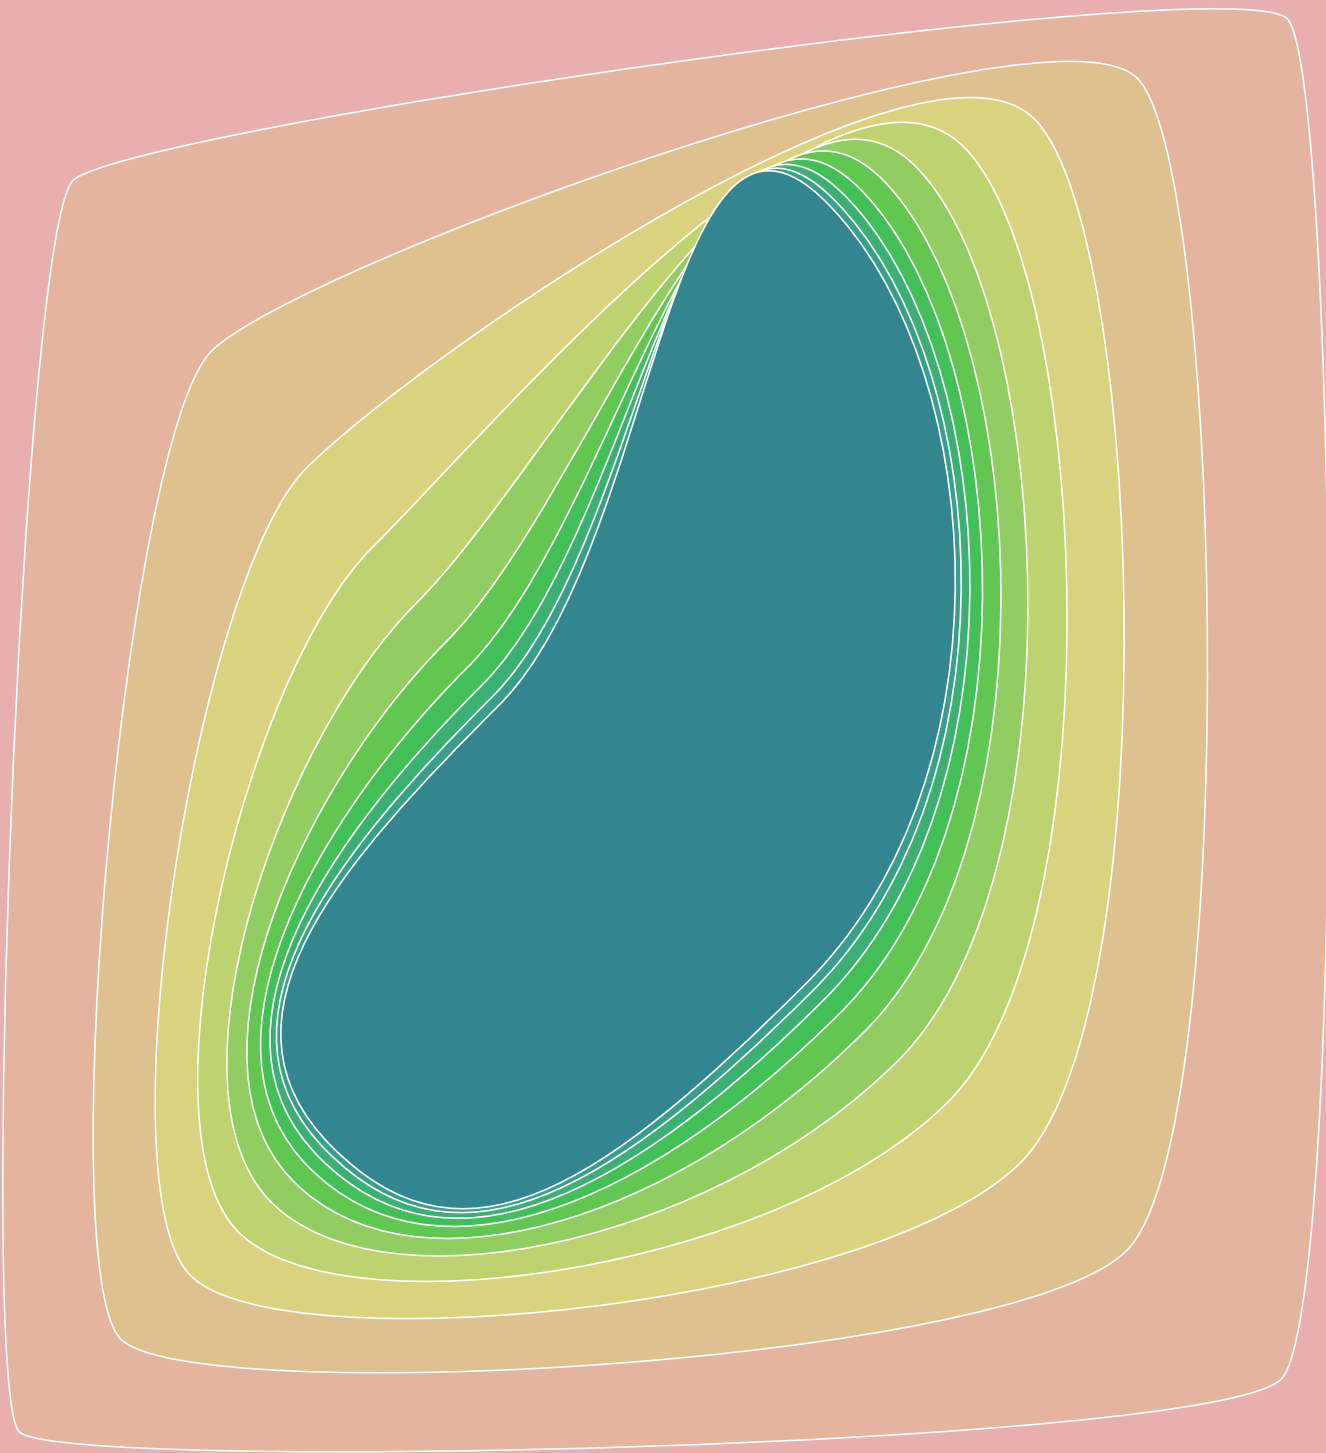

Every day my webserver generates a new book, filled with blobs of a random colour that turn into rectangles in ten steps. The blobs might have a border, and this border, if it exists, is either black or white. The ten steps follow a certain ratio. This ratio is one of the twelve so called excellent orthogons: The Quadrat, the Hemidiagon, the Trion, the Quadriagon, the Biauron, the Penton, the Diagon, the Bipenton, the Hemiolion, the Auron, the Hecton, and the Doppelquadrat.

Created for Vasilis van Gemert — and you — by his webserver.
